**Discordant Thoughts.**  
In wandering through your mental pleasure-grounds, whenever you come upon an ugly intruder of a thought which might bloom into some poisonous emotion such as fear, envy, hate, worry, remorse, anger, and the like, there is only one right way to treat it. Pull it up like a weed; drop it upon the rubbish-heap as promptly as if it were a stinging nettle; and let some harmonious thought grow in its place.—Robert H. Schauflier.

**Remarkable Memories.**  
Thomas Fuller could write verbatim another man's sermon after hearing it only once, says the London Chronicle, and could do the same with as many as 500 words in an unknown tongue after hearing them twice. Which reminds one also of "Memory" Thompson, who, among other remarkable feats, could repeat from memory the name of every shop in the Strand in proper order.

**Dr. Pierce's Pleasant Pellets** first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Sugar-coated tiny granules.

**Then and Now.**  
The old-fashioned woman's idea of resting was to change her work. She sat down to darn stockings and read, or she got her Bible lesson or nursed her baby or knit winter socks while she rested. Resting was getting off her feet. Today a woman has to buy herself 20 kimonos and caps and go off to an expensive sanatorium and have a trained nurse give her the milk cure, to rest up.—El Paso (Tex.) Herald.

**Resented Her Handicap.**  
Mona was the only girl in a family of four brothers, and used to play almost entirely with her brothers and their friends. One morning her father saw a party of boys swinging under and over an iron fence, and finally noticed Mona doing the same thing. He hastily ran out and explained that such behavior was not ladylike. Mona wasn't at all pleased and demanded tearfully, "Why for was I a lady, daddy?"

**Foiling a Burglar.**  
A new means of preventing your house from being robbed by burglars has been evolved by a contributor to the Public Mind column. It is quite simple: Recognize the burglar on his first attempt, then notify him through the newspapers that a double-barreled shotgun is awaiting him next time.—Kansas City Star.

**Non-Tarnishing Steel.**  
Steel made by a new process and said to be non-rusting, unstainable and untarnishable has been brought out by an English firm. It is especially adapted to use in making table cutlery, the claim being made that it retains its polish indefinitely with use, even when brought in contact with acid foods. The cost of this steel is about double that of ordinary steel.

**They Know What's Coming.**  
When a woman opens her remarks with the assertion that of course she's always very careful what she says about anybody, we notice that all the other women prick up their ears and look eagerly expectant.—Columbus (O.) Journal.

**NEW MODERN DANCING.**  
E. **Columbus.**  
The idea of the sphericity of the earth did not originate with Columbus. Long before his time the idea was entertained by the leading minds. The globular form of the earth was taught by Eratosthenes, Aristarchus, Hipparchus and others as early as B. C. 276.—125.

**Notice to All From Lewiston to Astoria**

Listen to this! \$95 will buy a full lot 50x100 feet inside the City of Astoria with perfect title, city water, city school, street cars, electric light and more than 100 nice houses within two blocks. Think of it, lots in the adjoining blocks to these lots have recently sold for \$500 and more. You do not have to pay the \$95 all cash if you do not choose, you can pay \$5 cash down and \$250 or more per month until the \$95 is paid, when a warranty deed will be given you with a complete abstract of title free of any charge to you. Everybody knows that Astoria is going to be the chief center of commerce. It is the seaport for all of Oregon and this northwest section and with an open river for more than 500 miles from Lewiston, Idaho, to the sea and Astoria with its 15,000 population today right at the sea where the Pacific ocean and the Columbia river meet no person will dispute the fact that from this moment on Astoria will grow with no limit to its future growth. Remember that it is in Astoria that the Great Northern and the Northern Pacific R. R. have made its terminus at this point on account of its great commerce. I am simply giving these lots away when I offer them for \$95 each. I am forced to sell, however, and am conscious that today these lots are worth four times the price I ask and there is no limit to the advance they are likely to reach. Communicate with me at once for plans and descriptive matter. M. J. Clohesy, 416 Abington Building, Portland, Oregon. P. S.—I have a number of friends wishing to purchase good farms at moderate prices, say from \$3,000 to \$5,000 cash or will take higher priced improved farms in exchange for city property. **Sawed-Off Sermon.**  
What a happy old world this might be if his Satanic majesty never cared to wander from his own fireside.—Indianapolis Star.

**As sure to rise as the Sun**

You can't always make everything "just so." Sometimes you will get in more shortening than usual; or make the batter a little thin; or it may not be convenient to put a cake in the oven the moment it is mixed; or your oven may not bake evenly and it is necessary to turn the pan around—none of these little uncertainties make the slightest difference in results if you use

**KC BAKING POWDER**

This modern, double-raise baking powder has unusual strength and is absolutely certain to raise your biscuits, cakes and pastry light and feathery. It generates an abundance of leavening gas both in the mixing bowl and in the oven. The raising is sustained until the dough is cooked through.

Housewives who use KC never have "bad luck" with their baking. Try KC at our risk. Your grocer will refund your money if you are not pleased in every way.

**Hint to the Hostess.**  
My little nephew was eating supper at a children's party. The cake was to be cut when the candles were nearly burned down. He interrupted conversation with the rather premature remark to the hostess: "Your candles seem to be burning low."—Chicago Tribune.

**Read this one from Mrs. Waters:**  
CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 530 Mechanic Street, Camden, N.J.

Pinkham's Vegetable Compound proved an excellent remedy for it made me a well woman. After taking a few bottles my pains disappeared, and we now have one of the finest boy babies you ever saw."—Mrs. C. A. RICKBOUS, R.F.D., No. 5, Hanover, Pa.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

**YOUR BLOOD** is the canal of life but it becomes a sewer if clogged up. All life consists of building up and tearing down and just in the same manner that the blood carries to the various parts of the body the food that the cells need for building up, so it is compelled to carry away the waste material that's torn down. These waste materials are poisonous and destroy us unless the liver and kidneys are stimulated into refreshed and vigorous life.
