JOHN ERVIN DEVORE

John Ervin Devore was born in Ottawa, Kansas, Jan. 18th, 1869 and died, April 18th, 1922, being 51 years and 3 months old at the time of his death.

When 14 years of age he moved with his parents to Dawson, North Dakota. He was married to Miss Mary Ellen Niles, Jan. 18th, 1894. He moved to Oregon in 1902 and was for a while a member of the Hart, Devore Hardware Co., in Dayton.

His wife died in August, 1911. In March, 1913 he was married to Miss Marguerite Dupertuis and from that time has lived and engaged in the mercantile business in Dundee, Oregon.

His death was very sudden, being sick only three days. Surviving him are his wife and little daughter, Esther Mae, three brothers, Charles of Lewiston, Idaho, and Samuel and Harry of Dawson, North Dakota.

Funeral services were held in the M. E. church, Dundee, Oregon, Friday at 2 p. m., the resident minister officiating. Interment in the I. O. O. F. Cemetery, at Dayton.

HOUSE VOTES FOR 86,000 IN NAVY

McArthur Amendment Providing For Navy Minimum Is Carried.

Washington, D. C.—With nearly 50 votes to spare "big navy" men put through the house by a vote of 177 to 130, an amendment to the 1923 naval bill increasing the enlisted force from 67,000 to 86,000.

The vote came after nearly a week of dramatic debates, such as have been rarely witnessed in the house in recent years.

President Harding, it is admitted, gave the big navy men their large majority of 47 votes by writing a letter in which he came out for the navy of 86,000 men. This action was taken in the face of the stand of Republican house leaders for the reduction to 67,000 men, as provided in the bill approved by the house appropriations committee.

The refusal of the house to cut to 67,000 men will mean at least an additional expenditure of \$14,500,000, this amount being provided in the amendment of Representative McArthur, of Oregon.

At present the naval strength is slightly in excess of 100,000 men. Debate centered around what would be an adequate personnel to maintain the navy on the 5-5-3 ratio with Great Britain and Japan, as provided by the arms conference. The navy department and Harding insisted 86,000 was the minimum number to keep America's ratio from dropping below five. The little navy forces asserted 67,000 was adequate.

EXTEND ALIEN LAW TWO YEARS MORE

Washington.—The senate, by a viva voce vote, adopted a joint congressional resolution extending for two years the present law restricting immigration into the United States to 3 per cent of the number of foreign nationals in this country when the 1910 census was taken.

The resolution was passed by the house on February 20 and now goes to conference because of amendments adopted by the senate.

An amendment offered by Senator Harris, democrat, of Georgia, to prohibit all immigration for five years, was voted down by a viva voce vote.

The resolution as passed by the house only extended the law for one year, but it was stated that concurrence of the house in the two-year extension provided by the senate was expected to be agreed to in conference.

Southern Judge Slays to Protect Wife

Staunch friendships indicate a highly interesting legal battle at the trial of Judge J. J. Day of Oklahoma City for the killing of Lieut. Col. Paul W. Beck, U. S. Aviation Corps, in the former's home. The only witness was Mrs. Day, over whom the killing resulted. Friends for many years, Colonel Beck was a guest in the Day home.

ALLIES ASK DEFINITE REPLY FROM RUSSIA

Genoa.—The Russian delegates were told to answer definitely yes or no as to whether they will put into practice the conditions of the Cannes resolution and the guarantees submitted to the London experts' report, according to a French communique issued.

Premier Lloyd George of Great Britain has announced that his aim at the Genoa conference is to bring into being a pact among the 34 nations represented, agreeing not to invade one another's territories. It would be similar to the four-power pact negotiated at Washington.

Britain is against a pact with military sanctions, it was declared, because sanctions belong to the order of ideas that an endeavor is being made to get away from, and guarantees would mean a new grouping of the powers. The military holiday idea is not practical.

In response to questions, the spokesman for the British said that Mr.

Lloyd George's plan resembled President Harding's idea for an association, which it was hoped would bring disarmament or a big reduction of armament in its wake.

FARMERS ARE ON INCREASE

Census Bureau Reports Figures on Washington State.

Olympia, Wash.—Just a little more than half of Washington's total population above the age of 10 years is engaged in gainful occupation, according to figures announced by the bureau of statistics and immigration in the office of Secretary of State Hinkle.

The population of male farmers increased 10.2 per cent over the figures of the 1910 census, with a total in 1920 of 50,184. Farm labor, however, showed a decrease of 24.6 per cent. The total of farmers and farm labor for 1920 was 75,510.

The number of female farmers showed an increase of 152 over 1910, the total for 1920 being 1878.

JAMES DUNDAS

James Dundas passed away at his home about three miles from Dayton, on Tuesday, April 18th, 1922. Death followed an operation which was performed at his home Sunday.

Mr. Dundas was born in Canada, October 19th, 1849, being 72 years, 5 months and 27 days old at the time of his death.

He came with his parents to Illinois and after living there a short time moved to Iowa in 1865. He came to Oregon with his brother Alfred in 1875 and purchased the farm on which he lived until the time of his death. He was a prominent citizen of this locality and was highly esteemed.

He was married to Miss Aggie Gibson, July 1st 1879. To this union six children were born, one son having preceded him to the spirit world. He is survived by his widow and five children and three brothers. The children are: Mrs. Jennie Johnson of Newberg, Mrs. Flossie Johnson, of Dundee, Jessie, Warren and Roy Dundas at home, with their mother on the home place; the brothers are David Dundas of Iowa, Alexander Dundas in Colorado and Alfred Dundas of Willamina, Oregon.

Funeral services were held at his home, Friday morning and burial in the I. O. O. F. Cemetery near Dayton, Oregon. Rev. M. A. Marcy officiating.

GERMANY AND RUSSIA FORM ECONOMIC PACT

Terms of Treaty Call For the Closest Cooperation Between the Two Countries.

Genoa.—Germany and Russia have completed an economic treaty, it was learned on high authority here.

By the terms of the treaty that has been concluded, all war claims which each country held against the other have been swept off the table. The two countries are resuming friendly relations with a "clean slate."

The treaty provides for immediate and formal recognition of the Russian soviet government by Germany.

The treaty terms provide for the closest economic cooperation, especially with regard to the construction of Russia. The treaty contains ironclad safeguards against the colonization of Russia.

The treaty contains a most favored nation clause.

Premier Facta of Italy as president of the economic conference issued a sudden summons Monday afternoon for a conference of the heads of the inviting powers now in Genoa. It is believed one reason for the calling of the conference was the announcement of the signing of the Russo-German treaty.

The announced object of the meeting was to adjust by consultation the attitude of the allies toward the Russian question.

The Japanese were included in the invitation.

AGRICULTURAL BILL PASSED

Senate Reverses Itself and Includes Free Seeds Item.

Washington, D. C.—Another of the annual supply bills, the agricultural appropriation, was passed by the senate after it had reversed itself and restored the free seeds item for another year. The bill carries approximately \$37,250,000, or about a million and a half more than was passed by the house.

The item of \$360,000 for the free distribution of seeds was included in the measure as it passed the house, and therefore will not be subject to discussion when the bill is taken up for adjustment of differences between the two houses. The vote by which the appropriation was stricken out was 29 to 24, but on reconsideration it was restored by a 31-to-30 vote.
