O. A. C., May 14.—George Hessler of Dayton is a member of the 1925 graduating class, the largest in the history of the institution. The number of candidates for graduation is conservatively estimated at 530.

The record class up to this time was that of 1922, the big war group numbering 522. Last year 422 were graduated. The only possible explanation for so many seniors this year is that a larger per cent of those entering college are remaining to finish, believes E. B. Lemon, Registrar.

Seven students are candidates for the master of science degree, 12 for the degree of pharmaceutical chemist, and some 520 for the regular bachelor of science degree.

Mr Hessler is majoring in accounting and business management. Though earning 75 per cent of his college expenses he is an active member of Beta Alpha Psi, honor fraternity in accounting, Acacia Social Fraternity, Alpha Kappa Psi, commerce honorary, and Oregon Agricultural College Chamber of Commerce. He was house manager of Acacia Fraternity, secretary of Alpha Kappa Psi and editor of the O. A. C. Student Directory.

The annual meeting of the Brookside Cemetery Association will be held at the high school May 15 at 8:00 p. m. All members are requested to be present and any others who wish to preserve, protect, and beautify the cemetery.

Action and adventure; love and laughter; fights and flights; daring and disaster; gurgles and gasps; fun and frolic; this and a whole lot more is seen in "The Fighting American."

We made a trip to Nehalem, Friday, taking our daughter Mrs. Faye Newman and baby May Marie to their home in that town after a two weeks visit at our home here. While in Nehalem we attended a high school play and one thing we noticed was that they had music, an orchestra, glee club, and individual musical numbers, all of which we are sorry to say have been sadly neglected in the Dayton High School this year; and such neglect is surely a hard blow against a school.

The Best Advertisement

Do you know what we think is the best advertisement a Bank can have? It is SATISFIED customers.

Why? Well, for one thing, they tell their friends they have been treated right at our bank and induced them to bank with us, too. That is one reason why we try so hard to please our patrons. We help them and they in turn help us. Will you join us? No matter how small the account, you are welcome to our banking service.
