

DAYTON HERALD.
FRIDAY, JULY 18, 1902.

Aron, Mills, wife and daughter of Indians, are visiting Mr. and Mrs. Wm. Macy, the latter's brother whom Mrs. Macy has not seen for 20 years.

The first whistle of the Dayton creamery blew at noon on Tuesday. It looks business like to see wagons going to and from the creamery filled with bright, clean looking tin cans containing cream.

In several counties of this state an amount of volunteer road work is being done by tax payers. This is a good and sure way to get good roads. And in many instances those doing this are but little inconvenienced, and will sooner or later reap the benefits from having good roads. Those owning farm property will find that the value of their property will be increased by good roads.

Poles for the Home Rural Telephone line have been set on the Pleasantdale route to Dayton. Soon Newberg will be connected with Dayton by the same line. Saml. Hutchins and Leonard Lischer, who are putting up the lines, are receiving requests to extend the lines to other cities. Perhaps, McMinnville and Salem will soon be connected by this system with Dayton.

EDITOR HERALD:—We have for some time noticed comment now and then upon "mother-in-law," but judging from our own observation and the experience of others, whom we have known, it is difficult for us to decide which of the "in-laws," mother, son or daughter, gets the worst of it. While we believe that sometimes mother-in-laws are the offending party, we ask who is to blame when a worthless man, who has spent his time and money in a way that has benefited no one marries a woman, and sometimes one who is no better than himself, and they go to live with "mother-in-law," again a good and useful woman sometimes makes a blunder and marries a worthless man who does not provide a home, and they go and live with "mother-in-law," and judging from the incompetent couples who undertake the duties of married life, and consequences that follow, we are inclined to believe that it is the exception and not the rule, where mothers are started to heaven on "flowery beds of ease," by sons and daughter in law.

J. W. Hobbs went to Eugene Monday morning to spy out the land with a view of moving there sometime during the summer. Rev. J. Wood Stone, pastor of the Cumberland Presbyterian church, has resigned. Mr. Stone has been in McMinnville about 6 months. A very pleasant party was given by Mr. and Mrs. R. L. Connor Saturday evening in honor of the return of the Misses Apperson from Alaska. Supervisors in road districts adjoining this city will each expend a fair proportion of the special tax money received from the property owners of this city upon roads leading from the city in every direction. John Willis died at Salem, July 8, of what physicians pronounce lead poisoning, he had been a painter. The remains were brought to his home 44 miles northwest of this city where funeral was held Saturday 5th, by Rev. H. T. Atkinson. Mr. Willis was born June 20, 1860, at Prospect Hill, county of Perth, Ontario; came to Oregon in 1881, and settled near this city. In 1883 he was married to Miss Sarah Hubbard of Lafayette, who, with seven children survive him. Four brothers and two sisters of deceased live in this community. The grand opening of the Miller Mercantile Company's new store Saturday evening was a decided success. About 8:30 the doors were opened and while the sweet strains of music from the McMinnville band floated out on the evening air the people filed through the store admiring the stock and the beautiful decorations. Fully 500 people attended the opening and found the proprietors very pleasant people. The several Millers assisted by Mrs. Martin, their clerk, showed their visitors every courtesy and handed each one a present as a slight memento of the occasion. This new firm begins business in McMinnville under encouraging conditions, and being experienced men we bespeak for them abundant success. —Telephone Register.

—The O. R. & N. Co. has just issued a handsomely illustrated pamphlet entitled, "Oregon, Washington & Idaho and their Resources." People in the East are anxious for information about the Pacific Northwest. If you will give the O. R. & N. Co. agent a list of names of Eastern people who are likely to be interested, the booklet will be mailed free to such persons.

WHY GO EAST
Over the sun-burned, sage brush and alkali plains when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent? This you can do by traveling on the Rio Grande system, the far famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs and Denver, en route to eastern points. Three daily express trains make close connections with all trains east and west and afford choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

RATES AGAIN REDUCED
FROM ALL POINTS EAST.

Before you make definite arrangements for that trip East let us quote rates via the Illinois Central Railroad. Our rates are the lowest to be had, and it will pay you to write us. If you haven't time to communicate with us tell the agent from whom you purchase your ticket that you want to travel the way of the Illinois Central, and you will never regret the trip. If any of your relatives or friends in the East are coming west while the low rates are in effect write us about them, and we will see that they get the lowest rates with the best service. Through tourist cars, personally conducted excursion cars, free reclining chair cars, in fact all the latest conveniences known to modern railroading.

"THE MILWAUKEE."
A familiar name for the Chicago, Milwaukee & St. Paul Railway, known all over the United States as the Great Railway running the "Pioneer Limited" trains every day and night between St. Paul and Chicago, and Omaha and Chicago. "The only perfect train in the world." Understand: Connections are made with all Transcontinental Lines, assuring to passengers the best service known. Luxurious coaches, electric lights, steam heat, of a variety equalled by no other line.

See that your ticket reads via "The Milwaukee" when going to any point in the United States or Canada. All ticket agents sell them.

MOTHERHOOD
The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.
WINE OF CARDUI
125 Marquette Street,
Memphis, Tenn., April 14, 1902.
In February, 1901, I took one bottle of Wine of Cardui and one package of Dr. Williams' Pink Pills. I had been suffering from female disease for several years and had never been able to have a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 2, 1902. The baby weighs fourteen pounds and I feel as well as ever. I could feel that my home is happy and I never will be without Wine of Cardui in my home again.
Mrs. J. W. C. SMITH.

CHIPS—PICKED UP.

Wonder how people who are opposed to Sunday papers can conscientiously read them on Monday. Probably the first thing Adam thought after he saw Eve was that he wished he had his ribs back. Eve knew what she was about when she tried to get around Adam at first with something good to eat. Faint heart never won a fat jack pot. It is a clear waste of time to go out looking for insults. A bore hardly ever leaves town. What a lot of time is wasted in the postoffice. If one pays attention to all that is said, their feelings may be hurt every day.

BOOKS.—Some one said, "books are letters to the unknown friends one has in the world." "Good books, like good friends, are few and chosen; the more select, the more enjoyable." Books instruct us, entertain and amuse us. If you mistake them they never murmur. If you are ignorant they do not laugh at you. If you approach them they are not averse. Hazlitt has told us of his first interview with Coleridge, and of the walk home. When the eloquence of the great conversationalist inspired him, and he found treasures hidden in his soul. In the monotony of life, there is something to arouse interest, if we read a book whose author has filled its pages with kindly thoughts and sympathy. Let us not forget to include in our catalogue the Book of Books—the Bible. There is not an experience in life, but some sentence contained therein applies directly to it. Then, let us cling to the bible, which is a "lamp for the feet that in byways have wandered. Guide for the youth that would otherwise fall. Hope for the sinner whose best days are squandered. Staff for the aged, and best book of all."

OAK LAWN.

SAVES A WOMAN'S LIFE.—To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for consumption and was completely cured." Sufferers from coughs, cold, throat and lung trouble need this grand remedy, for it never disappoints. Cure is guaranteed by C. W. Powell. Price 50c and \$1. Trial bottles free.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of best patent medicines manufactured and which is always kept at the home of a physician. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by Harris.

DON'T FAIL TO TRY THIS.—When ever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run down systems. Electric Bitters positively cures kidney and liver troubles, stomach disorders, rheumatism, neuralgia, and expels malaria. Satisfaction guaranteed by C. W. Powell. Only 50 cents.

In going over the famous "Shasta Route" of the Southern Pacific Co. the traveler ever finds something new to excite his admiration and interest. Starting at Portland, one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue rivers, with their orchards of peaches, prunes, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful turnings, twistings and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze from dizzy heights, forest clad mountains slope stretching up to the line of perpetual snow, and the mountain streams dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool. After a day's enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canyon of the Sacramento to the broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.

THE SAME OLD STORY.—J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." M. Kelly is a well known citizen of Henderson, N. C. For sale by R. L. Harris.

Those who suffer from catarrh, having discharges from the head falling down to throat and stomach, ruining the health, will find a new remedy in this office which is proving very effective with those who have tried it. Only 50 cents a bottle, which should cure in ordinary cases. Give it a trial, the cost being but little.

NOTICE.—The Yamhill Coal and Oil Company have appointed W. T. H. Tucker of Dayton, as their agent to receive all notices due the company, and also to take orders for stock. Parties interested will please take notice and call on Mr. Tucker at the Dayton Market.

Advice of a Druggist

"It is proper, I think, to let others know about the popularity and virtues of Acker's English Remedy for Coughs, Colds and Consumption. From the moment I began handling it, it sold rapidly, and the sales are growing all the time as fast as people find out what a remarkable preparation it is. The satisfaction it gives is universal. Our best customers use it and say it is the best thing for throat and lung troubles they ever saw. Mr. S. H. Culliver, one of our prominent townsmen, says Acker's English Remedy is the only medicine that helped him through a cough of many years' standing. At first it gave relief, and now, after taking a few bottles, he is wholly cured. I buy it by the gross at a great discount, and my sales are larger on this one medicine than on any other in my store. It is a great pleasure for me to feel that while I am prospering I am also doing so much good to the community in selling such a grand medicine." (Signed) R. R. DODGAL, Westfield, N. Y.

Sold at 25c. per bottle, and at a bottle, throughout the United States and Canada; and in England, at 2s. 6d., 3s. 6d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.
