

SCENES and SOUNDS OF YOUR OLD HOME TOWN

with Lorraine Haines

With summer arriving this week, the traveling season is in full swing. It would seem that almost every one has been to Seattle, or is going, and the Fair-goers are bringing back good reports. Leaving last Sunday for ten days in the City of the enchanted land, were Mr. and Mrs. Orris Knapp and Mrs. David Starr. They will be visiting their respective daughters and families in the area, as well as attending the Fair.

Dr. and Mrs. L. R. Pugh returned last week from a two-weeks trip that took them first to Corvallis where they attended the graduation and saw their son-in-law, George Hamlin, receive his BS degree at Oregon State. Next they spent some time in Portland visiting Mrs. Pugh's two brothers, thence to Seattle where they were guests of their son and family, the Richard Pughs. They did the Fair up well even to attending the Grace Hanson review; this in the old days would have been a "Girlie" Show, eh "Doc"? Just hours after the Pughs arrived home, the Hamlins with their two daughters, stopped for a short visit while en route to the Oregon Caves and Crater Lake, before the senior Hamlins enroll for summer school.

Two of the happiest parents in the Northwest probably were Mr. and Mrs. Smith Honeywell last Monday when their daughter and family arrived from Okinawa after an absence from the states of five years. Major and Mrs. Walter Reil, and son Wally, will be here several days, but with so much catching-up to do, that will not be long enough, before they take up a new assignment at McChord Air Base.

Mrs. Andrew McCormack was in town briefly last week after taking "Andy" to Corvallis for another summer course. She took her mother, Mrs. Millia Johnson home with her to Montecito, Calif., for the summer.

A birthday celebration was enjoyed last Saturday evening at the Cedar Room around which Mrs. Bert Muriden (Edith) held the spotlight on her natal day. Others sharing the cake and refreshments were her two sisters, Mrs. Dick Gutherie, of Gold Beach, Mr. and Mrs. Ray Hall and Mr. and Mrs. Marion Hubbs.

Here for a four-day visit from Kelso, Wn., over the weekend were Mr. and Mrs. Cecil Jamieson. They visited Cecil's parents Mr. and Mrs. Fred Jamieson, sister & family Mr. and Mrs. Marion Wilson and other relatives.

Well known former residents, Abb and Sue Ramey, and son "Butch" spent last weekend here from Portland. They visited their new grandson and his parents, Beverly and Gary Ramey.

Mr. and Mrs. H. A. McGarvey were in Moscow, Idaho, last week to attend the graduation of son Dan VanThiel at the University there. Their daughter-in-law Rene, and two grandchildren returned home with them for a few days before flying to

Alaska for a visit with her parents.

Tom and Thelma Meade visited at Salem last weekend; were guests of her sister and family, the Clarence Field's.

Norm and Naomi Baker have been on the go of late, and in different directions. He went to Los Angeles to attend a Rotary Convention and visit relatives there while Naomi went to Grand Chapter (Eastern Star) at Portland. Next Norm and Roy Mills went to Portland to Grand Lodge session. During this interim, Naomi entertained a friend, Mrs. Clifford Dutton, of Wichita Falls, Texas, whom she had not seen in 15 years. Mrs. Dutton had been at a Red Cross Convention at Portland, then to Seattle and was en route home.

Small World Dept.: When a car and trailer pulled up in front of the apt. occupied by Bill and Elsie Horn, the other day, Bill glanced out and recognized his former boss for whom he had worked five years, long ago.

The arriving ones, Mr. and Mrs. Henry J. Hampton, and three children, of Huntington Park, Calif. were stopping to visit at the Masterson house where Mrs. Hampton lived forty years ago as a child; they had not the vaguest idea what part of the world Bill Horn was living in! They visited all the "Old Timers" that Mrs. Hampton (the former Mildred Titner) could find.

Betty and Mel Brownley, and baby daughter, were here last week end from Eugene, visiting Betty's parents, the George McDonalds. On Father's Day morning the McDonalds went to Delake to visit Belta's parents, Mr. and Mrs. H. J. Barkley; they also visited their other daughter and family, the LeRoy Ericksons at Siletz, and came home Monday.

A local "Fadder" did a nice thing on his day, last Sunday; Ira Tucker drove to Glendale after a "Mudder", Geneva's mother, Mrs. Ida Basye, and her niece, Peggy Jo Edson, who will visit at the Tucker menage until after the July 4th festivities.

A very enjoyable family reunion has been in progress at the Tom Petok home where two sisters and a brother of Gladys have been visiting. They are Mrs. Gilman Maschal of North Dakota, Mrs. Charles Smith of San Rafael, Calif. and Henry Dahl of Oakland, Calif. Had the other seven brothers and sisters been able to join this quartet, it would have been an even more memorable occasion.

Conclusion: For leaving distinct footprints on the sands of time, nothing beats a stout pair of well worn work shoes. See you next week.

Seven members weighed in with a total loss of 16 1/2 lbs. The Queen of the week lost 8 lbs.

Those with some spare time signed up to help at the Art Center to keep it open during the tourist season.

Corsages were decided upon for the convention in July at Coos Bay as was the information for the favors.

Booklets received from a gelatine company were distributed. They contained many low calorie desserts and salads.

THE PITCHER of Health...that's milk.

"June is Dairy Month" pays tribute to the health-giving qualities of dairy foods as exemplified in this Oregon home. Milk drinking is a family affair with the Steinfeld's of Scappoose. Oregon Dairy Princess Barbara Steinfeld---truly a beautiful example of the health-giving benefits of milk---serves her little brother Jimmy and sister Carolyn a glass of her favorite beverage. Milk, nature's most nearly perfect food, is always on the table at the Steinfeld home. This June, put the milk pitcher back on your family table, too. Take it quick, cool and casual with dairy foods, they're so easy to serve, delicious and nutritious. Remember, June IS Dairy Month.

Sixes Jerseys Make Production Records

The registered jersey cows owned by Sweet Jerseys and Hank Bennett of Sixes have recently completed official production records indicating the money-making abilities of each jersey cow. Twice daily 305 day milking mature equivalent is Tristram Basil Ablaze, 15,768 pounds of milk, 815 pounds of fat in 305 days; Pathfinder's Challenger Lassie, 10,329 pounds of milk, 679 pounds of fat in 305 days. The milk produced of either of the above jersey cows would provide a family of four with the milk necessary for a four-year period. These official records are processed by the American Jersey Cattle club Columbus, Ohio.

Fish Fry, Raft Race in Bandon July 1

Fireworks Display, Pie-Eating Contest Will Add to Fun

The Bandon Chamber of Commerce, with the help of other Bandon groups, is going ahead with many plans to stage a one-day celebration in Bandon-By-the-Sea Sunday, July 1, featuring a raft race on the Coquille river in the morning, a big community fish fry and band concert in the park at noon, a baseball game in the afternoon and fireworks in the evening. Plan Fireworks Display In the evening at dusk the Bandon Fire Department will be in charge of a fine fireworks display, which will be set off near the lighthouse. It is hoped that a donation taken by the Bandon Jay-Cees from the people watching the fireworks will help to pay for the display which costs several hundred dollars. There are some five miles of beautiful sandy beaches at Bandon-By-the-Sea and the people of the Southwest are invited to attend the celebration and visit the beaches during the day. Fishing for perch, flounders, sea trout and bass has been excellent on the Bandon Jetty and surf and no license or fancy tackle is needed. Out of town guests are urged to get reservations early if they plan to stay over the weekend. Information may be secured from Merritt Senter secretary, Bandon Chamber of Commerce.

Quarterback Club To Have Auction

The Port Orford-Langlois Quarterback club will hold an auction and a steak barbecue June 23 at the Marsh Ranch up Elk River. A full pound steak will be served for just \$2.00. There will be hamburgers for the children, if they don't want steak. The barbecue will start at 4:00 o'clock, and the auction will begin at 6:00. Anyone having any item for auction, contact Rod McKenzie or Dick Barklow and someone will pick the item up. The money from the auction will be used for the Pee Wee Baseball League and for athletic items in the schools. Tickets are on sale by the club members, with Johnny Mayea in charge of the ticket sales. McKenzie is general chairman of the event.

Art News

The regular business meeting of the Art Association was held Monday evening instead of the daytime schedule. The new officers were installed: President, Vi Mollier, vice president, Mabel Kight; secretary, Winnie Edwards and treasurer, Minnie King Jolly.

The Order of the Agate Award, a newly created honor to be given annually to the most deserving member, one who has exceeded all other members in work, time and dedicated effort toward the betterment of the Art Center, was presented to Stella Kennedy. The decision was unanimous among the Art Association members inasmuch as Stella more than met the specifications, has never faltered in giving her time and effort freely and cheerfully, particularly during the renovation of the new Art Center headquarters.

Members voted to accept the request of the Chamber of Commerce that the Art Center be considered Tourist headquarters for information. According to Minnie King Jolly, tourists representing every state in the union have already stopped at the center--and the tourist season is just beginning.

It was also voted that the Art Association buy a concession for the 4th of July celebration. Plans are being formulated to sell packaged foods, coffee, pronto pups, etc. for this concession.

DO YOU KNOW ANYBODY IN THESE CITIES?

New York/Chicago
Los Angeles/Las Vegas
San Diego/San Francisco
Salt Lake City/Kansas City
Boston/Bismarck
Memphis/Minneapolis
Dallas/Washington D.C.

If your answer's "yes," you'll be interested to know that you can call any one of them long distance on Sundays and evenings for less than \$2. Of course, it costs much less to call most closer places. Wouldn't it be fun to pick up the phone and call someone far away right now?

GOOD REASONS FOR CALLING LONG DISTANCE

Besides calling for the fun of it, many folks like to phone far away friends and relatives on special occasions. Here are just a few occasions when it's a good idea to make a fast, easy, low-cost long distance call:

Birthday/Anniversary
Engagement/Graduation
Job Promotion/New Job
New Home/New Baby

WE HANDLE ABOUT 33,000 LONG DISTANCE CALLS PER DAY

That's an average of about 1,375 calls every hour, every day of the year. And we have \$84,548,000 worth of telephone equipment. This year we're investing another \$12.3 million for improvement and expansion. It's another way we work to bring you the finest possible service, both local and long distance.
