NO IMPORTANT NEWS

Practically No Change in the Turkish Situation.

FIRMS HAVE NOT BEEN ISSUED

Favors Said to Be in Accord and Determined to Initiate Upon Completion With Their Demands.

Constantinople, v. S. Dec. 10.—The situation on the question of extra guardships of the powers remains unchanged, and the offer of tribute to the powers for delay and evasion of Oriental diplomacy as practiced by the Turkish government continues.

The situation on the question of extra guardships of the powers remains unchanged, and the offer of tribute to the powers for delay and evasion of Oriental diplomacy as practiced by the Turkish government continues.

Statements are constantly being made of the accord of the powers on the subject and their unyielding determination to insist upon a compliance with their demands.

Less is heard of the rumors of frequent occurrences in the early periods after the demand had been presented that the sultan had at length decided to grant the necessary firmans to permit the passage of the Dardanelles or even that he had actually issued them.

Neither is there such explicit announcement any more of the period which is to elapse before a move on the part of the powers is to commence to enforce the demands made upon the sultan.

Since the return of H. M. S. Dryad to Salonica by word has been heard of any actual or other movement to advance upon the Dardanelles. Opinion continues divided as to whether the delay is taking any action to enforce the demands is due to fear of causing a fanatical outbreak against Christians by the Mussulman subjects of the sultan or to a need of a more convincing between the powers themselves.

The reception today by the sultan of M. Nelidoff, the Russian ambassador, in private audience, awakens the unanimous speculation as to the true extent of his agreement with the views of the powers.

Explicit instructions were again received today by all the ambassadors to insist on the admission of guardships, but as has been stated, without any change in the situation.

THE BROTHERS MEET.

Ady Visited Harry Hayward for the Last Time.

Minneapolis, Dec. 10.—"May the curse of God fall on you and your crew and allow me, from the minutes I drop from the scaffold, to haunt you day and night until your death; then I will welcome you on the brink of hell with a red-hot iron."

These were the farrow words of Harry Hayward to his brother Ady this afternoon. He hurled them at Ady as he descended the stairs leading to the tier in which the prisoner was confined, and passed through the iron doorway leading to the outer office. It was their last meeting on earth, and such the murderer intended it to be. Ady was as calm as the prisoner was impassioned. He was unmoved by the anathemas, except toward pity. His was the brotherly affection, and it was his fervent "God bless you; good-bye, Harry," which elicited the remark quoted above.

The meeting between the brothers was arranged by the parents, who beseeched the condemned man to see Ady once more before he died. He remained obstinate to their entreaties for a long time, but finally he consented and sent by a messenger a note reading:

"Dear Ady: I want you to come at once to the jail, as I wish particularly to see you. I have no other object than the desire to ask your forgiveness for any wrong, either real or imaginary, which I may have done you. I want once more to see you on earth. This is the wish, and dying request of your brother, Harry."

THE AID MOST NEEDED.

An American Syndicate to Advance the Cuban Republic a Vast Sum.

New York, Dec. 10.—A syndicate of American capitalists has been formed in this city to aid the Cuban insurgents. To Marquis de Santa Lucia, president of the provisional republic, a representative of the syndicate has made a proposition to loan the Cuban republic \$10,000,000, contingent on the recognition of belligerency by the United States government.

In exchange the syndicate will accept \$45,000,000 in Cuban bonds, the same to be cancelled from customs receipts immediately on the recognition by Spain of the Cuban republic, or a declaration of peace. The syndicate stipulates that \$10,000,000 be expended in the purchase of two modern war vessels and munitions of war; that these vessels shall immediately proceed to capture and hold, in conjunction with the land forces, some Cuban port, and that they, with the assistance of other men-of-war, whose purchase later may be deemed advisable, shall prey on Spanish commerce and assume an aggressive policy which will bring this war to an early end.

Chinese Consolation.

Fort Townsend, Wash., Dec. 10.—A concession from the Chinese government to build a line of railway from tide water to Peking, the capital, has been obtained by a syndicate of American capitalists. The road will be about 800 miles long, and will tap a valuable coal-mining district. The operation and construction of line will ostensibly be under the direct patronage of the Chinese government, but American capital and engineers are the principal factors in the scheme. Among the men of prominence said to be in the line are Senator Calvin S. Brice, of Ohio; William Reid, editor of the New York Tribune, and ex-Secretary of State John W. Foster.

REPLY RECEIVED.

England Sends a Message to Secretary Olney.

Washington, Dec. 10.—The reply of Lord Salisbury to Secretary Olney's note of instructions to Ambassador Bagdad relative to the Venezuelan boundary dispute, was delivered to Secretary Olney at noon today. Sir Julian Pauncefote presented the note in person, reading its contents to Mr. Olney as is the custom when important documents are presented. For some reason the state department officials look upon the fact that the note had been delivered gaining publicity, but without avail. At the British embassy there was the same indisposition to give any publicity to the proceedings.

All inquiry as to the nature of the note failed to secure a response from any official, and it probably will be preserved as an official secret, as far as the Washington authorities are concerned, until the president, upon his return, has had an opportunity to consider it and issue it to congress. It is known the note is on the general lines indicated in the Associated Press dispatches this week.

NEW YORK BANKS.

The Weekly Showing of Their Holdings and Business.

New York, Dec. 10.—The New York Financier says:

"The statement of averages of the banks of New York city for the week ended December 7, shows a continuation of the liquidation on loans, which has been a marked feature of this state for twelve weeks past. The loss in loans since September 14, has been no less than \$39,000,000. The loan items for the week ended December 7 are only \$9,000,000 in excess of the lowest point recorded during the present year, or April 6, last. Deposits, however, on that date were only \$500,000,000, against \$531,000,000 for the week just ended. If the gold receipts of Saturday had been figured in the statement, deposits would have shown a decrease, but the heavy movement from the interior is clearly shown in the gain of \$1,996,600 in cash by the banks. This expansion promises to continue for some time, to come if the domestic exchange figures are a criterion. Of the cash balances it might be noted that \$1,230,400 of the total amount was in specie, the total now held by New York banks aggregating \$67,371,900, or a gain of nearly \$7,000,000 since October 12. The total gold holdings, however, are \$14,000,000 less than reported last February."

Insurgents Advancing on Santa Clara.

Havana, Dec. 10.—In spite of the reported defeat of Maximo Gomez and Antonio Maceo by General Suarez, General Navarro and General Aldecoa, the last-named being understood to be in command of the insurgents, who were believed to be caught between the columns of troops commanded by these generals and that of General Aldave, it is now stated that Gomez and Maceo have united their forces and, instead of being in flight, in the province of Puerto Principe, are advancing through the province of Santa Clara. General Aldave, as already stated, was held in that they had turned his flank and crossed the line between Ciego de Avilla and Moron, in the province of Puerto Principe, on their way to Santa Clara. Maceo and Gomez, it is now stated, have already passed the road from Igua, on the frontier, to Tulaco, a little north of Santa Espritu.

The Irish National Alliance.

New York, Dec. 10.—John P. Sutton, general secretary of the Irish National Alliance, states that councils of the alliance are being rapidly formed in every city in the United States and Canada. Andrew Nolan, a member of the city council of St. Louis, has been elected president in that city of the municipal council, already consisting of 2,800 members. San Francisco, Boston, Lawrence and Lowell, Massachusetts; Cleveland, Detroit, Anaconda and Butte, Mont., have also formed large branches. Toronto and Montreal have inaugurated strong councils. The election of municipal executive councils will be held in New York and Brooklyn New Year's day. The other cities and towns, where more than one council exists, will also appoint municipal committees on or about that date.

Pacific Cable Company's Organization.

New York, Dec. 10.—A meeting was held today at the office of the Central & South American Telegraph Company for the purpose of completing the organization of the Pacific Cable Company. This company will be independent of the Mexican Central & South American Telegraph companies in its organization, but they will have relations which will be mutually advantageous. The projected cable will connect San Francisco with the proposed American naval station at Pearl river harbor, in the Sandwich islands, Japan and China, Australia and India. A committee on plan and scope was appointed.

The Horse Show a Success.

San Francisco, Dec. 10.—The horse show ended tonight, after a most prosperous week. All day and night the pavilion was crowded with well-dressed men and women, who gazed at each other, and incidentally at the horses. The show has been a big financial success, and will be a yearly event in San Francisco. Walker Hockett, the young millionaire, was the chief attraction of the show. He entered the largest number of horses for competition, and drove and rode them himself. He carried off nine-tenths of the prizes.

Reducing the Force.

Sacramento, Dec. 10.—Orders have been given at the railroad shops here to discharge 500 men tonight. That will leave 1,400 men in the Sacramento shops. This is the heaviest lay-off the company has made here for many years.

The Southern Pacific Reduction.

Sacramento, Dec. 10.—Orders have been given at the railroad shops here to discharge 500 men tonight. That will leave 1,400 men in the Sacramento shops. This is the heaviest lay-off the company has made here for many years.

FIFTY-FOURTH SESSION

Daily Proceedings in Senate and House.

IMPORTANT BILLS INTRODUCED

Appointment of Members on the Various Congressional Committees

Washington, Dec. 7.—There was a good attendance when the senate met at noon today.

The first bill introduced was one by Senator Mills, of Texas, for the coinage of the silver in the treasury.

The bill introduced by Chandler of New Hampshire, for the coinage of silver at the ratio of 15 1/2 to 1, the bill to become operative when England, Germany and France pass similar laws was listened to with great attention by members of the senate.

Petitions from Florida for the recognition of Cuba and from the legislature of Montana, against the further issuance of bonds, were presented.

The resolution offered by Call of Florida was adopted, calling upon the secretary of state to send to the senate the correspondence relating to the case of General Sangulilly, an American citizen, sentenced to life imprisonment for alleged complicity in the Cuban revolution, and directing him to procure a copy of the record in the case if it is not on file at the department.

Gallinger of New Hampshire introduced a resolution declaring it as the sense of the senate that it was unwise and inexpedient to retire greenbacks.

Mitchell of Oregon introduced a resolution, which was agreed to, calling on the secretary of the treasury to inform the senate why the construction of the public building at Portland, Or., for which an appropriation was made by the last congress, was not proceeded with.

Call of Florida addressed the senate in advocacy of his resolution for the recognition of the belligerent Cuban insurgents, and for strict neutrality of the United States in the war. He drew a graphic picture of the ruin, misgovernment and general misery against which the Cubans were contending and their long struggle for freedom. He considered it an outrage that the United States should hold out an encouraging hand to those struggling for independence. Instead of speeding Cubans on their course, he insisted that this government was actually retarding the revolution, in fact, furnishing aid to Spanish tyranny.

At 1:30 the senate went into executive session, and at 1:35 P. M. adjourned.

House.

Washington, Dec. 7.—Speaker Reed has begun, for the first time, definitely to outline his list of committee members. After receiving members of the house all day yesterday, he sat down at 9 o'clock and worked until a late hour putting on paper the assignments he had decided upon to that time. Today he gave more interviews to the naturalized Armenians of the United States, nine-tenths of whom, he said, lived in his district, and requested it to be printed in the Record. After reciting the alleged oppression and outrages of the Turkish government, it concluded:

"Resolved, That the people of the United States, through their representatives in congress assembled, hereby express their deepest abhorrence and condemnation of the outrages thus committed on their fellow-citizens as well as the Christian subjects of Turkey."

Resolved, further, That this house, composed of immediate representatives of the American people, pledge its support to the government in every measure justified by international law and common humanity to vindicate the rights of our fellow-citizens and their families in Turkey, and to hinder and prevent, as far as practicable, the continuance of the outrages and massacres in that land."

The petition was referred to the committee on foreign affairs.

Senate.

Washington, Dec. 11.—A large number of bills were introduced in the senate again today, the most important of which were:
