

Unusual Tires

TIRES that are different in their distinctive good looks and in their construction. An extra ply of fabric, an extra heavy tread and generous oversize make a tire of remarkable endurance.

S. B. Dey and family have been enjoying a visit from a granddaughter and great grandson from California. This company consisted of Mr. and Mrs. Tom Drake and the great grandson referred to. This is what caused that broad smile to over come the features of S. B. Dey when he was telling about being great grandpa.

All stores and places of business were closed Monday afternoon out of respect to the memory of the late J. D. Landess, during his funeral services in McMinnville. It has been estimated that there was some 150 of his former neighbors and business associates from Dayton and vicinity present at these services which shows the high degree of respect he was held in by his intimate acquaintances.

Ralph Johnson a brother of C. E. Johnson visited his brother and father in this place Sunday last.

Macy Hatfield after spending the most of the summer here took his departure last week for some point in Nevada where he is looking for a location to engage in the stock raising industry.

Last Friday morning it seemed as though half of the town of Dayton was going to Portland to witness the day's doings and to see the electrical parade in the evening.

H. H. Burnham, who was once one of the quick steppers of our town came down on slow gear a day or so ago and upon inquiry it was learned he was slowing recovering from a severe sprain of his back.

Misses Lorenzen and Oliver of the Bank of Dayton force were in Portland celebrating with the happy ones at the Rose show last week.

The first load of new hay to be hauled to town was on our street the latter part of last week under the guidance of G. W. Smith and W. F. Parker.

WANTED—Listings of real estate for sale on commission.

Charles Andersen, Box 132,
Dayton, Oregon.

All our people that have been in Portland during the Shriners convention and the Rose Festival have reached home safely and seem to be enjoying the warm weather as well as the people that stayed at home this past week.

A number of our leading business men headed by Mayor Snyder were in Salem Wednesday evening to attend a good roads meeting in which Dayton and vicinity are much interested.

A town is like a large family. We are all interested in each other's welfare, or should be. A cut-throat, every-man-for-himself policy means ruin for any community. It means retrogression and failure. The first lesson that any family must learn is that to be happy and successful is unity and mutual assistance. The same applies to the business life of a town and the more generally it is obeyed the more abundant will be the town's prosperity. Stand by each other and patronize the home folks.

Why the Country Bank Is Preferable to That of Large City

THE interests and industries of the smaller city and community are stable. Conditions do not give rise to mushroom industrial and commercial activities, which the larger city banks are called upon to finance.

The Bank of Dayton can look forward from season to season, knowing the needs of its customers, and accurately estimating the chances of success of those enterprises which it encourages.

Therefore it is banking strength and safety, not size, which counts.

"You Can't Go Wrong On Either Tire"

That's what we tell our customers when they ask us which type of Goodyear Clincher is the best buy. The two-cure Goodyear with the All-Weather

Tread and the single-cure Goodyear in 30x3, 30x3 1-2 and 31x4 sizes, plain or non-skid tread, differ in quality just about as they differ in first cost.

Either tire is a real good buy. So it's just a matter of how much you want to pay. You'll sure get your money's worth from either.

We've got your size - with a Regular or Heavy Tourist tube to match - just when you want it.
