BRIEFS, from page 6

Bible Coffees throughout Port Orford and the world. These studies are written in simple, direct language and are easily understood by the beginner as well as the more experienced reader. All participants use a Study Book and Good News New Testament. Each Group is led by a Guide who facilitates these informal discussions in warm, relaxed environments.

Our Tuesday Morning Group invites you to consider joining us as we begin a new Study January 13th at 10: a.m.

“Christ In Genesis – Part 1 - The God of Creation” is an exciting Study detailing the biblical account of Creation as recorded in Genesis. This 12 lesson Study covers history from creation to the call of Abraham and the beginning of the nation of Israel.

We look forward to welcoming you to this Study. Please contact our local Stonecroft Coordinator, Merrilyn, at 348-2466.

There are several other groups in our area meeting on various days and studying other aspects of the Bible. Merrilyn will also be happy to help you find just the right one for you.

Sixes Grange might have to close down

Jan 15, 2009 may be the last meeting for Sixes Grange. At this time the Grange does not have enough participating members to keep the Grange operating, repaired & maintained.

The Grange was reopened Jan 2006 after being closed for 5 years. Grange volunteers from other areas of the state recruited enough members to make it

possible to reopen to avoid the hall and property being sold by the State Grange. This is once again the fate of this wonderful old building if is closed again.

In the past 3 years it has been used for flea markets, barn dances, Kareoke, birthday parties, wedding receptions, proms and memorial services. Elvis even came to visit. These were all great times and many more plans have been put on the drawing board for future uses. The possibilities are endless. The grange is a co-operative membership and requires interactive members to work as a group to make it possible to continue.

We are asking the community to decide. If you would like to become an active member please join us at our informal meeting Jan 15, 6pm at the Sixes Grange Hall to keep this piece of history alive and well in our community. More information is available about the Grange at nationalgrange.gov.

Point B Studio features ‘Art of the Fray’

Point B Studio is ringing in the New Year with a new exhibit featuring the publishing artistry of Derek Powazek, writer/designer/thinker and creator of the digital storytelling site "The Fray."

The Fray originally began as a website in 1996 and featured individually designed, true first-person stories. It evolved into a series of live storytelling events and its most recent incarnation is a series of independently produced books now available at Point B Studio.

Contributed photo

The art of “The Fray” is at Point B Studio in Port Orford.

Derek's photography was originally exhibited at Point B Studio in 2004, and it is a great honor to have his latest work on display.

His books are collaborative in nature, and showcase some of the most creative writers and designers on the Internet today.

He represents the finest of his genre, blurring the lines between traditional and new media, and consistently push-

ing the medium to new heights.

The Fray is also available at the Booksmith in Haight-Ashbury. Point B Studio is located at 246 6th Street near Paula's Bistro.

Powazek's work will be on display through April and the exhibit will evolve to include the work of more artists.

Free Chautauqua program sponsored by N. Curry libraries

The Langlois Public Library in partnership with the Port Orford Public Library is pleased to host Trickster at the Crossroads of the World, an Oregon Chautauqua program from the Oregon Council for the Humanities. This free, public program will take place on Saturday, January 10, at 2 p.m. at the Langlois Library.

The trickster is a central character in stories told around the world, and in the religions of many cultures. Whether assuming the name of Hermes, Prometheus, Loki, Ananse, Eshu, Juha, Old Man Coyote, Wile E. Coyote, or the Trix cereal rabbit, the trickster is the original boundary crosser who traverses physical and social barriers and blurs distinctions between right and wrong, male and female, the living and the dead.

In “Trickster at the Crossroads of the World,” Curt Yehmert, Professor of English at Western Oregon University, analyzes trickster tales from around the world to show how in making fun of social values they reinforce those val-

ues, and in profaning sacred beliefs they focus attention on the nature of such beliefs. More than rude mockery, the tales reaffirm the rules of society by demonstrating what happens if those rules are not observed. Ultimately, these tricksters from around the world serve as symbols for the transformative power of the human imagination and vehicles for transcending the human condition.

The Oregon Council for the Humanities (OCH) is an independent, nonprofit affiliate of the National Endowment for the Humanities that is dedicated to the belief that knowledge and ideas are fundamental to the health of our communities. More information about OCH's programs and publications, which include Oregon Chautauqua, Humanity in Perspective, and

Oregon Humanities magazine, can be found at www.oregonhum.org.
