NUMBER 22

Sandy Will Celebrate The 4th of July

Sandy Items

There will be a ball game here Sunday afternoon between Sandy and Gillis. This should be a good game as both teams are good.

Special price on men's dress shirts for the next 10 days 50 and 75c. at J. Scales.

Mr. and Mrs. F. E. Beckwith and daughter, Grace, spent Sunday the 28th, at Beaverton, the occasion being the 50th wedding anniversary of Mr. Beckwith's grandparents. Grace, daughter of Mr. and Mrs. F. E. Beckwith is the only grandchild.

If you want something better in the line of bread, see J. Scales.

M. A. Deaton was in Portland on business Monday.

P. T. Shelley took a load of passengers from Welches to Portland Sunday.

Walter Grunert was in Portland on Tuesday.

Grunert's Confectionery carries the largest line of candies, drinks, cigars and tobaccos in eastern Clackamas County.

The ball game Sunday was fairly well attended. The game was the best of the season. The teams were Sandy and Damascus, score 7 to 9 favor Sandy.

Quite a number went from here Monday to attend the circus at Portland.

The entertainment by the DeMoss family was well attended and heartily enjoyed by all.

Clem Bartch, of Mikleson's mill was in town a couple of days last week.

Mrs. M. Revenue was in Portland last week.

Jim Mills spent a few days visiting his father at Fairview last week.

Mr. Eddy has been showing several prospective land buyers about the surrounding country in the last few weeks. All seem favorably impressed with everything except the price, which they say is too high.

Plans are under way for a 4th of July celebration which will be managed by the band.

R. E. Esson was in Portland Wednesday.

Fred Glockner was a Portland visitor on Wednesday.

HILL CREST

Mr. Rowe went up to Hood River last Friday.

Mrs. Watkins and baby went to Portland last Friday and returned Saturday evening accompanied by Mrs. Watkins' sister, Miss Salena Haight.

Mr. Maybee came up from Lents Saturday in the auto and returned Sunday with Mrs. Maybee and Mrs. Maronay.

Mr. Sirrois is working at the Dixon mill.

John Mitchell is working at the rock crusher down on the bluff road.

Miss Lucile Clark, who has been teaching near Buxton, has completed her term and returned to her home here.

H. H. Watkins is doing some plowing for Dr. Botkin on Cedar creek.

H. H. Watkins' parents and a brother came out from Portland Sunday morning in their auto and spent the day at the Watkins home.

BULL RUN

The play "Lovey Mary" given by the Bull Run school Saturday evening was well attended. Special praise was given Miss Vaeretta by everyone and especially by Mr. Vadder, of Gladstone, who presented diplomas to the graduates, Dorothy Martin, Bertha Keller, Lillian Thomas, Frankie Cronan and Oren Ganger.

Five auto loads from Bull Run attended the school entertainment at Marmot Thursday, May 25th, and enjoyed a good program. Five graduates were presented with diplomas by Mr. Tenike, the chairman of the school board, who gave Miss Shipley a worthy compliment as it is understood that it was her first school.

The neighbors of Mr. and Mrs. Glen Durrin, who are moving to town, surprised them Friday evening. The evening was spent with music and singing. Refreshments were served at a late hour.

Mrs. Ray Robertson went home to spend decoration day the first of the week.

Lester Townsend's sister and two children were Bull Run visitors Sunday.

Mr. and Mrs. Kelliher were visitors at Mr. and Mrs. Asson's Sunday.

Mrs. Annie L. Norr returned to her home in Seattle Saturday.

Bud Williams and Leonard Kealiher were Portland visitors Monday.

Mrs. Harding left Monday to be at the wedding of her son.

It is reported that the basket ball supper at Aims was quite a success. Miss Jessie Wood's basket being sold for \$3.00. The proceeds of all being \$74.00.

It has been announced that Dan Woods and Miss Marie Harvey will be married at Lents June 1st, at 4 o'clock. The community and friends wish them a happy, long and prosperous life.

Oscar Stanley, who has taken Mr. Durrin's run on the Bull Run line, is preparing to move into Durrin's house soon.

B. S. Marron and Mr. Benedict, city engineers, were visitors at the headquarters the first of the week.

Bert Moulton is afraid to catch any big fish since he read in the Oregonian where a Spokane policeman dropped dead while hooking a large trout.

Mrs. C. Allen made a business trip to Portland Monday.

COLOMBO VILLA

Will Senske, who is working at Skamokawa, Washington, was visiting with home folks last week.

J. A. Senske is sawing wood for J. Haselwander.

Mrs. M. Wunische, who was sick, is now up and around again.

Henry Haselwander went to the fish hatchery Saturday and got some salmon. They are good. Have some.

Emil Boitano and family were visiting at Pezzolo & Co's. Sunday.

Mr. and Mrs. R. Kaiser attended the German ladies aid at Sandy Sunday last.

COTTRELL

Mr. Lawrence Craswell and Miss Rosa Wishart, two of Cottrells popular young people were married at the court house in Portland by Judge Morrow on Wednesday, May 24, 1916. The ceremony was witnessed by Mr. and Mrs. William Craswell, parents of the groom. After spending a few days in Portland they returned to the Craswell home and on Saturday evening the house was surrounded by about one hundred friends and neighbors and the noise produced for about thirty minutes would fairly equal the bombardment of Verdun by the Germans. After the noise ceased the crowd was invited into the house where a pleasant evening was spent. Refreshments of ice cream, cake, lemonade, candy and cigars were served and at a late hour the guests departed after extending congratulations to the happy couple and wishing them many happy and prosperous years of wedded life.

Mr. and Mrs. Chase, of Gillis, were Sunday visitors at the home of Mr. and Mrs. Hunter.

W. A. Proctor attended the annual booster day exercises at Oregon City Saturday.

Mr. Brower, of Portland, visited Saturday and Sunday at the home of Mr. and Mrs. William Craswell.

Mrs. Jenkins, of Fairview, was a week end visitor at the home of her sister and family, Mr. and Mrs. Fred Wagner.

Arletha Cannon is spending a few days with Mr. and Mrs. Hunter.

Mr. and Mrs. R. I. Anderson, of Gillis, were Sunday guests at the home of Mr. and Mrs. Max Anderson.

Herbert Monroe, of Gateway, Oregon, spent a few days last week with the Bettis boys on the Hunter place. On his return he was accompanied by Jack Bettis.

George Proctor made a business trip to Portland Monday.

DOVER

Miss Brown, of Portland, has been employed to teach the next school term at Dover.

Mr. and Mrs. E. G. Downer and Mrs. James Hodson, of Tualatin, are visiting at the Konneman home.

Rev. E. Smith and wife are the proud parents of a daughter, born May 3rd at Nehalem, Oregon.

George Kitzmiller went to Washington last week and returned with his wife and children from a three weeks visit with her parents, J. W. Cox and wife. They made the trip in a Buick car for which Mr. Exon has traded.

Mrs. Updegrave is marketing about 35 sacks of potatoes this week.

Mrs. Harriet Miller has returned to her home in Dover after spending the winter with her daughter at Eugene.

Mrs. David Miller leaves this week to join her husband at Soda Springs, Idaho, where he went last fall and took up a homestead.

Quite a number attended the dance at Cherryville last Saturday night and report a very pleasant time.

Charles Updegrave and Viola DeShazer visited Sunday with friends and relatives in the Douglas community.

Don Bodley has been feasting on ripe strawberries out of his own patch for the past ten days. That beats the most of us over here.

A. H. Udell, our road supervisor, has

A False Statement

Has been circulated in regard to our PROFIT SHARING STAMPS AND PREMIUMS. It will not be unlawful to give Premiums after June 30th, and we will continue to give them as heretofore.

If you do not have a Crescent Profit Sharing Book and are not getting Crescent Profit Sharing Stamps you are passing up one of the best propositions ever offered the public. Ask any of our customers.

Why is Crescent Profit Sharing Stamps more profitable for you than any other form of Trading Stamps?

Because:—It only requires \$50.00 in Crescent Stamps to fill a book, just one-half as required by others.

Because:—You get Crescent Stamps from three different Stores and use them all in the same book thereby filling your book so much quicker.

Remember, we give you full value for every dollar you spend with us and in addition we give you absolutely FREE, Profit Sharing Stamps and Premiums. This is done in appreciation of your Cash Business.

Can you afford to miss a good thing like this?

The merchants named below will gladly give you Crescent Profit Sharing Stamps with every 10c. purchase, also for all accounts paid in full within 30 days.

R. E. Esson, J. Scales and Sandy Mercantile Company.

a crew with the wheel scrapers working on the hill and fill by Mrs. Updegrave's place this week. This is a much needed work.

Miss Elizabeth Roach finished a very successful term of school in this district last Friday.

PLANTING OF SEED CORN.

A Difference of Opinion Regarding the Depth.

How deep should seed corn be planted? Inquires the Farm Progress. There are some mighty growers of corn who argue that it should go into the soil to a depth of at least two inches. There are a few men who plant as deep as three inches and a very great many who are satisfied if they get an inch of dirt over the grains.

Who comes nearest to being right? This was worked out about three years ago by the Iowa experiment station at Ames, where corn was planted at depths varying from one to six inches. The results were something of a surprise to the advocates of deep planting. The depths of planting and the yields per acre shown by the Iowa station are as follows:

1 inch deep, 52.3 bushels per acre
2 inches deep, 51.2 bushels per acre
3 inches deep, 52 bushels per acre
4 inches deep, 49.2 bushels per acre
5 inches deep, 47.9 bushels per acre
6 inches deep, 45.8 bushels per acre

Some years ago the Illinois crop investigators made a similar series of tests and came out with about the same general conclusions. Private experimenters have had the same results.

Of course the character of the soil has a lot to bearing on the question. A loose, ashy soil will stand deeper planting than a close packed, clayey dirt that is inclined to cake and bake so badly that air cannot get down through it.

The stiff, sticky, gummy soils will close over the grains and hold them back from proper germination. A few rains that pack the soil surface may even prevent the corn from ever reaching the light and air.

Early in the season shallow planting is absolutely necessary. Very early in the planting time the ground is warmed to a very shallow depth. For possibly two inches the soil has been warmed to a degree that will make germination possible. Deeper than this there are the cold and the clamminess of winter. As the summer nears it gradually warms to a greater depth and it is possible to plant more deeply and with good results.

If it is a very dry spring deeper planting may be necessary. The moisture is down pretty well in the ground, and corn planted and left lying in the dust of the first inch or two of the soil will lie there till it rains. Once or twice seed corn planted in a dry spring has been found lying in the soil unchanged, scarcely swollen at all, after two weeks.

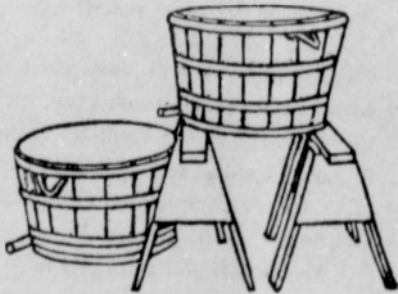

The seed must be brought in contact

with the moisture, though the water can be brought up by working the soil about as effectively as we can bring moisture and seed together by deep planting. If you know you have done a poor job of plowing and have a poor seed bed it will be best to plant deeply.

Three things are always necessary for the germination of corn. These are warmth, air and water. Warmth and air are easiest to get near the soil surface, and in the average spring there will be plenty of moisture near the top of the soil. That is why shallow planting makes the best showing.

Tubbing Seed Oats.

Why not "launder" the smut out of the seed oats by use of the tubbing method? The oats are allowed to soak in the formalin solution in the upper tub for about twenty minutes. Then the solution is drained off into the

lower tub and the oats spread out thinly to dry. Then lift the lower tub with the solution back on the saw-horses, placing the emptied tub on the floor. The process is repeated until all the seed has been treated.—Farm Progress.

TIMELY ACTIVITIES.

Keep those lambs a-coming. Feed the ewes something to make milk.

A clean, disinfected stall is about the surest preventive of joint ill in the colts.

Make the terms attractive enough so that a new man does not have to be hired every spring.

Have you given careful attention to the selection of the stallion to which to breed the farm mares?

Take your dates from the spray calendar. There'll be scab to pay unless spraying is done at the right time.

Careful, careful with the teams. Save a sore shoulder now and a lot of work in the busy months to come.

The Sickly Golf Players.

A golf player who had been badly beaten by his opponent explained to him that he had been suffering all day from neuritis. "It's a curious thing," replied his opponent, "but I've never beaten a man in perfect health in my life."

It is a great misfortune not to have enough wit to speak well or not enough judgment to keep silent.—La Bruyere.
