TROOPS REPULSE KENTUCKY MOB

Lexington, Ky.—Four persons were killed and fifteen were wounded here when a mob intent upon lynching William Lockett, a negro, who confessed to the murder of 10-year-old Geneva Hardman, charged the court house during Lockett's trial and was fired upon by police and state troops.

Two women were reported to be among those shot by the state troops.

The clash with the soldiers held off the mob while the authorities managed to slip the negro away to a place of safety.

Great trouble was caused by the shooting and there were mutterings of further trouble.

While the mob, the ring-leaders of which carried a rope, was attempting to get into the court house to get Lockett, a jury found him guilty of first degree murder and a minute or two later the negro was sentenced to die in the electric chair March 11.

LANE TO RETIRE MARCH 1

Both President and Secretary Express Regret at Serving Relations.

Washington.—President Wilson accepted, effective March 1, the resignation of Franklin K. Lane, for nearly seven years secretary of the interior.

Letters exchanged between the president and Secretary Lane, which were made public, indicate that good feeling marked the retirement. Both the president and Lane expressed regret. Lane resigned, it is understood because it was necessary for him to earn more money than a cabinet officer's salary.

Among those being mentioned are Alexander T. Vogelsang, first assistant to Lane; James Hawley of Boise, former governor of Idaho, and ex-Senator John F. Shafroth of Colorado. Many Western senators, it is understood, favor Vogelsang.

GRAND JURY CHARGES WHEAT MANIPULATION

M. H. Houser Accused of Helping to Corner Wheat Supply and Raise Price.

Spokane.—Wholesale speculation in grain by milling companies of the Pacific northwest, among them three Portland concerns in which Max H. Houser, vice-president of the United States Grain corporation for the northwest, is declared by the report to be interested, is charged in a return made by a United States grand jury here.

Purchase of grain at the government fixed price, estimated by the report to total \$5 per cent of the Washington state crop of 42,000,000 bushels in 1919, by about half a dozen large grain concerns is charged by the report, which declares that by purported sales of grain to each other and through "manipulation of the grain market centered at Minneapolis," and by other methods, they have advanced the price to about \$1 a bushel above the government price.

The grand jury recommends that President Wilson issue a proclamation under the wheat guarantee act, fixing a selling price for all wheat now held in the United States at the price paid to the farmer, plus a reasonable carrying charge and that a similar price be fixed on flour and mill feed.

It further recommends that no appropriation be made by congress to finance wheat sales to foreign countries until such time as the American people are relieved from paying the extortionate prices now required of them by reason of grain manipulation.

HOUSER SAYS CHARGE FALSE

Grand Jury Accusations Are Declared Ridiculous.

Portland, Ore.—M. H. Houser declared there was no basis whatever for the allegations made by the Spokane grand jury. He said:

"The allegations made by the federal grand jury at Spokane are untrue. The whole thing is a misstatement and distortion of facts. The charges are ridiculous and absurd and they cannot get figures to substantiate them. They simply don't know what they are talking about."

"The average price paid to the farmer for hard wheat was far above what the grand jury claimed, and wheat was not sold to the mills at the prices alleged. Had the mills paid such prices as charged they would have had to sell their flour at over \$16 a barrel, whereas the flour price has averaged under \$12 a barrel."

"I have had absolutely nothing to do with the management of any of these concerns, notwithstanding what the grand jury may say to the contrary. If I were loose from the grain corporation and anxious to collect a few filthy dollars, I would not put in my time day after day with the thankless job of trying to handle the grain corporation here in the northwest."

According to these dispatches the attack was the initiation of an active rebellion in Korea. It was described as the "beginning of a tremendous affair."

Lloyd George Less Harsh on Germans.
