"You Can't Go Wrong On Either Tire"

That's what we tell our customers when they ask us which type of Goodyear Clincher is the best buy.

The two-cure Goodyear with the All-Weather

Tread and the single-cure Goodyear in 30x3, 30x3 1-2 and 31x4 sizes, plain or non-skid tread, differ in quality just about as they differ in first cost.

Either tire is a real good buy. So it's just a matter of how much you want to pay. You'll sure get your money's worth from either.

We've got your size - with a Regular or Heavy Tourist tube to match - just when you want it.
