## J. C. Nichols & Co.

SUCCESSOR TO  
B. Gabriel & Son

Mrs. Flora Lewis has been quite sick for the last week. It is reported she is much improved as we go to press.

J. A. Stoll and family motored from Portland Sunday and visited with his neice, Mrs. Carl Fischer of this city.

Mrs. C. R. Watson and Joe Turner and family were in the county seat Monday attending the Dunn will contest.

There has been considerable work done on the streets in this city during the past week. Third street has been graded and put in good condition and the surplus dirt has been hauled to Main St. There has also been some work done on Fourth street in the same manner. This makes a great improvement in the appearance of these streets.

Mrs. M. V. Wright and Mrs.

Pat Stanton of the Grand Island country were pleasant callers on the Tribune last Saturday. Call again ladies.

C. R. Watson has taken a crew of workmen and gone to Neppel, Wash., where they will erect a building for the Standard Oil Co.

Albert Jenness who has been here a couple of weeks making improvements on his farm near Dayton, returned Monday to his home in Hammond, Wisconsin.

Miss Lulu Simmons, a teacher in the schools in Portland came Thursday morning to spend the week end with Mrs. J. L. Sherman of this city.

The heavy rains of the past few days and the high water of the winter has caused a portion of the ground on Mrs. Ott's place to slide into the river. This is the second land slide in this section along the Yamhill, the other one being near the Tom Miller place.

A. J. McCann and wife motored to Salem a day or so ago and viewed some of our State buildings (they say from the outside) including the Penitentiary and Asylum. They report having an enjoyable time, and we are pleased to state they are now home again and happy.

The Southern Pacific Co. has remodeled its station at St. Joe, installed a crossing alarm and established a creosoting plant. This plant will be used in treating the trolley poles which are to be used in the electrification of the line from Whiteson to Corvallis.

## Notice to Ford Drivers!

"Beat-Em-All" Facts

It "makes good."  
Made of Malleable Iron.  
Built on right principles.  
Will last as long as your FORD.  
Guaranteed against imperfections  
Simple, Strong, Safe and Sensible.  
It will pay for itself in 30 days' use.  
Will make your FORD last longer.  
Like cement—you pay for it but once.  
Has been proven mechanically correct.  
Just try IT and test IT along side of them all.  
There is no strain on the frail little steering rod.  
After a drive you feel refreshed instead of "all in."  
It is Tire, Car, Health, Accident and Life Insurance.  
Steering, Control and Safety of your car made easier.  
You can see and enjoy the crops, the Stock and the Scenery.  
It's then a "lead pipe cinch" you'll choose the BEAT-EM-ALL.  
Stops Work, Worry, Strain and Danger when driving your FORD.  
The wife, daughter or sweetheart can drive your FORD with perfect Ease and Safety.  
All wear and lost motion can be easily and quickly taken up by a very simple adjustment.  
The pull on your steering wheel is no harder when making an extreme turn than when making a very slight turn.  
Lessens the wear and strain on steering column and little interior gears by reducing a jerky rattle to a gentle pull.
