### CHERRYVILLE

The American Eagle got his tail feathers wet all right.

The long continued rains were disagreeable without doubt but they made a good crop of hay, grain and potatoes.

Ray Murry came in from the lumber camp at Stevenson to spend the fourth with his folks.

Floyd Dover who enlisted in the army two ago this fall got into a battle in Mexico and the comrade next to him in the rank was shot dead, the blood flying over Dover's uniform.

The Boy Scouts broke camp the first of this week, tanning the train at B.R. They conducted themselves very well here as they were under perfect discipline. Last Saturday they gave an entertainment at Dr. Boyd's house which was very well received. The Cossack dance by Bonnewell as well as other fancy dances by this boy very highly appreciated by everyone. Although the weather has been against them they seemed to have enjoyed their outing and say they are going to try it another year.

State Superintendent, Hutton, of the Anti-Saloon League, was out Sunday and occupied the pulpit at the church. Mr. Hutton says he has been assaulted three times and the sight of one eye permanently injured and that he has been called everything from skunk up, but he has no intention of being a quitter and that the state will be so dry in five years that a man will have to prime himself to spit. He said the arrests in the state this year have been less by more than 50 per cent than they were in the wet year preceding.

The loop around Mt. Hood is now an assured fact as the appropriation has passed both houses and work will begin soon from the Columbia Highway and will be carried on until it reaches the Old Barlow Road returning through Cherryville to Portland. This will be one of the great scenic highways of the world.

The cement formation found near the Peek-A-Boo ranch of W. A. Stone, five miles east, is very near as good as hard surface and wherever it has been applied and allowed to become packed

before travelled too much, in wet weather it has become a very solid road.

Harry Keil, who took a claim on the Sandy River bottom, one mile east of the postoffice, has quit on short notice. His cabin was not built on the land and he was told so at the time but persisted in going ahead. George Odell has now moved on the claim in one of the buildings used by the Moore boys. This is a good level claim and could without a great deal of effort be made a valuable ranch. It joins an extensive range where hundreds of stock can thrive nine months in the year ordinarily, sometimes not so long, and then again dry stock will do well all winter.

### DOVER

(Unavoidably left out last week.)

Ira Morrison and daughter Bessie and Frank Lowe, of Newberg, Oregon, visited Monday and Tuesday with A. J. Morrison. Mrs. Catherine Morrison returned to Newberg with them for a few weeks visit.

J. P. Kelliher, of Powers, Oregon, one of the D. D. bunch writes that he is getting along fine, which his many friends here are glad to note.

Found, after the dance — One beauty pin, one hair net and two ladies handkerchiefs. Call F. D. phone 33.

David Evans and wife who have been visiting with his brother, P. F. Evans have returned home at Wallace, Idaho. His nephew Ernest Evans went with them.

The special Grange Meeting held at Sandy last Saturday was a grand success. A large appreciative audience enjoyed the splendid work put on by the Lents Degree Team in the third and fourth degree. Initiation class of twelve new members. The hall was beautifully decorated in the Grange colors.

Roydon Bodley and Miss Salmonson of Portland were Dover visitors Sunday.

Mrs. Bodley and daughter Jessie have returned to the city which leaves Don. to do the batching stunt again.

Mrs. Updegrave put up twenty-seven gallons of strawberries Monday. Now let it rain.

Mr. Brown and wife of Portland visited at the home of W. P. Roberts Sunday

The creamery patrons were well pleased with their creamery checks for the month of May.

Mrs. Susan Kitzmiller has moved on to K. R. land vacated by Mr. Nelson in Buzzards Glory.

George Kitzmiller and family have moved to Alspaugh.

Miss Bertha Evans visited at Hugh Guthrie's, Tuesday.

The dance at A. J. Morrison's last Saturday night was an enjoyable affair as usual. Several of the dancers can testify that the floor is built on a solid foundation.

Rev. Mr. Pitts, who moved to the place purchased from Mrs. Susan Kitzmiller, will preach at the Dover church next Sunday afternoon at 3 o'clock instead of Rev. Chandler who had the regular appointment for that time.

Hugh Fitzgerald has bought a new Economy King Cream separator.

# Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

## Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, and that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

## Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

## A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.
