JOB WORK!

The Thrifty and conservative buyer is making preparations for the greatest of annual events. Christmas. The ones most dear to the heart expect and receive enduring remembrance for this Day of Days.

Gifts that serve, practical, lasting, useful ones, are those that reduce the physical efforts, give a measure of convenience, and gratify the user. The Electrical Industry has developed and expanded the list of useful presents as no other business has done, and a variety of articles and devices of the Electrical kind offers the purchaser unlimited advantages to buy serviceable presents at prices within the reach of every one.

The washing machine and the Electric Iron compose a complete laundry equipment that will make an unusually practical gift. The hard work of washing and ironing is eliminated with these wonderful inventions. An hour for the washing and half hour for the ironing tells the story.

There are many other useful devices, like the waffle iron, toaster, coffee percolator, curling iron and so on, that make acceptable Christmas presents and you will do well to see our complete line before you do your Christmas buying. If you cannot pay cash see us for terms.

We shall be glad to make satisfactory arrangements for your convenience. A Radio set is a most pleasurable offering. The latest and the best are in our stock for your inspection.

We call your attention to electric light bulbs. There are lamps built for service. There are lamps built for sale. The Edison Mazda laboratory tested lamp give the superior service, last the longest, and are constructed with meticulous care as to durability and illuminating quality. Buy them by the carton and make a saving.

Fighting tooth and toe nail in grueling hand to hand conflict on the wings of an airplane hundreds of feet in the air, missing his step and almost plunging to a ghastly death on the rocks below, is but one of the thrills developed with amazing skill in "The Air Hawk," the first of the entertaining Al Wilson aviation stunt melodramas which comes to the Arcade Theatre on Sat. Dec. 26.

EYE GLASSES LOST

Several members of the Chamber of Commerce of Portland, were in town a short time Saturday. We understand they were on a trip to Tillamook.

Bacterial gummosis of cherry in western Oregon is capable of wrecking a fine healthy young cherry orchard in the first few years of its life. Orchardists who use mazard cherry seedling trunk and frame work for all varieties of sweet cherries find that the bodies of such trees nearly always escape this destructive disease, says H P B Bars, plant pathologist of the experiment station.

School Notes

By Andrew Nichols

The basket ball games Friday night proved very exciting. When the conflict was ended the score stood 15-9 for the boys, and the girls 17-23 in favor of Yamhill.

The fast aggregation from Parish Junior High of Salem, will play the D. H. S. on the home floor on New Years evening.

School closes Wednesday until January 4th.

Many D H S alumni are home from college to spend their vacation.

A number of our best singers have consented to give a number at the Community Christmas Tree Thursday evening. You will miss something good if you do not attend.

Professor Gooding sent to the U. of O. for slides for the lantern to be used in the different classes. They will be used in the grades as well as in the high school and perhaps in the P T A.

On Wednesday evening of this week both the boys and girls basket ball teams journey to Newberg to meet the teams of Newberg Hi.

The last period on Wednesday will be devoted to a short program and the distribution of presents. The presents will all be numbered and each one in the high school will draw a number.

The cast of the play "Deacon Dubs" has been selected and they will put in some time during vacation practicing. They expect to present this play about the seventh of January.

Virginia Senn, Mildred Proffitt and Elizabeth Sims of the class of '24 and Grace Teague of '25 were high school visitors this week.

The faculty of the D. H. S. will spend their vacation as follows: Prof. Gooding will spend part of his time at the State Teachers Institute in Portland; if the weather is good Mr. Gubser expects to spend his vacation grubbing stumps; Miss Lee will visit with the Misses Haworth and Hollenbeck part of the time and Miss Stilwell expects to remain around Dayton during the holidays.

Farm Reminders

Mineral mixtures are necessary for hogs if they are to reach their best development, advises H. A. Lindgren, extension specialist in animal husbandry at the Oregon Agricultural College. The use of mineral mixtures, because of the elements they contain that are required by the body, results in a better utilization of the other feeds. The most satisfactory results are obtained when minerals are kept before the hogs at all times. This can readily be done by means of a self feeder. A liberal proportion of salt is contained in the best mixtures. A satisfactory combination is made up of two parts salt, 4 1/2 parts of bone meal and one-half part of air slacked lime.

Grain is often sowed in Oregon during favorable weather through the entire winter, says the experiment station. There is less chance of loss with wheat that has been treated with copper carbonate than with the old treatments but there is always the chance that the grain will start and be caught before well established when there is a period of surface freezes and thaws. Unless there is too much land to handle in the spring it is probably best to wait till spring opens up and sow the standard spring varieties.

Pleasantdale

By Mrs. R. G. Hadley

Miss Miriam Holder of the North Pacific Institute will preach Sunday evening at the Evangelical church.

The basket ball games Newberg Hi vs Dayton Hi, at Newberg last night resulted in a score of:

BOYS	
Newberg	23
Dayton	22
GIRLS	
Newberg	23
Dayton	7

Our boys did fine to hold them that close as they have a much larger school to draw from.

Merry Christmas

The Christmas program at the Methodist church last night was declared a success by all who heard it. It consisted of three short Christmas plays, interspersed with various musical numbers. The first play was presented by the primary class. It was a clever little comedy, "Santa Claus' Work Shop." The senior department staged a one act play, "Grandmother's Christmas Party." The "Christmas Story" was told by the pastor with a group of youngsters sitting about the fireplace as a back ground for the story. The last play was "A New Fashioned Christmas," presented by the intermediate group assisted by Mr. and Mrs. Berry. The final number was of course, the appearance of Santa Claus and the distribution of treats.
