N. S. Booth was in Pendleton last week as a delegate to the State convention of Farmers' Unions for Oregon and Southern Idaho from the Dayton Local Farmers' union. He reports a large attendance of delegates and much business for the benefit of the farmer was considered and discussed. The people of Pendleton treated them royally and everything that could be done for their comfort and pleasure, during this four-day session. While away he visited a brother in Pullman, Wash. Saw some great country, had a sleigh ride, rode in an auto through the mud and was well contented to come back where the trees and the grass are green.

The Red Cross Drive in this locality is meeting with the expectations of the committee having this Drive in charge. Last Sunday a representative number of our people went to Hopewell and met with the good people there and appointed a soliciting committee and expect in the near future to organize a chapter of the organization there. Last Tuesday evening a large delegation of our people accompanied by County Chairman Dennis, who made the address of the evening. Among other things he said, he suggested that any society, church or Sunday school that has a member in the army it would be a very appropriate Christmas present to buy a membership in the Red Cross for the absent one, which we are fully convinced would be greatly appreciated by the soldier or sailor boy. A soliciting committee was appointed and an organization of a chapter will be affected in the near future.
