The voice of the People has been answered! Absolutely every article in our enormous stocks of Ladies' Ready-to-Wear, Men's and Boys' Clothing and Furnishing goods, Dry Goods and Shoes has been radically reduced to meet the Public's demand for lower prices.

Months ago when we placed our orders for merchandise for this Fall, the future looked very bright, and consequently we bought very heavy, so that now we have on our shelves one of the heaviest stocks this store has ever carried. Since then sudden changes of which the public is well aware have taken place. The heavy rains and subsequent crop losses—the present market conditions—the Public's incessant demand for lower prices—have brought about conditions undreamed of earlier in the season.

And so this store, as usual, is first in this vicinity to take action, and this sale is the result. But remember this:—There is very little doubt in the minds of those most conversant with market conditions, but that the present decline is only temporary and that by January 1st prices will have stabilized and reached a higher level than at present. So now is the time to supply your needs in all lines,
