

Balloting and guessing contests are of frequent occurrence by large metropolitan papers to increase their subscription lists, in which some valuable prizes are offered. Twenty-seven teachers lately completed a six-week tour of Europe at the expense of the Pittsburg (Pa.) Gazette, as a result of a balloting contest last spring. There was great interest in the contest, and over 11,000,000 ballots were cast. The party was accompanied by Louis W. Straver, city editor of the Gazette. Not only were all the expenses paid by the newspaper, but each teacher was presented with a purse of \$50 for spending money.

The Christmas number of The Designer is unusually attractive. Its fashion department illustrates and describes the latest in winter wearing apparel and millinery, and under "Points on Dressmaking," is furnished most useful instruction for the making of juvenile garments. A Christmas Cantata by Frederick Van Rensselaer Day, entitled "Santa Claus' Busy Day," is given prominent place among the literary features. Olive C. Tobey is the author of a story for adults, "From the Peyton Letters," while Alice Josephine Johnson writes the Christmas story for juveniles, entitled "What a Christmas Glove Brought." "Hints for the holidays" give unique ideas for distribution of presents. A new department makes its appearance in the December Designer, entitled "Helps Along the Way." Like "What Women Are Doing," it is edited by readers of The Designer, and bids fair to be all its names implies. Much more is included in the list of good things which appear in The Designer for December.

REV. IRE R. HICKS 1903 ALMANAC. To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through THIRTY YEARS, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through his great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly 200 engravings. The price of single almanacs, including postage and mailing, is THIRTY CENTS. Word and Works with the Almanac is \$1.00 a year. Write to WORD AND WORKS PUBLISHING CO., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value. The DAYTON HERALD and Word and Works with the Almanac one year \$1.70.

EXPLANATION OF WEATHER SIGNALS. The Weather Bureau furnishes, when practicable, for the benefit of the general public and those interests dependent to a greater or less extent upon weather conditions, the "Forecast" which are prepared at the central office in Washington, D. C., and certain designated stations daily, at 10 a. m., for following day. These weather forecasts are telegraphed to stations of the Weather Bureau, railway officials, postmasters, and many others, to be communicated to the public by means of flag signals. The flags adopted for this purpose are five in number. The flag signals are: No. 1, white flag, clear or fair weather. No. 2, blue flag, rain or snow. No. 3, white and blue flag, local rain or snow. No. 4, black triangular flag, temperature signal. No. 5, white flag with black square in center, cold wave. When No. 4 is placed above No. 1, 2 or 3, it indicates warmer; when below colder; when not displayed, the temperature is expected to remain about stationary. During the late spring and early fall the cold-wave flag is also used as frost-warning flag to indicate anticipated frosts. When No. 5 is displayed, No. 4 is always omitted. A special (inland) storm flag, red, with black square in center, is prescribed for use in North Dakota, South Dakota, Minnesota, (except Lake stations) Iowa, Nebraska and Wyoming, to indicate high winds, accompanied by snow, with temperature below freezing. When displayed on poles the signals should be arranged to read downward; when displayed from horizontal supports, a small streamer should be attached to indicate the point from which signals should be read.

As far as practicable, the forecast messages will be telegraphed at the expense of the Weather Bureau; but if this is impracticable, they will be furnished at the regular commercial rates and sent "collected." Persons desiring to display signals should communicate with the Weather Bureau officials in charge of the climate and crop service of their respective states, one of which stations is at Portland. In no case will both a. m. and p. m. forecasts be sent to same address at government expense; nor will the telegrams be sent to more than one person, or firm, in any place, except at the expense of the applicant.

Jumped on a Ten Penny Nail.—The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by R. L. Harris.

FOR SALE.—Between 5 and 6 acres of land mostly improved, well set to fruit, nice young orchard, 16 bearing apple trees, about 4 acre strawberries, running water, splendid place for raising all kinds of fowls. Good five room house, cellar, well of excellent water, barn house and different outbuildings. This property will be sold at a reasonable figure if sold soon. Located 4 1/2 miles from Dayton school building. Inquire at this office.

Dr. Darrin Will Remain Until Dec. 21. DR. DARRIN'S WORK IS PILING UP IN SUCH VOLUME THAT HE IS COMPELLED TO PROLONG HIS VISIT IN WOODBURN AT HOTEL WOODBURN. (Woodburn Independent.)

This eminent and far famed specialist has met with such an immense volume of business since coming to Woodburn that he finds it absolutely necessary to prolong his visit to December 21st. It is a source of gratification to the doctor's friends to know that his skill is being so well and appreciatingly taxed. His patients are coming from all parts of Oregon, and in all cases a benefit or cure is effected. The doctor's skill is becoming so well known and his cured patients so plentiful that his name has become a household treasure in hundreds of homes in this vicinity. Here are some of the cures.

HAPPY AFTER TWO YEARS OF MISERY. Mr. Editor; I can recommend Dr. Darrin's treatment. For 8 or 10 years I have been troubled with rheumatism in hip and back, also diabetes. Through Dr. Darrin's electrical and medical treatment, I am cured of the rheumatism and the diabetes is rapidly improving. Refer to me at Jefferson, Oregon.

J. W. PATE. The writer knows Mr. Pate well and is pleased to inform his many friends of his recovery, and knows the case must be a genuine one, as Mr. Pate is a man of good sense and sound judgment. He could not be induced to make such a statement unless he knew it to be true.

A POPULAR YOUNG MAN CURED. Mr. Editor, For the past 12 years my son, Charles, has been more or less afflicted with weak lungs, accompanied with a cough, every change of the weather making him worse. He also had marked symptoms of appendicitis, with great pain in his right side. Two months ago I put him under Dr. Darrin's treatment by electricity and medicines. He has gradually recovered until now I feel that his lung complications are cured. I am grateful to you for making known Dr. Darrin's presence in Woodburn, as well as to Dr. Darrin for curing my son. Refer your readers to me at 378 Marion street, Salem. Mrs. SAMUEL D. RAMP.

MR. JOHN EAGAN'S CARD. To the Editor: For long time have been afflicted with catarrh of the nose, throat and inner ear. The discharge was very disagreeable and almost unbearable. I first consulted Dr. Darrin in Salem some weeks ago, and now pronounce myself a cured man. I reside five miles southeast of Woodburn and can be referred to by letter or in person, and commend Dr. Darrin to the afflicted. JOHN EAGAN.

ASLEEP AMID FLAMES.—Breaking into a blazing home, some fifteen lately dragged the sleeping infant from death. Fancied security and death near: It is that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, chest and lung troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a teacup, persistent use the most tubercular. Harmless and nice tasting, it is guaranteed to satisfy by C. W. Powell. Price 50c and \$1. Trial bottle free.

THE YOUTH'S COMPANION IN 1903. During 1903 The Youth's Companion publishes in \$3 weekly issues 6 serial stories, each a book in itself, reflecting American life in home, camp and field.

50 special articles contributed by famous men and women—travelers, essayists, soldiers, sailors, statesmen and men of affairs.

200 thoughtful and timely editorial articles on important public and domestic questions.

250 short stories by the best of living story-writers—stories of character, stories of achievement, stories of humor.

1000 short notes on current events and discoveries in the field of science and industry.

2000 bright and amusing anecdotes, items of strange and curious knowledge, poems and sketches.

This is what The Youth's Companion offers its readers during 1903. And the quality of it is fully equal to the quantity. It is edited for the entire family. The busiest people read it because it is condensed, accurate and helpful. Its weekly summary of important news is complete and trustworthy. Its editorial comment on political and domestic questions is non-partisan: it aims to state facts in such a way that the reader can use them as the basis of an intelligent opinion. Its weekly article on hygiene is of the utmost value for preserving health of the household. It reflects on every page the wholesome, industrious, home-loving, home-making life of American life—the life of noble aims and honorable ambitions.

A full announcement of the new volume will be sent with sample copies of the paper to any address on request. The new subscriber for 1903 who sends \$1.75 for the new volume at once will receive free all remaining issues for 1903, including the Holiday Numbers; also The Companion Calendar for 1903, lithographed in 12 colors and gold.

THE YOUTH'S COMPANION, 144 Berkeley St., Boston, Mass.

It is a slow process to wait until everyone in a given territory comes to a place to ask for what he wants. The man who rushes into thousands of homes and tells a story of values has the advantage over the man who sits quietly in his store and waits to sell the goods in which he has so much confidence. Advertising is merely telling people about goods or such articles that one has for sale, as they are for the benefit of those who ought to want them and who will want them when they know the price at which they are marked.—Ex.

A STARTLING SURPRISE.—Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such torture from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion, and give perfect health. Try them. Only 50c. at Powell's drug store.

A REMARKABLE OFFER.—The attention of our readers is directed to the announcement in this issue of special clubbing rates with Young People's Weekly, the best paper of its class published in America. Our arrangements are exclusive, and on terms that enable us to offer that paper and DAYTON HERALD at a very low price of subscription. Our readers will surely appreciate this very liberal offer, and we invite them to make it known to such of their friends as are not already subscribers. Two papers for the price of one is an inducement seldom offered, especially either in well worth the price asked for both. All subscriptions, accompanied by the cash, should be sent to this office.

All legal advertising—such as notices of final settlements or legal publications of any description will be inserted in DAYTON HERALD at same rates as those of country newspapers. Persons having such advertising to do, have the right to choose paper in which they wish the advertisement placed.

EGGS AND POULTRY A SPECIALTY.

Plans are being arranged for holding a big poultry show in Newberg in January. From five to six hundred birds are already in sight for the show and a fine exhibition is expected. Last Saturday evening Miss Florence Hall was married at her home east of town, to George B. Conklin of Kansas City, Mo., Rev. Joseph Hall, father of the bride, officiating. With completion of the Duncker or Brethern church Newberg will be pretty well fixed for meeting all shades of belief regarding the matter of water baptism. If a man so desires, he may go there and they will put him down three times face foremost, or he can attend the Baptist church, where one single plunge is enough; he can go to the Methodist and get a little water sprinkled on the head, or drop into the Friends church and leave the water off altogether.—Newberg Graphic.

A peculiar condition in river navigation exists. When the water reaches 4 1/2 feet above low water stage, the locks at Lafayette are inoperative, yet the water is not high enough to permit boats to go over the dam. When the water is high enough to grant the latter privilege it is so high that the boats cannot go under the bridge. It catches us comin' and goin', as it were. Taking last summer as a criterion, we cannot have navigation at the period when these other conditions do not molest, because the engineers go on a strike. The repairs to the locks last summer also drained the water out of the stream so that it did not fill up sufficiently to float boats during the fall. Perhaps, these conditions will be obviated another summer, and it would prove a great benefit if the locks could be built enough higher to permit navigation at all stages except the highest, when the bridge interferes.—Yamhill County Reporter.

A Red Hot Proposition. \$20,000 Cash Contest of Weekly Constitution and the DAYTON HERALD.

We have completed arrangements with the Atlanta Constitution whereby we can offer the Atlanta Weekly Constitution one year and DAYTON HERALD both for only \$1.75. Accompanying each combination subscription under this offer you may file with us two estimates in the Constitution's Great \$20,000 Cash Contest. The contest is upon the total receipts of cotton at all the United States Ports from September 1, 1902 to January 10, 1903. Statistics covering the past 7 years in this respect are given below.

We can also offer the weekly Constitution and Sunny South of Atlanta, Ga., with DAYTON HERALD for only \$2.25. With this splendid combination we can give THREE Estimates in the Constitution's port receipts contest. Subscriptions and money paying for same must be filed with us at the same time you place your estimate. After 10th of January the result will be announced and prizes paid, if any prize estimates are filed with us, by the Constitution's check on the Atlanta National Bank, of Atlanta, Ga.

This paper is not able to offer a \$20,000 contest, in glad to do so in connection with the Weekly Constitution. Our readers should study the statistics and conditions under which the present contest crop is being marketed, especially at the United States Ports, the total receipts from September 1, 1902 to January 10, 1903 being the figures you must work on. Be sure that you understand the dates and make your estimates accordingly. The Atlanta Constitution will mail to every one making application by postal card, all details of contest. We state that prizes consist of three large prizes of \$5000, \$2500 and \$1000 each.

Five prizes of \$300 each. Ten prizes of \$200 each. Twenty prizes of \$100 each. Forty prizes of \$50 each, and one hundred prizes of \$25 each, a total of 208 set prizes amounting to \$1500 in cash.

In addition to the above, the Constitution offers a \$2500 to be divided equally among 1000 estimates, not taking any of the 208 cash prizes, that come within 1000 estimates either way from the exact figure. In the Constitution's cotton crop contest, closed in August, there were two estimates that came within prize limit on the consolation award, and these prizes amounted to \$200 each. In the present case the amount each prize estimate will receive from the \$2500 will depend upon the number of estimates that come within the 1000 limit.

In addition to the \$17,500 above the Constitution offers prizes ranging from \$2500 to \$1000 to be added to the \$5000 first prize, provided an exact estimate be filed during the contest.

THE PORT RECEIPTS for the past few years, from September 1 to and third first 10 days of January are given to aid in making an intelligent estimate in this contest. Secretary, Hester, of the New Orleans Cotton Exchange, will furnish official figures to decide this contest. Address all orders, remittances and estimates directly to DAYTON HERALD, Dayton, Oregon.
