

Pure Blood

Is certain if you take Hood's Sarsaparilla. This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula, sore salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

This is proved by thousands of testimonials, 40,866 by actual count in the last two years—a record unprecedented in the history of medicine.

Be sure to get Hood's Sarsaparilla. Liquid or tablets, 100 Doses One Dollar.

Vegetable silk, made of cotton and codon, is to be manufactured in Mexico on a large scale. The cost is only one-fifth to one-tenth of real silk.

A GUARANTEED CURE FOR PILES. Itching, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAINFUL OINTMENT fails to cure in 14 days. 50c.

Strenuous Sighs. Eva—Do you remember when you passed us in the automobile? Well, two minutes after that Jack proposed.

Edna—Yes, I heard the machine going "chug-chug."
Eva—The machine? Gracious! That was Jack sighing.

Mrs. Helen L. Thompson of Lewiston, Me., reports great benefit to her little son from Hood's Sarsaparilla, which thoroughly purified her blood after an attack of that blood-poisoning disease, scarlet fever. It gave her strength and renewed health. Thousands of others tell of similar cures, also cures of scrofula, salt rheum, eczema, etc.

During the year 1904 Siam exported more than \$12,000,000 worth of rice. Workwood is second in value.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

There are more than 4,000,000 steel pens used up every day in England.

CASTORIA

For Infants and Children.
The Kind You Have Always Bought

Bears the Signature of *Charles H. Fletcher*

A new horse disease has come to England from India by way of South Africa. It is called epizootic lymphangitis, and is very contagious.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Castoria. Hall's Castoria Cure is the only positive cure known to the medical fraternity. Castoria being a constitutional disease, requires a constitutional treatment. Hall's Castoria Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists. Hall's Family Pills are the best.

Handicapped.
The Doctor—The medicine I left for you doesn't seem to have had the desired effect. Have you taken it regularly?
The Patient (a poet)—As regularly as I could, doctor. You said I should take it after each meal.

IN THE NATIONAL HALLS OF CONGRESS

Tuesday, April 10.
Washington, April 10.—For seven hours today the house had under consideration the appropriation bill, but in only a few instances were the provisions considered. During the debate on the special appropriation for railway mail pay, bitter words were exchanged between representatives from North Carolina, Arkansas and Kentucky, but all were within the rules of the house. Numerous speeches were made by J. Adam Bede, Minn., and Charles A. Towne, New York, spoke in behalf of the Jamestown exposition. Both Bede and Towne represented the Duluth district in Minnesota on their congresses. They were warmly congratulated on their speeches.

Washington, April 10.—For more than four hours today Bailey held the undivided attention of the senate with a speech in reply to Spooner and Knox, and just before its conclusion there was a significant suggestion. He was discussing the possibility of an understanding and an early vote on the railroad rate bill.

The day was one of the most notable in the recent history of the senate. Very few senators were absent at any time during the session and every seat in the galleries, public, private, senatorial, executive and diplomatic, was held by its occupant with marked tenacity.

Monday, April 9.
Washington, April 9.—McLaurin and Morgan addressed the senate today on the railroad rate question, the former advocating the legislation and the latter opposing. The Mississippi senator announced his intention to support an amendment providing for a court review of the decisions of the Interstate Commerce commission and also stated his adherence to the Bailey amendment, prohibiting the temporary suspension of the commission's orders by the inferior courts. He criticized what he characterized as an effort to inject politics into the consideration of the bill. Morgan took the position that the proposed legislation was an interference with the rights of the states to control the corporations created by themselves, and said that the best way to check exorbitant railroad rates was to keep the waterways in such condition as to insure competition.

Washington, April 9.—Notwithstanding that it was a holiday day in the house and that they resolved themselves into a common council for the purpose of making laws for the District of Columbia, general interest was shown in the bills requiring non-resident pupils to pay tuition and regulating the employment of child labor. Heppner, of Iowa, replying to a long speech of Simons, of Tennessee, in which he criticized for self government for the people of the District of Columbia, made a defense of the form of government, but criticized its administration. He did not think two newspaper men and one army officer, who constitute the board of commissioners, the proper personnel for such a government.

Saturday, April 7.
Washington, April 7.—The house did not indulge itself in the usual holiday today, but continued the consideration of the postoffice appropriation bill, and of general interest was shown in the bills requiring non-resident pupils to pay tuition and regulating the employment of child labor. Heppner, of Iowa, replying to a long speech of Simons, of Tennessee, in which he criticized for self government for the people of the District of Columbia, made a defense of the form of government, but criticized its administration. He did not think two newspaper men and one army officer, who constitute the board of commissioners, the proper personnel for such a government.

Friday, April 6.
Washington, April 6.—In making an effort today to get the senate to agree upon a date for taking a vote on the railroad rate bill, Tillman made the important statement that one week more probably would exhaust the general debate. He failed, however, to secure the consent of Aldrich, who said that he would not be willing to agree to vote on the bill until it was more nearly perfected than it now is.

May End Race Problem.
Washington, April 10.—Dr. S. Harris, professor of medicine in the University of Alabama, at Mobile, talked to the president today about the ravages of consumption among the negroes of the South. He expressed the fear, and he added that his opinion was concurred in by the medical fraternity generally, which was expected to be represented at the Hague. The reason for this action was to avoid a conflict with the Pan-American congress, which has been set for July 21.

American Questions Up.
Washington, April 9.—The State department has suggested to the Russian government through Ambassador Rogan that the period suggested in the Russian note for the convention of the second Hague peace conference, namely the early part of July, would be inconvenient to America and to some of the other countries of the hemisphere, which were expected to be represented at the Hague. The reason for this action was to avoid a conflict with the Pan-American congress, which has been set for July 21.

Question for Steel Trust.
Washington, April 10.—After a conference with the president today, General Grosvenor, chairman of the house committee on merchant marine and fisheries, announced that his committee proposed this week, in connection with hearings on the ship subsidy bill, to interrogate officials of the United States Steel corporation regarding the reported selling of steel products abroad at a rate cheaper than was given to consumers in this country.

SSS THE GREATEST OF ALL TONICS

The ingredients that enter into S. S. S. and the method of combining and preparing them so that they build up and strengthen every part of the body, make it the greatest of all tonics. S. S. S. is nature's remedy—PURELY VEGETABLE—and while it is restoring the lost appetite, overcoming that tired, run-down feeling, and other ailments common to Spring, which matters so that it can supply to the system the strength and nourishment it needs to keep it in perfect condition during the depressing summer months that are to follow.

Spring is the season when most every one needs a tonic. It is nature's time for renewing and changing; and as everything puts on new life, the sap rises in vegetation, the earth thaws out from its winter freezes, and all respond to Spring's call to purge and purify themselves, there is a great change also takes place in our bodies. The blood endeavors to throw off the poisons and accumulations which have formed in the system, and been absorbed by it, from the inactive winter life, and calls upon every member to assist in the elimination. The system is often unequal to the struggle, the appetite grows fickle, the energies give way, the spirits are depressed, and a general run-down condition is the result.

Then the body must have assistance—it must be strengthened and aided by a tonic, and S. S. S. is the ideal one. Being made entirely from roots, herbs and barks, it does not disagreeably affect the system in any way as do most of the so-called tonics on the market, which contain Potash or some other harmful mineral ingredient to derange the stomach and digestion, unfavorably affect the bowels, or otherwise damage the health. S. S. S. tones up the stomach and digestion and assists in the assimilation of food; it rids the system of that always-tired, worn-out feeling, and imparts vigor and tone to every part of the body. It re-establishes the healthy circulation of the blood, stimulates the sluggish organs, and calms the unstrung nerves which make one feel that he is on the verge of prostration. S. S. S. gives an appetite and relish for food that nothing else does, and by its use we can find ourselves with as hearty, hungry an appetite in Spring as at any other season.

It acts more promptly and gives better and more lasting results than any other remedy, and is absolutely safe because of its vegetable purity. Dyspeptic, irritable, nervous, debilitated people will find S. S. S. is just the medicine that is needed for the purification of the blood, which, from its diseased or impure condition, is causing their trouble, as well as for toning up and helping the entire system. When you take your tonic this Spring do not experiment, but get the best—the tonic with forty years of success behind it, and the one endorsed by the best people all over the country—S. S. S., THE GREATEST OF ALL TONICS. It is necessary at this time, when the system is depleted and weakened at every point, that the right remedy be used—one that is especially adapted to the condition, and S. S. S. has proved itself to be this remedy for many years. If it is taken at the first sign of Spring the system will be so built up and strengthened that the disagreeable affections of the season will not be felt as warmer weather comes on.

TOO LATE?

All the Nourishment out of Baby's Natural Food.
Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes.
No need to Force or Bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.
Repulsive medicine forced on the little ones does more harm than good.

MAMA! Don't be frightened—but be warned!
Every Mother knows, or should know, that the terrible Mortality among little children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rash, Scarlet Fever—even Mumps—have their first cause in constipation.

The Delicate Tissues of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passages; but will not make and keep them Clean, Healthy and Strong.

There is no other medicine as safe for a child as Cascarets, the fragrant little Candy Tablet, that has saved thousands of families from un happiness.

The Nursing Mother even in good health should always keep her own Bowels Loose, and her Milk Mildly Purgative by taking a Cascaret at night before going to bed.
No other medicine has this remarkable and valuable quality. Mama takes the Cascaret, Baby gets the Benefit.
Cascarets act like strengthening Exercise on the weak little bowels of the growing babe, and make them better able to get
