Brand.

### Notice To Creditors

In the matter of the estate of ULRICH TRUBEL deceased:

Notice is hereby given that the undersigned has been appointed administrator of the estate of ULRICH TRUBEL by the County Court of Clackamas County, Oregon. All persons having claims against said estate are hereby notified to present the same to me for payment at the office of HAMMOND AND HAMMOND, Beaver Bldg., Oregon City, Oregon, with proper vouchers, within six months from the date of this notice.

Dated June 29th, 1916.

Charles Krebs, Sr.

executor of the estate of ULRICH TRUBEL deceased.

HAMMOND AND HAMMOND,  
Attorneys for administrator.

### BIDS WANTED

Bids will be received at the office of the Clerk of School District No. 46, on or before July 15, 1916, for the conveyance of school children from the McCormick home and from Stracks private road, to the school at Sandy, in the morning and conveying the same pupils to the same points at the close of school each school day. Bidder to be in position to furnish a bond of \$1,000.00. The School board reserves the right to reject any or all bids.

F. E. Beckwith, Clerk.

### BIDS WANTED

Bids will be received at the office of the Clerk of the School District No. 46, on or before July 15, 1916, for the finishing of one room in the school house. Specifications may be seen at office of the Clerk and the bidder must be able to furnish the required bond. The School board reserves the right to reject any or all bids.

F. E. Beckwith Clerk.

Sandy, Oregon, July 1st, 1916.

The following letters remain uncalled for at the SANDY, OREGON Post office for the month ending June 30th, 1916: Ethels Mrs., letter, Leunther, Jacob, letter.

Signed, Charles D. Purcell, Postmaster.

## CHERRYVILLE

Make hay while the sun shines.

Mrs. George Craig, of Camas, Washington, a daughter of Mr. and Mrs. F. E. Clark, who has been visiting her people here for the past two weeks, returned home the first of the week.

Miss Gusta Kautz, of Portland, is visiting Lillian Averill at the Bungalow this week.

Fay Shank registered at Spokane for the land drawing on the Colville reservation last week and returned home Saturday. Over 100,000 have already registered and every train is loaded with fresh arrivals. The first 30 who draw the first choice of land can get \$2000 each and the next 300 can get \$1000 each. Still there are so many ahead registered that a person stands a small show.

John Steenks returned home to put up his hay last week and will rush the

hay harvest on Dr. Botkin's place as he wants to return to his job by the middle of the week, and next week go to Spokane to register for the land drawing. The railroads reap a rich harvest during this excitement, as well as hotels and restaurants.

Teddy visited Hughes behind closed doors one day last week and no one was admitted but a waiter with hot coffee. Teddy needed hot stimulants because he was up against a cold proposition.

C. W. Harris says a big deer was in his orchard and meadow one day last week and judging by his track he must have been a dandy.

## GEORGE

A large crowd attended the picnic on July 3rd in spite of rain in the morning. The program was fine with recitations, singing and dialogues by the home folks and the Garfield band furnishing the music. Walter Givens, of Estacada, and Hon. George C. Brownell, of Oregon City, each gave an interesting address. Dancing in the club house afternoon and night.

Mrs. Bertha McClintock, of Portland, and Mrs. Emily Koehler, of San Francisco, are visiting at the home of their mother, Mrs. Harders, for a few weeks.

Miss Emma Paulsen, of Portland, spent the 4th with home folks.

Henry Rimer has gone to Gray's Harbor to work.

Albert Lins is hoeing spuds for H. C. Stephens.

Mrs. A. H. Miller and daughter, Gladys, visited relatives in Portland Monday and Tuesday.

G. Bucholz, of Portland spent a week at the home of his sister, Mrs. Henry Smith.

Henry Johnson was a business visitor in Oregon City Saturday.

Peter Rath purchased a new mower at Estacada Thursday and is ready to make hay now.

The Joyner and Terwillinger families had a picnic down on Eagle Creek Sunday.

The Terwillinger family have friends from Portland visiting them.

Mrs. Perchin and children, of Portland, are visiting at the home of her brother, J. Paulsen.

Miss Reitsma and brother, Ray, of Portland, came out to the dance at the club house Monday night, they also took in the picnic at Estacada on the 4th.

Matt Dibble and family, who recently traded their farm at Edward for one in Lane county, were visiting Mrs. Dibble's parents, Mr. and Mrs. John Marshall, for a few days before moving away.

J. V. Hart sold his interest in the George Telephone Co., to Will Lins.

## COLOMBO VILLA

Everybody is busy making hay.

Mr. and Mrs. Edward Daniels and Misses Emma and Elizabeth Hazelwander returned to Portland Sunday after visiting with home folks for the past week.

Mr. Carl Wendland and friends from Portland visited in this vicinity and had the misfortune to get stuck with his automobile.

Emil Boitano was at M. Pezzolo and Co's. Sunday.

Carl Krebs and his Accordion were seen in this vicinity Saturday evening.

### NOTICE

Notice is hereby given that on the 10th day of July, 1916, the City Council of the City of Sandy adopted the following resolution, to-wit:

Be it resolved by the Common Council of the City of Sandy.

Whereas, the City Council of the City of Sandy deeming it expedient to improve Center Street from the North line of the Revenue County Road abutting upon said Center Street in the City of Sandy to the South line of Park Avenue in said City of Sandy by grading said Street to conform to the grade established by ordinance number 33 and by laying and establishing a roadway of crushed rock eight (8) feet in width along the center line of said Center Street, said roadway of crushed rock to extend four (4) feet each way from the center line of said Center Street, and said layer of crushed rock to be six (6) inches in depth in the center and taper uniformly toward each edge to a depth of four (4) inches on each edge of said roadway and the top of said roadway to be in conformity with the established grade of said Center Street as established by ordinance number 33, passed on the first day of March, 1915, does hereby require the City Recorder acting in the capacity of the City Engineer, plans specifications, and estimates of said proposed improvement of Center Street in the City of Sandy, Clackamas County, Oregon.

Notice is hereby given that the City Council of the City of Sandy did upon the 11th day of August 1915 pass the following resolution, to-wit:

Be it resolved by the Common Council of the City of Sandy,

Whereas, the Recorder of the City of Sandy acting in the capacity of City Engineer having filed with the City Recorder of the City of Sandy plans, specifications and estimates for the improvement of Center Street in the said City, of Sandy, and.

Whereas, the City Council of the said City of Sandy finding said plans, specifications and estimates satisfactory, do hereby adopt the same and hereby declare its purpose of making said improvement in accordance with said plans and specifications by grading said Center Street to conform with the grade established by ordinance number 33 and by laying and establishing a roadway of crushed rock eight (8) feet in width along the center line of said Center Street said roadway of crushed rock to extend four (4) feet each way from the center line of said Center Street and said layer of crushed rock to be six (6) inches in depth in the center and taper uniformly towards each edge to a depth of four (4) inches on each edge of said roadway and the top of said roadway to be in conformity with the established grade of said Center Street as established by ordinance number 33 which ordinance was passed upon the first day of March, 1915.

Be it further resolved that the Recorder be instructed to publish and post notice of approval and adoption of the plans, specifications and estimates of the proposed improvement of said Center Street.

Be it further resolved that the 25th day of July, 1916, at six o'clock p. m., is hereby set as the last day upon which a remonstrance against the proposed improvement may be filed with the Recorder of the City of Sandy.

Be it further resolved that cost of said improvement over and above the amount donated be assessed against property benefited by such improvement in accordance with the provisions of the Charter of the City of Sandy.

Published and posted by order of the Common Council of the City of Sandy, this 11th day of July 1916.

F. E. Beckwith, Recorder.

### Rubbing For a Kiss.

The young husband halted at the gate and retraced his steps.  
"Did you come back for another kiss, dear?" inquired the bride.  
"Well, I'll take another kiss, but what I came back for was my rubbers."—Brooklyn Citizen.

## THE BLUFFS

Mr. and Mrs. W. T. Severin are the happy parents of a baby girl, born Wednesday July the 5th.

Mrs. K. Daly was out from Portland last Sunday to see her new granddaughter.

William Becker was a Portland visitor last Sunday.

Mrs. G. Daren and baby visited at the home of C. Wendland last Sunday.

Mr. and Mrs. Machin and family and the Misses Mary and Anna Haley called at W. Severin's the fourth.

The Sewing Club met with Mrs. T. Dunn on Wednesday.

Miss Emma Schwartz has returned to Portland after a short vacation at home.

G. C. Maronay has returned from Government Camp where he has been working the last two weeks.

Robert Jonsrud is having a new barn erected on his property near the bluff.

John Barnett is helping Procter and Craswell to get out cordwood.

## Scientific Farming

### SOY BEANS AND CORN.

The Former Increase the Productivity of the Latter.

There are some who still advocate growing soy beans and corn separately for silage or hogging down, but we do not believe it advantageous, says a contributor to the Orange Judd Farmer. Soy beans are nitrogen gathering plants, storing this valuable element in the soil in available form, and from our own experience and that of several investigative neighbors we are convinced that soy beans exert a beneficial influence on the corn the same

SOY BEAN PLANT.

year they are grown with it. One neighbor whose farm has been visited by many agricultural authorities states that soys grown with corn on his farm increase the productivity of the corn about ten bushels to the acre.

We have never grown finer well matured, solid ears of corn than that grown with soy beans. Through an abnormally wet season last year the corn planted in two fields with soys was better than that of two other fields of corn without, and while most of this was cut for silage it would be difficult to draw a comparison in yield, but judging from the compact, well

maturing ears it was a little superior.

Farmers who have grown these two crops separately have experienced some difficulty in harvesting them for silage, because it necessitates two sets of laborers and the use of extra tools, one to cut the corn and the other to harvest the soy beans. Growing the two together greatly facilitates the work of silaging, for at a single operation with the corn binder the two are bound together in bundles that are easily handled. Not only that, but we have exactly the same proportion of soy beans and corn all through and thoroughly mixed together by the silage cutter, and it only requires one man at the table of the cutter to feed.

One objection to sowing soy beans with what is termed silage corn is that the silage corn produces so much heavy foliage, which shades the beans and stunts their growth. Soy beans for good development require a moderate amount of direct sunlight. Corn like Reid's Yellow Dent does not bear so much heavy foliage nor grow so tall as to shut out sufficient light for the beans to thrive and come to full maturity.

Even when one intends to shred fodder and has a binder with which to cut the corn the feeding value of the fodder can be greatly improved by growing soy beans with the corn. It also improves the stalk pasture if one shucks the corn early and does not mind the inconvenience of the vines, which is not much worse than the weeds in some cornfields. One man living near by buys a carload of lambs each year and turns them into a field of soy beans and corn in August or early September if the beans are nearing maturity. They therefore harvest their own feed, make rapid gains on this rich feed and do little injury to the corn. After the succulent leaves have all been eaten there are left the stems and some of the seed pods when hogs are given access to the field for hogging down the corn.

### Protect Alfalfa Hay.

Alfalfa hay should not be left unprotected from rains, as is now the practice on many farms, according to Ralph Kenny, assistant professor in agronomy in the Kansas State Agricultural college.

"Well cured alfalfa hay is well worth the extra expense involved in protection from exposure to rain and unfavorable weather," says Mr. Kenny. "Such hay will command a high price on the market if sold and will all be in a salable condition. Likewise if fed on the farm it will have more nutritive value than if exposed to all kinds of weather."

"Cheap sheds for storing alfalfa may be constructed from poles twenty feet long set into the ground and supporting a pitched roof of corrugated steel or some prepared roofing. The sides need only be walled for the upper five to seven feet, thus preventing dashing rains from beating into the stored hay."
