BLACK CATS AND WILD CATS

How to Keep from Growing Poor

Black Cats do not bring bad luck, not even on Hallowe'en. That's mere superstition.

But Years of bad luck, poverty and misery may follow if a "wild cat" as salesman crosses your path.

Beware of a friendly stranger with the winning smile. He may dupe you into a losing deal. You worked hard for your money. Don't let a sharper work you out of it.

Nearly a Thousand Dollars a year are picked from the pockets and banks accounts of too trustful investors, who are so eager to pick up "easy money" for themselves that they donate millions of easy money to promoters. A good rule for you to follow is.

"BEFORE YOU INVEST—INVESTIGATE"

We will gladly assist you in every way possible.

You will never find us standing in the way of your becoming rich. But we do want to stand in the way of your being made poor by false promises of some fake salesman.
