THE DIFFERENCE

Mrs. O'Brien—"Have you any ancestors, Mrs. Kelly?"
Mrs. Kelly—"And what's ancestors, Mrs. O'Brien?"
"Why, people you've sprung from."
"Listen to me, Mrs. O'Brien. I come from the stock of Donoghues that sprung from nobody—they sprung at them."

Sacrifice

Friend: "Tell me frankly—do you, as an efficiency expert, really and truly earn your salary?"
The Expert: "I'll say I do! I listen to the boss tell of his game of golf so as to let the rest of the office force attend to their work."

"A man who was moving to a house a short distance away, not wishing to trust a valuable grandfather's clock to the movers, decided to move it himself. After carrying the clock a short distance he would set it down and inspect it to see if it was all right. After watching the operation for some time, a man who was slightly under the influence of liquor stopped him and asked, 'Why don't you carry a watch?'"

My commission expires June 3, 1927.

It is economy on the part of Oregon farmers who raise stock to pasture the stubble field with hogs or sheep, the experiment station finds. The grain shattered or lodged will be readily gathered up by them and converted into a marketable form. Where considerable grain has lodged, hogs are used. Sheep are a good substitute.

Easiest Way
First Farmer—How do you find your new hired man, Ezry?
Second Farmer—I look in the shade of the tree nearest his work.

His Duty Done
"Fellow citizens," said the candidate, "I have fought against the Indians. I have often had no bed but the battlefield and no canopy but the sky. I have marched over the frozen ground till every step has been marked with blood."
His story took well till a dried-up looking voter came to the front.
"I'll say you've done enough for your country. Go home and rest. I'll vote for the other fellow."
