What's Inside A Tire

Miles or Disappointment?

We have seen enough grief coming from tires that have no name on them at all, or some name that nobody ever heard of—tires that cost enough to be good but were in the end a disappointment.

For years we wished that some real manufacturer would come out with a small car quality tire that would sell for a low price.

Now we have it.

Size	Plain	Anti-Skid
30x3	\$17.75	
30x3½	21.15	\$23.50
31x4	29.50	32.80

Tires to suit the man who must watch his pennies, and tires that equip the world's most luxurious cars. We have them and every one has the Goodyear name on it and an unlimited service guarantee back of it.
