Anecdotes of Richter.

Mme. X. was singing at a rehearsal and was decidedly out of tune. Dr. Richter stood it as long as he could, then turned to her. "Madame," he said, "will you kindly give the orchestra your A?"

At another rehearsal one of the instrumentalists made a mistake. "No," said Dr. Richter; "it goes so (humming) — rum-tum-tarum!" The same player made another mistake. "No, no — rum-tum-tarum!" At the third mistake Dr. Richter momentarily lost patience and cried, "Why do you make so many mistakes, Mr. —?" Then quickly recovering his habitual good humor, "Ah, I know why it is—you like to hear me sing!"—Manchester Guardian.

Why He Was on Time.

Beranger was one day complimented by a lady on the punctuality with which he kept his engagements. "It is a pleasure," said she, "to invite you to dinner, for you never make us wait." "I am no longer young, madam," replied the poet, "and experience has taught me one thing—it is dangerous not to arrive at the precise hour, for the guests who are waiting for you will pass the time in discussing your faults."

A Rising Concern.

"So you've invested your money in a new airship company?"
"Yes. If our airship goes up the stock will go up."
"But suppose it doesn't?"
"Then the company will go up."—Boston Transcript.

What Portland Cement Is.

Portland cement is defined by the Scientific American as a product made by burning limestone and clay, mixed in certain proportions, and grinding the resulting clinker to powder.

Realistic Cake.

"Do you call this sponge cake?" asked the lady of the house. "Why, it's as hard as a rock."
"Yes, ma'am," replied the cook. "That's the way a sponge is before it is wet. Soak it in your tea."—St. Louis Post-Dispatch.
