Mrs. H. H. Burnham is spending the week with a daughter in Portland and expects to be home the latter part of the week.

J. J. Denson, W. S. U'Ren, J. E. Proffitt and F. T. Mellinger were in Portland Wednesday last on business in connection with the moving picture show of his place.

Other recent visitors at the Mrs. C. H. Woodworth home were Mrs. Benedict and son Bert, Mrs. Endicott and daughter Dorothy, and Mr. and Mrs. N. M. McDonald all of Portland.

Mrs. E. Fischer gave a very enjoyable time to a number of her associates and friends in the Opera House here last Friday evening. Card playing and dancing and social conversation were the features of the evening. Light refreshments were served.

J. M. Crawford, J. L. Stuart and M. G. Miller represented Dayton and vicinity at the good roads meeting held in McMinnville Wednesday of this week.

Dr. H. V. Mellinger and wife, a brother of our fellowtownsman, J. E. Mellinger, visited his brother and children here over Monday night and Tuesday taking the evening train for Portland. The doctor has been in Uncle Sam's service over seas in the capacity of a medical man in the heavy artillery and comes to us as a first Lieutenant. A family reunion was held at the J. E. Mellinger home here Monday evening which was greatly enjoyed socially and by listening to interesting reminiscences of the doctor's experiences in France. He was 11 weeks on the firing line, had charge of one of the first aid stations and tells quite a different story from the poor boys that endured trench life and went over the top. Instead of the artillery going over the top, they sent their compliments over in the shape of 300 pound projectiles that exploded when they landed. He may visit us again and then we hope to be able to have our friends meet him and be able to listen to what he may be able to tell you that will interest you.

Two Details Necessary to Life

- No. 1. Good, wholesome food properly cooked.
- No. 2. Warm, clean clothes properly washed.

Cooking is a job every woman tires of. Three times a day, 365 days the year, 1195 times from Christmas to Christmas, the fire must be made in the old cook stove. What a monotonous, tiresome, wearing thought. Modern man, thoughtful, cunning and skillful has found the answer. THE ELECTRIC RANGE Touch a button, the fire is made. Clean, Comfortable, Wonderful cooking at a reasonable cost.

Once a week all the clothes must be scrubbed and rubbed, rinsed and wrung, and nothing is more tiring, no work harder. The Electric Washing Machine is a perfect answer to these conditions. The cost to operate is small.

Ranges and Washers can be had practically on your own terms. Special rate 4 cents for cooking.
