PERSHING PINS HERO MEDAL ON CHINESE YOUTH

Sing Kee Sticks to His Post Under Heavy Fire.

Here is a text book on Americanism written in Chinese character and translated for use on the day next month when a Liberty Loan salesman tackles you to do your duty. It is an official American communique:

"Pvt. Sing Kee, Infantry. Chung Kee, father, 604 North Fourth street,

San Jose, Calif. 'For extraordinary heroism in action at Mont Notre Dame, west of Fismes, France, August 14, 15, 1918. Pvt. Kee, although seriously gassed during shelling by high explosive and gas shells, refused to be evacuated, and continued, practically single-handed, by his own initiative to operate the regimental message center relay station at Mont Notre Dame. Throughout the critical period Pvt. Kee showed extraordinary heroism, high courage, and persistent devotion to duty and totally disregarded all personal danger. By his determination he materially aided his regimental commander in communicating with the front line.'"

Sing Kee wears the Distinguished

Service Medal of the United States of America.

Sing Kee is for America—for her enough to lay down his life. Are you for America? Are you as good a man as Sing Kee?

Then buy of the Victory Liberty Loan to the limit.

BOLSHEVISM—ITS CURE

President Wilson has asked for food to stop the wave of Bolshevism rolling westward out of Russia. No intelligent person doubts the value of food as a first aid, but at bottom the security of our institutions rests upon the working interest the people take in those institutions.

Citizens having no interest in a government, no economic interest in the success of that government, are apt to be the first victims of vicious propaganda or unbalanced political theorists. On the other hand men and women who have invested in their government either by way of conducting private enterprise under its protection or through direct purchase of government securities have something at stake and desire to maintain stable institutions. Such persons are not necessarily reactionists. They may be quite progressive and anxious for reform where reform is needed.

Consequently the effective barrier to Bolshevism in America today is thrift and investment. The philosophy must reach into the workshops of the nation. It is reaching into those workshops and into the schoolhouses of the nation in the form of the Thrift Stamp and the War Savings Stamp, interest paying engagements of the United States government which can be bought for as low as 25 cents.

When everybody in America is buying Thrift and War Savings Stamps as a habit, one won't hear much about the I. W. W. in America.

It is the financial and patriotic duty of every American who loves real liberty to get the Thrift Stamp habit NOW.

Work and save. Invest in war savings. Hold your securities. Do not surrender your War Savings Stamps or Liberty Bonds conditionally or unconditionally.
