EDITOR HERALD:—

We attended the commencement exercises on Tuesday, June 11th, of the Oregon Institute for the Blind at Salem. It was a red letter day in the history of that school, inasmuch as there were three graduates, the first in the history of that school. The three graduates were Miss Sadie Bristow, Miss Hattie Carothers, and Willie Hogan, the exercises were carried out with commendable credit to the class and school. Salem responded with a hearty appreciation by about 400 of her best citizens, who deluged the stage with bouquets, and congratulated the three graduates. Governor Lord being absent, private Secretary Duniway handed the diplomas to the students with a well chosen speech. The class address by Superintendent Irwin, was a fitting testimony of the confidence reposed in him. The closing address of Superintendent Bolinger to the class moved the hearts of the entire audience. This was followed by a short talk by Mr. Carter, the new superintendent, who succeeds Mr. Bolinger as superintendent. In all it was one of the best graduating exercises I have been permitted to hear. It will compare favorably with that of any Oregon college. After the exercises we returned home accompanied by Mrs. Elvia Renfrew, one of the blind pupils who will spend a week with Mrs. Launer. A.
