THE UNKNOWN BABY
Christmas Seals help preserve such babies as this from tuberculosis, which infects three out of four in cities before they are 15 years old. Nobody knows whose baby will be infected, will win the fight, or lose. Buy Christmas Seals and help the unknown baby.

STORY OF CHRISTMAS SEAL INTERESTING

Idea Originated in Denmark Years Ago Accomplishes Wonders in United States.

More full of dramatic interest than the chapters of a novel, is the history of the little Christmas Seal now on sale throughout the state of Oregon. Conceived by a Danish postal clerk, to raise money that would save the lives of children suffering from tuberculosis; wandering across the Atlantic, falling into the hands of a great American writer; being recreated on American soil, and sold to maintain another tuberculosis hospital; becoming the sole financial support of a great organization dedicated to a Health campaign steadily and surely overcoming the "white plague," are leading events in the life history of the Christmas Seal.

Mr. Einar Holboell, postal clerk in far off Denmark, busy cancelling stamps and handling packages during the Christmas season of 1903, had on his heart the problem of raising money to support a little hospital for poor children stricken with tuberculosis. In the midst of his work, he conceived the idea of selling a seal somewhat like the stamps he was so busy cancelling. Mr. Holboell submitted his plan to the king, received the royal sanction and the new seal was printed, sold, and fulfilled its mission. The children of the poor received the care they needed, at the little hospital.

Several years later, one of the Danish seals fell into the hands of Jacob Riis, the American writer and publicist. He was immediately interested, wrote to a friend across the ocean, obtained the story behind the seal and published it in the "Outlook" in 1907.

CHRISTMAS SEALS AID TUBERCULOSIS FIGHT

Knowledge and Practice of the Rules of Health Greatest Need.

In 1924, 593 Oregon people died with tuberculosis. Best estimates indicate that probably 5000 are afflicted with the disease. Careful studies show that between the ages of 15 and 40, which may be called the best years of life, more Oregonians die of tuberculosis than from any other cause of death and the same is true throughout the United States as a whole. All this is in spite of the fact tuberculosis is known to be preventable and curable.

"We know enough about tuberculosis to scotch it within a generation. It is not lack of knowledge, it is lack of application of knowledge that impedes our progress." These were the words of Dr. Allen K. Krause, leading American authority on tuberculosis, when he visited Oregon last summer. He also pointed out that the knowledge which makes physicians confidently assert that "tuberculosis is preventable and curable" is not knowledge regarding medicines or treatments that can be called "specific cures." It is knowledge regarding the fundamental rules of healthy living.

It is disregard of the rules of healthy living that permits tuberculosis to continue as so great a menace to humane life. It is knowledge of these rules, and care in their application which will eventually overcome tuberculosis. It is the tremendous progress in this direction which has made possible, the 60% reduction in the tuberculosis death rate in the United States within the last 15 years, and the 28% reduction in Oregon's rate within the last ten years.

Air Fight Leader

Representative Randolph Perkins, Republican, of New Jersey, will be one of the leaders in the expected fight over the Mitchell charges and court-martial when congress convenes. Mr. Perkins is a member of the house committee to investigate the air service, and appeared as a witness for Colonel Mitchell at the court-martial proceedings.

Just Beyond the Hill
by O. Lawrence Hawthorne

I hope that I shall never know
What satisfaction means!
I want each day of life to show
That growth and changing scenes
And interest in what is new
Have kept my spirit free—
I want to find that every view
Holds great appeal for me.

I hope that I shall always feel
The urge of discontent
That fills the soul with ready zeal
For new accomplishment.
I want each day to challenge me
With some heroic test,
And then I hope that I shall be
Disposed to do my best.

I hope that every morning sun
Finds me prepared to go
Where unfamiliar pathways run
And where strange waters flow.
I never want to see the day
When I no longer thrill
In prospect of the joys that may
Lie just beyond the hill!

EIGHTEENTH SEAL SALE ON

Money to Finance Anti-Tuberculosis Fight in Oregon

Christmas Seals, selling for one cent each are expected to raise \$50,000 in Oregon between Thanksgiving and Christmas, in the 18th annual Seal Sale. Ninety-five per cent of the money will be kept in Oregon, where it is the sole source of income for the Oregon Tuberculosis Association, and provides most of the funds used by the County Public Health Associations.

Every city, village and community in the state will have a chairman or group of workers actively interested in selling the seals. Women's clubs and organizations are giving it enthusiastic support, and a large number of Parent-Teacher Associations are lending aid to the "Give Health, Fight Tuberculosis" campaign which the seals finance.

One of the few things a penny will buy—A Christmas Seal.

OREGON CONGRESSMEN ENDORSE SEAL SALE

Stanfield, Sinnott, Hawley, and Crumpacker Approve Work Supported by Seals.

"The anti-tuberculosis movement has always had my unqualified support. I believe that conducting the Sale of Christmas Seals to raise funds for combating this disease (tuberculosis) is a most valuable public service and should by all means be encouraged. Rest assured that I shall be more than glad to do anything I can to further the valuable work."

HON. M. E. CRUMPACKER,
U. S. Representative from Oregon.

"I am glad to most heartily join in wishing the utmost success in the work of those engaged in the anti-tuberculosis campaign."

HON. ROBT. N. STANFIELD,
U. S. Senator from Oregon.

"In a time when we are thinking of making a season especially joyful to those of our immediate family and friends, the contributions to the anti-tuberculosis campaign is an instance of kindly good will toward a number of our fellow citizens who have cause for uneasy apprehension, and the fact that people are mindful of them will help them as much, I believe, as the money will help them. I cordially commend the sale of Christmas Seals."

HON. WILLIS C. HAWLEY,
U. S. Representative from Oregon.

"I wish to cordially endorse the coming anti-tuberculosis campaign in Oregon, through the sale of Christmas Seals. I note with pleasure the report of the great decrease in the death rate from tuberculosis in our home state, during the past fourteen years, and believe that this is due in a large measure to the money derived from the sale of Christmas Seals.

"The Christmas Seal campaign is a most worthy one and I consider it a distinct privilege to be able to add my testimony to the great number who hold a like opinion."

HON. N. J. SINNOTT,
U. S. Representative from Oregon.

Parisian Perfume Shops

Paris is said to have more perfume shops than all other cities in the world combined. There are 10,000 perfume establishments in Paris, and about 13,000 hair-dressing shops which carry perfume as a side line.

But They Won't Admit It

Some of the druggists say that their best customers at the candy counters are the married men. And a good many of the married men, it is suspected, eat two-thirds of the candy they buy.—Providence Bulletin.

Friends and Enemies

Whatever the number of a man's friends, there will be time in his life when he has one too few; but if he has only one enemy, he is lucky indeed if he has not one too many.—Bulwer-Lytton.
