Diseased Tonsils

By Dr. B. H. Herben, of the New York Tuberculosis Association

Many people think that by treating diseased tonsils, the size can be reduced and operation be avoided.

It is true that this method of avoiding the removal of diseased tonsils has often been tried, but so far very unsuccessfully. Various methods have been employed, only to be dropped when it has been found that little permanent good is accomplished. Time and money are consumed without definite results and sooner or later the patient has to submit to an operation.

One of the methods of treatment was by means of the astringent solutions, that is, solutions which pucker and dry up the tissues. It was found that in some cases this worked for a while, but a good dose of infection caused the tonsillar tissue to spring up again. A more modern method of attack upon the tonsils which is liable to become a menace to health, either through its poison or by obstructing the breathing passages, is the use of the x ray. Up to the present date, throat specialists are not agreed as to the benefits of this treatment.

If the tonsils are diseased, the quickest and safest thing to do is to have them taken out by a competent surgeon. Many a child has had to undergo the low grade by constant poisoning of the system heart troubles, rheumatism with its St. Vitus' dance or some other disaster through the failure to remove diseased tonsils. Many a child has had the shape of the face spoiled and the contour of the chest changed because of obstructions in the nose and throat.

Such changes of the breathing apparatus and the formation of the chest, are of the utmost seriousness if allowed to develop. Chest constriction reduces the space for the lungs and prevents them from developing. This makes the child susceptible to tuberculosis, as well as other diseases. It may bring about trouble during childhood or it may be the cause of adult illness. Do not delay the proper care of the nose and throat.

EVANGELICAL CHURCH NOTES

Next Sunday is Rally Day in the Sunday School of the Evangelical Church. An appropriate program is being prepared by the superintendent, Miss Gladys Litcher, with her assistants: We meet at the ringing of the bell at 10 A.M., and there will be something doing till the close. The pastor will preach a sermon in keeping with the occasion. The same feature will be continued in the meeting of the Endeavor at 6:30 P.M.

What are you planning for next Sunday? Include attendance at the morning Rally Day service at the Evangelical Church.

Mrs. Jackson Silbaugh of Seattle, National Lecturer for the W. C. T. U., gave a splendid address at the Evangelical Church last Thursday evening. She showed the vital interest and value of Prohibition to not only the individual and the nation, but also to the world. The need of co-operation between Uncle Sam and the Canadian powers was clearly shown. The work of the local union of the W. C. T. U. is being revived as a result of her presence and work. Mrs. F. M. Fisher is taking the work of the presidency in the absence of Mrs. Goodrich.
