DAYTON HERALD.
FRIDAY, JULY 21, 1905.

President Roosevelt's name is pronounced as if it were spelled Rosevelt.

Great Britain has 420 naval vessels of all classes, France 390, the United States about 120, and Germany 315.

An Educational Congress will be held in the Auditorium of the Lewis and Clark Centennial Exposition, August 28 to September 2d, under the joint auspices of the Lewis and Clark Congresses committee and a committe of educators.

The monkey wrench is a modern tool and the inventor, though old, is still living. It should be termed moneby wrench, after Charles Moncby, who sold the patent for $2,000.

SOCIAL LIFE OF THE EXPOSITION.—That famous toast, Here's to the ladies, God bless them," said to be Thackery's favorite, can be applied with especial propriety to the ladies of the Lewis aed Clark Exposition, without whose gracious presence and friendly assistance the Exposition would lose half its interest. —From the Pacific Monthly for July.

Out on the top of Mt Wilson in Southern California, they are doing some wonderful work in astronomy. The Carnegie Institution has established a solar observatory there, with the special object of prying into the mystery of the life and death of suns. Also, Professor Barnard of the Yerkes Observatory, has a small establishment on the same mountain, and he is making some remarkable star maps. The work of both these observatories is admirably described by Garret P. Servise in the August Cosmopolitan. The article is profusely illustrated.

Willamette University at Salem is now assured of a new up-to-date building for the medical department or that institution. The building will be two stories in heighth, with basement, and material used in its construction will be brick; cost $15,000. It will be located on the west side of the University campus, and work of construction will begin about August 1. This is another much needed (and long talked of) addition to that old educational institution, and has been accomplished by persistent effort, and the activity and push of President Coleman and his coworkers. The future of that institution looks much brighter.

RACE MEETING AT PORTLAND — Among the attractions which the Lewis and Clark Exposition will afford visitors to Portland this month will be the race meeting by the Multnomah Fair Association at Irvington Park Track, beginning July 22. More than 50C horses will be stabled at Irvington during the 49 racing days, which will be the longest race meeting ever held in Oregon. Horses starting in the stake and handicap events, are the pick of those that raced last winter at Oakland and Los Angeles—horses that would have been shipped East, but for the large purses and stake money the Association hung up. Over $100,000 will be distributed among winners. Lewis and Clark Exposition handicap will be worth $1,5C0 to the winner, the Irvington $1,200 and Labor Day handicap $1,000. President A. R. Diamond has kept teams and men at work on the track all winter, and it is in fine shape. Stalls have been fumigated, grand stand, fences, repaired and whitewashed, and everything fixed in good shape. The Association announces that from September 17 to the 28 it will endeavor to give a light harness race meeting. Liberal purses will be given. Some of best California trotters and pacers will be seen at Irving, in addition to a strong lot of Oregon and Washington horses.

In evident anticipation of the thermometer uprising, which is certain to occur about this time of year, the miscellaneous matter in the August Designer has been kept at as low a temperature as possible. Ice is in strong demand during August, but probably not one ice consumer in ten knows the links of the chain which draws the blocks of frozen water from river or lake to the household refrigerator. It is all made clear in the August Designer. A floating boarding house was a successful actuality which delighted a host of self-supporting women a few months ago. It was crowded the moment its gang-plank was thrown out until lack of docking space forced it out of business. It was too good a scheme to abandon, and The Designer offers it for consideration to philanthropists and others who live near rivers, lakes or bays. "The Transformation of a Farm-House" gives suggestions to owners of such real estate, and Mary Kilsyth supplements it with an interesting article on interior furnishing. In "Domestic Life in Holland" some quaint and artistic Dutch pottery and silverware are pictured in beautiful effect. A novel scheme for a seashore luncheon is given in text and pictures. Autumn styles are foreshadowed in the fashion pages, and other matter of interest to the ladies.

ROOMS AT THE LEWIS AND CLARK FAIR.—S. A. Madge, J. O'B. Scobey and F. W. Stocking, of Olympia, Wash. and M. G. Royal of Salem, Oregon, have secured the Hotel Palmer of Portland and put it under competent management for the Fair trade. It is a 65 room hotel situated on Alder street between Seventh and Eighth, just one block west of the Oregonian building, only one block from car line running directly to fair grounds. For one dollar a day the very best accommodations can be secured. The above gentlemen are well known all over the state of Washington and to a large extent in Oregon, and their names give assurance that guests of the hotel will will be properly cared for. Take Morrison street car at the Union Depot and ask the conductor to let you off at Park street, then walk one block north to hotel. Write at once for particulars and for reservation of a room. Address Hotel Palmer, 350 Alder street, Portland, Oregon.—From the Morning Olympian, Olympia, Washington.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED.—The average man does not save to exceed 10 per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diorrhea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by R. L Harris.

Now is the time to have that catarrh and asthma trouble of yours attended to. Don't wait until the cold and damp weather of winter has agravated and developed it into a distressing and chronic condition. Consult the Chiropractic physician, W. O. Powell, D. C.

CHOLERA INFANTUM.

CHILD NOT EXPECTED TO LIVE FROM ONE HOUR TO ANOTHER, CURED BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diorrhea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it; before she had taken the half of one small bottle she was well." This remedy is for sale by R. L. Harris.

Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by R. L. Harris.
