**LAFAYETTE**  
 Will Morgan and wife were Portland visitors last Friday.  
 Mrs. E. M. Holmes and daughter Alma, of Junction City, spent a few days at the home of her parents Marion Biddle and wife, last week.  
 Faith Snyder of Portland is visiting her friend Miss Alice Wade, and her grandmother Mrs. Hansen.

James Davis who has been working at Grand Ronde was home several days last week.  
 Carl Reister and Orrie Biddle attended a County Christian Endeavor meeting in McMinnville, Sunday afternoon.  
 Mrs. Rosa Gray entertained the Lavender Club last Wednesday. Mesdames Hodgkin, Blough, Bryan, Stuv, Vinson, Coughtry, Nancy Davis, Henry Davis, Gray, and Robertson were present. Mrs. Nancy Davis will entertain the Club, April 29.

The George Roberts family has moved to Kiamath Falls. They are making the trip by auto.  
 Mr. and Mrs. McCutcheon of Sherwood visited the Doney family Sunday.  
 Miss Zelma Smith spent last week end with friends in Carleton and reports a very nice time.

The H. G. C. met with Clara Francis Cattle, Saturday afternoon and elected new officers. After the business meeting the time was spent in a social hour.  
 Although Norman Carlson is getting better after his long illness, we are sorry to hear that he will not be able to return to school for some time.

Mr. Winegar is here from Enright for a short visit with his family.  
 The Ladies of the Civic Club met one afternoon last week and cleaned up the vacant lot where the old dance hall was torn down. If the weather permits they will meet and clean the park Saturday.

Emil Lindroff and wife expect to leave in a few days for a month's trip through California.  
 Chester Morgan who is working near Mt. Hood in an orchard was home for a short visit with his parents Fred Morgan and wife, recently.

W. J. Robertson and family and Miss Edith Cushing visited at the Ralph Taylor home in Pleasantdale, Sunday afternoon.  
 Mary Smith and Clara Abernathy of Newberg, and Mesdames Daisy Bones and Huddleston of Dayton, visited the Colson family last Friday. Mary Smith is a great, great aunt of Ida and Dorothy Deane.

The winning side of the Rebekah contest which ended recently was most royally entertained by the losers after lodge Thursday evening. The tables were beautifully decorated with dark blue iris and narcissus. The menu consisted of sandwiches, coffee, salads, and cake.

## It costs less to paint than not to paint when you use Acme Quality

This good paint protects buildings, implements, trucks, tractors and wagons so completely from the danger of rust and decay that it actually costs less to paint than not to paint.

You know the serious damage that rust can do. And you know what happens when things are left exposed to the weather, even for a few months. The walls of your buildings protect your property that is inside of them. But the walls, too, need protection, for without paint nothing stands in the way of the damage that can

be done by rust, rot and dampness.

Protect your property with Acme Quality, and you not only guard it against the elements but you also add dollars-and-cents value in the added good looks that come with the use of this paint.

There is a particular Acme Quality product for each particular farm surface—one made especially for each individual job. Come in and let us show you how much more satisfactory, and how much more economical it is to use this famous brand.

Charles Schauander who recently purchased the garage formerly owned by Emil Lindroff will occupy the Chas. Peters house.

Mrs. Harvey Rosa is quite sick. We hope for a speedy recovery and that she will soon be back at her work among the young people.

Last Friday after school the "Willing Workers" class of boys and the older boys from the young people's class met at the Evangelical church armed with various implements of warfare. By 6:30 the wood shed, instead of being empty, was half full of wood, both sawed and split. The ladies of the church had prepared a fine supper for the boys. After an hour at the table the boys were full and the table empty. One young man was absent from Sunday School so we are wondering if he really ate too much. While the boys were at work with the wood, Earl Powell was busy making more conveniences for the church kitchen.

Starting with a small amount of hot water in washing dishes and adding more as needed will save much time.

Money can't buy happiness—but money will buy an automobile in which a fellow can go searching for happiness.

Those research folks might try to find a way to make baldness attack the chin instead of the head.

"There are germs that live on other germs." There are people like that too.

The happiest man in the world is the one who lets his neighbors tend to their own affairs.

It is said the kiss is losing its kick, but where does the kick come in anyhow?

Prunes soaked at least 24 hours and cooked slowly on the back of the stove require no sugar.

When heating cereal that has been cooked over-night in the fireless cooker an asbestos pad placed underneath the utensil prevents sticking.

## The LAW FORBIDS

The world adored her for her beauty and sweetness on the stage. Behind the curtains she was a selfish, spoiled, petted vamp. Other women's husbands looked better to her than single men. And then—smack across the stage walked a little imp of a child with fire in her eyes and—the vamp had met her match!

A tremendously gripping drama lightened by the most delightful humor! With an All-Star Cast Baby Peggy, Elinor Faire, Winifred Bryson, Robert Ellis, Hayden Stevenson, Joe Dowling and others.

Arcade Theatre Sat, April 25

If some one were to ask you this question:

"What are the two most useful, serviceable, and cheapest mechanical devices used today in the American Home," what would you answer? There would doubtless be a variety of answers. But—The Electric Washing Machine is beyond doubt the greatest labor saving device ever invented for the home. That is one of the two. When you consider the cost of doing the average family washing once a week costs about twenty-five or thirty cents a month, can you think of anything equally serviceable and comparably cheap? The Electric Range comes next with its tremendous power in labor conservation. Think of this. An automatic Electric Range which turns on the energy and turns it off when the oven is just hot enough, cooks the food to perfection, saves a lot of labor, keeps the kitchen clean, will keep the food warm eight hours after the energy is off, well, the numerous wives and mothers who use this kind of fuel for cooking say it can't be beat. Washer? Range? Have you these two useful household necessities? Cooking rates three cents per K. W. H.
