In talking with water commissioner, Hash relative to our water supply he informed us that during the last month and a half he had repaired a portion of the water pipes by putting in some new joints, and had stopped about 30 leaks of various sizes in the pipes and now we have a reservoir full of water and the over flow is running as usual.

A merry party of some of our best looking young ladies left Dayton about 5 o'clock Tuesday morning for a jaunt up the Columbia highway. These young ladies were the Misses Irene Hash, Martha and Sophia Detmering and Gladys and Carrie Wade. They traveled in that new Overland owned and driven by Carrie Wade. They told us in confidence that they were going clear to the end of the road and were going to have fried chicken for lunch, also that no young men were allowed to go along. Alas! we feel sorry for the young men to-day when they are not privileged to travel where so much wit and beauty prevails.

Last Sunday morning bright and early four auto loads of people consisting of the Henry Fletchers, Geo. Baxters, Guy Sulleys, and Dirk Stevens families and Mrs. Elizabeth Simler, all related, and with Miss Ruth Stermer as an invited guest, formed themselves into a surprise party to surprise a daughter of Mrs. Simler's, Mrs. Effie May and family who live a few miles from Oregon City. Every thing went merry as a marriage bell until after they had crossed the Willamette river at Newberg, and after enjoying the scenery of Marion County for a time, surprise No. 1 put in an appearance by them discovering that they were on the wrong road. However this mistake was easily overcome and they proceeded on their way (the right way this time) rejoicing and found their destination without farther mishap. After getting out of the machines they discovered they had appropriated as much Marion and Clackamas county's dust as it was nice to take without permission. Surprise No. 2 now stared them in the face when they discovered that Mrs. May and family were away from home and by diligent use of the phone was able to locate them. They returned home to get their surprise and to enjoy this nice visit of these relatives a good part of the day. Late in the day they wended their way homeward by way of Oregon City and reached their homes tired but happy with the days outing.
