GRADUATING EXERCISES.

The commencement exercises of Dayton public school were held in M. E. church on Friday, June 13. The church was crowded, while a large number were unable to secure seats. The church was beautifully decorated for the occasion under direction of Mrs. Ella Harris, with cedar boughs, bouquets of roses and other beautiful flowers, a creation of artistic skill and beauty. At 8 p. m. the exercises began with prayer by Rev. J. Bowersox, followed by singing by the male quartet. Salutatory—"The Launching of a Ship," by Leota Foster, embodied careful preparation, thought and refinement. Essay—"Time, Its Use and Abuse," by Emma Earl, was listened to with attention and interest, reflecting credit on the young lady's education and ability. Essay—"The Magic Key," by Leota Foster, was a literary treat, bespeaking a strong intellectuality, a credit to the young lady and the school, and community. Essay—"The Advantage of Invention," by Ota Gabriel, showed a mind embellished with practical knowledge, replete with fine thoughts, well delivered and showing careful preparation. "Class History," by Vivian Miller, was worthy of commendation, showing a bright and carefully trained mind. "Class Prophecy," by James De Long, carried us in imagination into the possible future. His work merited the praise it received. Valadictory—"We Have Crossed the Bay, the Ocean Lies Before Us," by Bessie Foster, demonstrated to those who were fortunate enough to hear, the evident possibilities before every pupil of this kindred institution, who, by diligent application and continued effort may in future reach the broader and greater which lies beyond. The address to the class by Rev. J. Bowersox was one that appealed to graduates and people alike. Many things which he said if woven into our lives and put into practice, would spur us on to greater achievement and more lasting good. He said that every one should have a motto and he wished the class to adopt this as their motto: "I will make the world better by having been in it." Prof. M. F. Hanville, principal of the school, in presenting the diploma, said he was gratified beyond expression at the successful termination of the school year. He was glad he said that hard work and determination had culminated so successfully. The results he said, were more than gratifying. He hoped that the instruction received in the school room would be of lasting benefit to them. Continuing, he said it gave him much pleasure to present to Miss Elsie the free scholarship presented by McMinnville college to graduate receiving the highest number and passing most successful examination. This concluded the exercises, which throughout was interesting, entertaining and educational. The music furnished by the male quartet, Messrs. Perkins, Harris, Crabtree and Moore, was exceptionally good, particularly the selection "Kentucky Babe," it was a decided hit and took the house. The term just closed marks a distinct epoch in the history of Dayton public school. In spite of discouragements, sickness, etc., during the school year, it has won for itself a reputation for which we are justly proud. North or public school in the state has made as good show, especially the 8th grade, which stands without a peer in the state. Much credit is due Prof. Hanville, principal of the school, and his able assistant teachers, for their work, which translated so successfully, and we are pleased that Mr. Hanville and the same staff of teachers have been employed to teach the Dayton public school the coming school year.

Before you make definite arrangements for that trip East let us quote rates via the Illinois Central Railroad. Our rates are the lowest to be had, and it will pay you to write us. If you haven't time to communicate with us tell the agent from whom you purchase your ticket that you want to travel by way of the Illinois Central, and you will never regret the trip.

If any of your relatives or friends in the East are coming west while the low rates are in effect write us about them, and we will see that they get the lowest rates with the best service. Through tourist cars, personally conducted excursion cars, free reclining chair cars, in fact all the latest conveniences known to modern railroading.

For particulars regarding rates, times, services, stop-overs, different connections and routes, etc., call on an agent.

How AMERICAN WOMEN TRAVEL.—Most American women abroad were hard. They traveled in all sorts of discomfort, rising "while it is yet night," walking through miles of picture galleries, visiting ancient churches and cathedrals, "doing" all kinds of places in which they take no interest. They go to so many cities and see them so superficially that they know nothing about any of them, really. How can any one know anything of a country, its people, institutions, language, art architecture, morals, schools or anything else, just by racing through it with a party of nervous, hurried strangers, each member of it tired and worn to a frazzle?—June Woman's Home Companion.

About 800 people assembled at the cemetery Sunday afternoon at the unveiling of the S. D. York monument by the Woodmen. The procession formed and marched down the main avenue led by the band. Vocal music was rendered by a quartet composed of Mrs. Campbell, Mrs. Barnhart and Messrs. J. H. Nelson and W. T. Macy, with Miss Gurtner at the organ. After the Woodmen ceremony, Mr. T. P. Caughlin of Dayton, gave an oration well prepared and of considerable length. The graves of "Neighbors" Bible and Funk were also decorated. Mrs. A. A. Barnett has pledged \$200 toward constructing a college dormitory. W. D. Wood has received a large tiger skin from his son Charles in China, the animal was shot by the young man. The local junk dealer came near being demolished by the 3 o'clock train last Saturday. He was rolling a cigarette and didn't observe the approach of the train. It struck his team and whirled them about so that the rear end of his wagon rested on the cow catcher when the engineer got his train stopped—Yamhill County Reporter.

VIRULENT CANCER CURED.—Starting proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, Va. An old man there had long suffered with what doctors pronounced incurable cancer. They believed his case was hopeless till he used Electric Bitters, which treatment completely cured him. When Electric Bitters are used to expel bilious and microbe poisons the valve exerts its matchless healing power, blood diseases, skin eruptions, leucorrhea and sore throat. Bitters, 50c, Salve 25c at Powell's drug store.

The news reached here last Friday night that the United States Court of Appeals at San Francisco, had reversed the decision of the Federal Court at Portland, in the case of Brown vs Oregon King Mining Co. This was good news to our people and immediately upon hearing it almost the entire population gathered and celebrated the event by firing avails, shouting, etc., which is evidence that our people stand on the side of justice and fairness, the verdict of two successive juries to the contrary notwithstanding. This decision means much to our camp, that it will, without doubt, give to Oregon King Co. what is rightfully theirs; that it will have tendency to put a stop to such adventurous litigation and that it will be the cause of the camp taking on new life. It is to be hoped that this decision will show the plaintiffs "where they are at" and will take heed and drop a case that can only result in their final defeat.—Ashwood Prospector.

The above is good news and of interest to many residents of Yamhill county, who have interests in mines at Ashwood.

READ IT IN HIS NEWSPAPER.—George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he sees Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for 8 weeks had suffered with most terrible pains in her back and could get no relief. He says: "After using Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by R. L. Harris.

SAVED FROM AN AWFUL FATE.—"Everybody said I had consumption," writes Mrs. A. M. Shilde, of Chambersburg, Pa. "I was so low after 6 months of severe sickness, that I thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for consumption, and it was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchitis affections. Guaranteed bottles 50c and \$1. Trial bottles free at Powell's.

In going over the famous "Shasta Route" of the Southern Pacific Co. the traveler ever finds something new to excite his admiration and interest. Starting at Portland, one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue rivers, with their orchards of peaches, prunes, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful turnings, twistings and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze, from dizzy heights, forest clad mountains slope stretching up to the line of perpetual snow, and the mountain stream dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool. After a day's enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canyon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.
