## LETTERS, from page 3

rear-ended by a speeding moron and the travellers will be going slow enough to pay a little more attention to our town. Now, let's make what they see more appealing so they will want to stop, look, shop, rest, eat, etc. etc. We could have some sort of a common or blended atmosphere. We are a town of historical periods: mining, logging, fishing. We should not be a town of hazard, mindless whimsy. We need direction, not for what is already here, but rather for what is to come. We need a comprehensive zoning plan, including architectural review, for the 101 corridor.

I fully realize that about now some of you have risen to ceiling height and are sputtering unprintables. I wish to assure you that what I am suggesting is nowhere near as draconian as the carpetbagger real estate brokers or developers would have you believe.

Remember, our town deserves better than to have it's future dependent upon urinals and poorly sited architectural monuments.

Let the games begin ... Respectfully,

Jim Hajek, Port Orford

'Where is the outrage ... ' Where is the outrage people? Have we just become a country and a county of sheeple? I can't believe the people of Curry County that live in Pistol River, Gold Beach, and Port Orford that make up the Curry Health District aren't screaming bloody murder.

Without any input from the taxpayers of the Curry Health District, the five member board voted to spend 2 million dollars of your money to buy a piece of property in downtown Brookings. Now they are in the process of getting a loan of 11.5 million dollars to construct a building for a clinic/emergency room/ hospital on the property. They are thinking about putting an initiative on the ballot to annex Brookings and Harbor into the Curry Health Tax District. If the people of Brookings/Harbor turn it down, which I would hope they are smart enough to do, you are going to be stuck with paying for building a hospital in Brookings. Since only about one third of the population of Curry County live in the Curry Health District, the financial burden you are being saddled with will be astronomical. With a new hospital in

Brookings paid for by you, do you really believe the old hospital in Gold Beach will be kept open? I would bet it will be reduced to a clinic like Brookings has now, so the people of Port Orford would be forced to go to Bandon for the nearest hospital while paying for the one in Brookings.

Several years ago, the people of Brookings could have had Sutter Coast Hospital, but it was turned down by a vote of the Brookings voters, so the hospital was built in Crescent City. A couple of years ago Asante Health looked at building a hospital in Brookings. It didn't work out. The population of our area just can't support three hospitals and we can't even recruit enough doctors to take care of us now.

The fact that the Curry Health District board of directors has the power to, without a vote of the members of their tax district, obligate it's taxpayers to a debt of 13.5 million dollars should infuriate it's members and cause a recall of all board members as well as scare the voters of Brookings and Harbor from annexing into their Health District.

Ralph Martin, Harbor
