The Pleasantdale needle club met last Friday afternoon at the home of Mrs. Harry Fuller. Refreshments were served by the hostess and a good time reported by all present.

We desire to call your attention to the Bank Statement of the Bank of Dayton in this issue. The wonderful increase in the past year speaks well for the

confidence in this institution, it speaks well for the efficient and careful management of the officers and directors, it speaks well for the growth of the business of this town and adjacent country. It helps to place Dayton on the map as a good trading center, showing that there is much business being done here and that our town as well as the adjacent country is improving.
