Talk about the wheat crop not being good in this valley; it promises to be a heavy crop this season. No better looking grain fields can be seen anywhere than between Dayton and Salem and in this vicinity. The grain stands thick and has good sized heads. A great deal of the oats also looks well. At this time grain looks well, and is ripening—some fields being ready to cut now.

To give some idea of the great amount of gravel now being hauled on the roads: One day last week 20 teams were at the gravel bar loading at one time. Besides the gravel taken out below Weston landing, a great deal is taken out of the Willamette river near Crawford's.

The A. O. U. W. picnic last Friday, was a very pleasant affair, although there was no great crowd, enough people were in attendance to make it enjoyable. The addresses by F. D. Winton, of Astoria, and J. E. Mellinger, Dayton were bot good. The music by the McMinnville and Dayton bands, and singing by different lodges were excellent. J. G. Eckman of the Yamhill County Reporter, sang solo which met with hearty applause. The recitation by Miss Ora Mellinger was rendered in her usual forcible manner. The young ladies drill was well executed. The wheelbarrow race was won by Mrs. B. Gabriel. Fat man's race, J. C. Nichols was the winner. We did not learn names of winners of other sports. There are some fine farms in Old Yamhill. Just at this time we have in our mind one place, which for beauty and picturesque-ness is hard to beat. It is the farm owned by Wm. Millne, in the foothills about 2 two miles north of Dayton. The farm is beautifully located—A 1 land, and carefully cultivated by the owner—fences all kept up in good repair—a portion of them board and made almost as straight as a die. The land being cultivated well up to fence and kept free of weeds. The thorough cultivation given his land is evidenced by the good crops harvested by him each year. It is a sight well worth the time spent to go and see his fine grain fields this season—wheat and oats. The grain is well headed, plump grains and good straw. He will begin cutting grain in a day or two. His wheat looks as though it would turn out at least 50 bushels to the acre.

Last Sunday Gordon, the little son of Mr. and Mrs. E. A. Nichols, fell into a tub of hot water and was badly scalded about the body. Dr. Courtney, who was called dressed the scalded parts and made the sufferer as comfortable as possible. For awhile it was doubtful whether the little fellow would recover; but he is now doing nicely, and is in a fair way to recover. The accident resulted from a tub of hot water sitting on the floor, which Mr. Nichols was going to use for bathing, having brought a pail of cold water to pour into the hot water to cool it, but which he had set down by the tub. The little boy was looking at some pictures which his little sisters had brought home from Sunday school, and at the same time was walking backwards, when he ran against the tub, with the result as above stated.

Road Supervisor Jas. Reed, of district No. —, is doing good work by having gravel placed on the road in his district between this and McMinnville, especially along the Kauffman place, which was a terror to those traveling over that road last winter. Probably, if Mr. Reed was not interfered with, he would have that dreaded piece of highway fixed in good condition for travel, and save some from letting fly red hot curse words.

W. I. Robertson, D. D. G. M. installed officers of Yamhill lodge No. 20, I. O. O. F., July 18, as follows: N. G. J. C. Nichols; V. G. E. A. Nichols; Rec. Sec. S. W. Sigler; Treas. S. R. Baxter; Ward, Z Spangle; Con. A. J. Rossiter; I. G. I. Nichols; R. S. N. G. J. B. Mellot; R. S. V. G. John Jones; L. S. V. G. Wm. Cain.
