The Nebraska legislature went into special session Wednesday to consider the question of ratifying the federal woman suffrage amendment.

Chicago street car employees Tuesday night voted to strike, after refusing to ratify an agreement reached earlier in the day between representatives of the employees and employers.

The special treaty with France, promising immediate American aid to that republic in repelling any unprovoked attack by Germany, was sent to the senate Wednesday by President Wilson.

In the house of commons Wednesday afternoon, Winston Spencer Churchill, secretary of war, explained the government's Russian policy, which the liberals and labor unionists both have been strongly attacking.

Austria has been granted seven additional days for consideration of the peace terms. August 6 will be the final day on which the Austrian representatives may submit inquiries. This was decided upon by the supreme council.

Three bombing planes, including the Martin machine, in which Captain Roy N. Francis planned to leave Friday on a transcontinental flight, were wrecked by a terrific electrical storm which, sweeping over Long Island Tuesday, struck a steel hangar at Hazelhurst field.

After brief debate the senate Tuesday adopted a resolution by Senator Poindexter, republican, of Washington, authorizing the federal trade commission to investigate recent increases in the market price of fuel oil in the United States, and especially on the Pacific coast.

President Wilson will not leave on his speechmaking tour of the country before August 15 and possibly not until late in August. This was indicated Wednesday by the formal announcement by Secretary Daniels after a conference at the White house that the review of the newly organized Pacific fleet at San Francisco, originally set for August 15, had been postponed in order that the president might be present.

Rioting between whites and blacks continued long after midnight in Chicago Tuesday, and several casualties were added to the list of 27 dead and hundreds of wounded. A negro residence was burned by whites but the occupants escaped. The 9th and 10th regiments of Illinois troops from Cairo were reported on the way to Chicago to increase the available soldiers to more than 7000, but none had taken up patrol duty.

The wooden steamer Admiral Knight of 600 tons, of Seattle, was burned to the water's edge on the coast between Vancouver and Victoria Saturday. The 23 members of the crew were rescued.

A regular flying-boat passenger service between New York and Atlantic City started Saturday, the first machine leaving New York at 1 P. M. for the New Jersey resort. The boat carried two passengers.

Five hundred and one persons died by violence or accident in San Francisco in the fiscal year ending June 30, according to the annual report of Coroner T. B. W. Leland. One hundred and ninety-eight cases of suicide were reported during the year.

Perfectly good cold tea, attractively sealed in glass containers and bearing labels resembling those used by the government on bonding 100-proof liquor, has been sold in Salem, Ore., during the past few days at prices ranging from \$7.50 to \$14 a quart.

BOMB RUINS LAWLER HOME

Ex-U. S. Attorney and Family Seriously Injured.

Los Angeles.—Revenge for the part he played in the prosecution of a group of dynamiters in the middle west several years ago was assigned by the police here as the probable motive for an attempt on the life of Oscar Lawler, former assistant attorney-general of the United States. Mr. Lawler's home was practically destroyed by a bomb and subsequent fire here early Sunday, and he and Mrs. Lawler both were seriously burned and otherwise injured.

Mr. Lawler and his wife escaped with difficulty from their blazing home when he carried the fainting woman to a front second-story window, dropped her on an awning and thence to the ground and leaped after her.

Before making their escape the Lawlers had attempted to rescue their 5-year-old son Oscar and his nurse, who were on another sleeping porch, but had been prevented by the flames. The boy and his nurse were later saved by neighbors.

Mr. Lawler received burns covering half his body and his physicians said his recovery was possible, but whether he would live could not be determined at once.

Mrs. Lawler will recover although severely burned and suffering from a broken collarbone, according to her physicians.

M. P. Snyder, mayor of Los Angeles, with his chief of police, George Home, were in conference with representatives of the county and state government and with federal authorities, laying plans for a thorough and systematic effort to apprehend the perpetrators of the explosion and fire.

A reward of \$5000 for the arrest and conviction of perpetrators of the outrage was offered by the Merchants' and Manufacturers' association. Mayor M. P. Snyder announced he would ask the city council to offer an additional reward of \$1000.

Three explosions, believed to be those of a bomb and two 5-gallon cans of gasoline or some other inflammable liquid, were heard by those nearby, and in an instant, according to eye-witnesses, a column of flame shot above the roof of the Lawler home. The building was almost destroyed and its contents were either entirely destroyed or made worthless.

Strike Threatens Serious Tie-Up of Big Railroads

Chicago.—A complete tie-up of the railroads of the country is very probable, in the opinion of H. Hawver, president of the Chicago district council of the Federated Shopmen's union, which called a strike of shop crafts Friday. He returned from Washington Sunday and declared the strike is spreading rapidly, and that the unrest among railway workers is so general that the movement has overwhelmed the international officers of the various unions involved.

Advices from Cleveland were that the executive board of the American Federation of Railway Workers, with a membership of 26,000, had decided to strike, according to Mr. Hawver.

With more than 250,000 shopmen on strike and the number increasing, both President Hawver and Secretary John D. Saunders declared railroad schedules and industry would be seriously crippled within a day or two. Already steel mills and other industries at Gary and other northern Indiana points and in Chicago have begun to feel the effects of the strike, according to the union leaders.

Germany to Begin Freeing Russians.

Paris.—Marshal Foch appeared before the supreme council Saturday in connection with the discussion of the Russian prisoners' problem. The condition of the Bulgarian army also was taken up, Marshal Foch making a report on the number of effective troops Bulgaria still has under arms.

The council has decided to inform Germany that all restrictions on the movement of Russian prisoners held in Germany have been lifted. Germany may now release such prisoners and hereafter will be responsible for their maintenance.

There are between 200,000 and 250,000 Russian prisoners in Germany. This has been a great problem for the allies, as many of the Russians are bolsheviks. Poland heretofore has been unwilling to allow Russians to cross Polish territory on their way to Russia.

CHICAGO RIOTING GROWS IN SCOPE

2 Thousand Whites and Blacks
Meet in Fight.

NEGRO HOSPITAL HIT

Militia Units Mobilized in Many Parts
of Illinois Ready to Move on
Call to Help Police.

Chicago.—With race riots spreading to parts of the city far removed from the "black belt," in spite of the efforts of every policeman in the city to maintain order, Chicago is facing the probable necessity of calling into action the 6500 members of the national guard mobilized at central points throughout the metropolis.

Rioting was sporadic throughout Tuesday, and broke out with renewed violence after business hours, attaining a climax about 10 o'clock, when fatalities had reached a total of 27 following an attack on Provident hospital, an institution for negroes.

In the shooting that followed the attack one negro was killed, two policemen, one white citizen and six negroes were wounded, some of them seriously, and inmates of the hospital were saved from maltreatment solely because the attack was fought off.

Hundreds of whites followed the leadership of a man who is said to have rushed through the nearby streets firing a revolver.

The hospital was caring for about 70 patients, about a score of them negro victims of riots. The presence of policemen prevented a more serious riot. The patients were thrown into a serious condition, the hospital authorities said.

The riot at the hospital was precipitated by another at State and Thirty-fifth streets, where two white men and one negro were killed and approximately 30 negroes wounded in a battle that followed a collision between an automobile and a police patrol wagon.

A small automobile filled with whites, each armed with a pistol and all firing indiscriminately at blacks, crashed into a patrol wagon at the street intersection.

Two of the whites were killed in the collision. Two others and every policeman in the patrol wagon were hurt.

Hungarian President Suicide.

Geneva.—Alexander Garbai, president of the Hungarian soviet government, killed himself in the assembly building at Budapest after delivering a speech against the soviet and the communist supporters and accusing Bela Kun, soviet leader and minister of foreign affairs, of leading the nation to ruin, according to the Munich Nachrichten. M. Garbai until recently was reputed one of the strongest supporters of the soviet government, but lately he was said to have opposed Bela Kun. He was quoted as stating he realized the futility of the government's course and its dangers to the country.

Soda Tax Nets \$35,323.

Portland.—That luxury tax on ice cream sodas has already netted \$35,323 in Oregon. The girls who make a lunch on a sundae have been doing their share and the way the money is rolling in gives some idea of the ice cream consumption in Oregon. The tax on ice cream sodas and other fountain drinks began May 1. Up to Tuesday the collector of internal revenue had received \$35,323 from the fountains and this sum is far from being complete, as thousands of dealers have not made their returns. The present receipts are for May and June.

Germans Vote Confidence.

Weimar.—The German national assembly voted confidence in the government Wednesday by a large majority. The assembly previously rejected, by a vote of 243 to 53, a motion of lack of confidence offered by the party of the right.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callous stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

MOTHERS TO BE

Should Read Mrs. Monahan's
Letter Published by
Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.
