EDITORIAL COMMENT

BILL BOGAN SAYS

A boiled egg never hatches into a fighting rooster.

It is noble to be silent if you are angry enough to quarrel.

The time for a man to marry is when he is twenty-one and knows all about women.

Think of the right of the common people—don't they pay almost all of the taxes?

A man always secretly rejoices when someone sits on the hat his wife gave him for Christmas.

It doesn't help the hurt any to know that a mule is ignorant and not to be blamed for kicking you.

How few surprises the majority of us see—and yet a sunrise is one of Nature's prettiest pictures.

To be worth her weight in gold, a young woman should be careful that she doesn't grow too heavy.

There are a lot of men in this world who go out to the garage, look a \$2000 automobile over, kick themselves and wish they could sell it for \$750.

Some people would carry a dirty, rusty horseshoe six miles along a country road, because they found it, and leave the violets to wither and die without an admiring eye. Superstition was ever rampant in the mind of man.

One way to apologise to your wife is to think up something she owes you an apology for and tell her that evens up the score.

Law is a high board fence. The rich and strong climb over it and the poor are caught hanging half way up.

The Lilies.

Two thousand years ago it was supposed that water lilies closed their flowers at night and retreated far under water to emerge again at sunrise. This was Pliny's view, and it was not impeached until the English botanist John Ray in 1638 first doubted its veracity. The great lily of Zanzibar, one of the grandest of the lily family, opens its flowers, ten inches wide, between 11 in the morning and 5 in the afternoon. They are of the richest royal blue, with from 150 to 200 golden stamens in the center, and they remain open four or five days. It is not generally known that there are lilies that have nocturnal habits—night bloomers as well as day bloomers. They are very punctual timekeepers, too, opening and closing with commendable regularity.

Poor Loser.

"Good morning, Dodswaffe," said the first commuter after he had settled himself in a seat and partly regained his breath.

"Morning, Gadsen," said the second commuter somewhat shortly.

"You don't seem pleased to see me."

"I should say not. When I saw you running just now I made a bet with the gentleman on my left that you wouldn't catch this train. Drat the luck! I've lost \$5.—Boston Herald.

DAIRY WISDOM.

Good cows are never cheap, are hard to find and harder to buy. Re-enforce your dairy from your own best cows. Cold rains are much harder on cows than dry cold. Damp cold penetrates to the bone. Provide dry shelter. If you don't believe in keeping cows comfortable visit the stables of the men with the big cream check. That ought to convince you. If it is desired to use artificial coloring it should be added to the cream just before churning. Calves should have daily outdoor exercise when the weather will permit.

The Australian ballot system was first used in New South Wales in 1858.

Carpets were used in Egypt as early as the time of Joseph.

Price Maintenance

"Yes," said the Specialist, as he stood at the bedside of the sick merchant, "I can cure you."

"What will it cost?" asked the sick man faintly.

"Ninety-five dollars."

"You will have to shade your price a little," replied the sick man. "I have a better bid than that from the undertaker."

The Specialist "stood pat" on his price, and his competitor got the job.

MORAL. The sick need STANDARD QUALITY medicines to get curative results. Your physician demands that you get only such standard quality medicines. Quality is his watch-word, not price.

I keep nothing but the highest quality drugs and chemicals and charge a reasonable profit for my knowledge and skill in dispensing them "THAT'S ME."
