Joe Francis is having the old blacksmith shop on Ferry St, reshingled and generally repaired and will occupy it with his mechanical equipment, this will give the Gates Motor Co the complete floor space of the building, at present occupied by both the garage and blacksmith shop. The boys garage business had out-grown the space they had, which necessitated the change.

The mode of procedure of conducting funerals in this neighborhood might have been permissible fifty years ago when the facilities were not as they are today, but to a looker on it would seem an opportune time to change tactics. Practically every undertaking establishment is now equipped with a lowering device, which prevents accidents at the grave, and it would seem that those that do not possess that equipment should obtain one.

Somebody Is Saving

Did you know that last year the savings of the people of this country amounted to 6,938 million dollars? This is 334 million more than a year ago, and 500 million more than two years ago.

So SOMEBODY is saving, that's sure. Are YOU? That's the question. The huge advance in savings may be due to prohibition or many other causes, but it shows that our people are beginning to "salt down" more money than in really prosperous times. We invite you to open an account at our Bank and join the WISE crowd.
