What is more important in the life of a child than its first day at school? The first impression mayhaps will mold their whole lives. Give the boy a nice suit, and the little girl a nice dress, and each a good pair of shoes, and the balance of their clothing to correspond, and they'll go at their studies with a vim—radiating sweet childish sunshine.

Careful Custodians

CONSERVATIVENESS is the twin characteristic of progressiveness at the Bank of Dayton.

Too much conservativeness would be at the expense of progress while on the other hand too much progressiveness might be equally bad in the other direction.

Make More Money

By Feeding a Scientifically Balanced Dairy Feed

A cow cannot make a record production on mill run or ground oats alone, and the dairyman who persists in feeding these is overlooking many dollars. The Eidelweis Dairy of Portland, won

FIRST PRIZE

for Oregon and second prize for the Northwest for high milk production, by feeding LILLY'S Dairy Feed. They milk 85 cows. A month's trial of

LILLY'S HIGH PROTEIN DAIRY FEED

will convince you and will cost but a trifle more than the cheapest feed. If it does not produce better and more milk after a month's trial then go back to your old standby

What's Inside A Tire

Miles or Disappointment?

We have seen enough grief coming from tires that have no name on them at all, or some name that nobody ever heard of—tires that cost enough to be good but were in the end a disappointment.

For years we wished that some real manufacturer would come out with a small car quality tire that would sell for a low price.

Now we have it.

Size	Plain	Anti-Skid
30x3	\$17.75	
30x3 1/2	21.15	\$23.50
31x4	29.50	32.80

Tires to suit the man who must watch his pennies, and tires that equip the world's most luxurious cars. We have them and every one has the Goodyear name on it and an unlimited service guarantee back of it.

DON'T FORGET—THEY ARE GOODYEARS
