NUMBER 18

POMONA GRANGE all day Wednesday JULY 14th

CELEBRATION A SUCCESS

The celebration held in Sandy last Saturday will go down in history as the most successful ever held here or in this part of the country. Visitors were here in great numbers from out of town points and the farmers from the surrounding country were here almost to a person.

The day was pretty as could be asked for and will be remembered as a Fourth of July celebration that passed without being hampered by rain.

The sports were much enjoyed and the ball games were played without friction or wrangling and in spite of the fact that the crowds were so large not a case of disorderly conduct was reported.

The Sandy Booster band in their new uniforms received many compliments both on their ability as musicians and on their appearance in the parade.

The floats were pretty decorated as were the autos, teams, and driving horses. The Womans Club was well represented and appeared as a marching body. The Goddess of Liberty float was a very pretty affair with Goddess and her maids in white.

The program in the Meinig grove in the morning attracted many and was greatly appreciated as it deserved as the musical numbers, readings and the address by Hon. G. E. Hammaker were excellent.

The prize for riding was awarded to G. Thomas and the trap shooting award to Hoffmaster.

Much of the credit for the success of this celebration may be given to W. A. Shanen the manager of the band as it is due to his untiring efforts that much of the work was so well done.

Over Two Million Reduction in Taxes.

(Col. E. Hofer in Pacific Coast Manufacturer.)

The grand total of taxes collected in Oregon in 1914 was \$18,313,468. In 1914 the total harvest of the tax collector was \$23,083,000—gain \$4,769,532.

For 1915 the total collection will be \$20,951,668—a decrease of \$2,131,332.

Of this decrease in 1915, \$963,650 was states taxes and \$338,412 county taxes.

Cities and towns show increase of \$14,657 for collections in 1915 over collections in 1914.

All the other tax collecting bodies show total reductions for 1915 of \$829,270.

The reduction of \$2,131,332 for 1915 as against collections for 1914 comes as result of a vigilant newspaper campaign against high taxes.

The total increase from 1913 to 1914 was nearly 27 per cent, and the reduction from 1914 to 1915 was nearly ten per cent.

If the same ratio of increase had been kept up for 1915 that prevailed from 1913 to 1914, the taxes this year would have totalled \$29,315,410 in Oregon instead of \$20,951,668.
