Pendleton Normal School Proven Necessity

(Copied from Portland Oregonian.)

MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week . . . students enrolled 785, largest on record for state Normal in Oregon . . . how to care for large student body a problem . . . 800 being crowded into auditorium with seating capacity of 550. Galleries filled with extra chairs in aisles. More than 150 students seated on platform. New boarding houses completed, additions to rooming houses built and tents used. One hundred girls sleep on upper floor of school.

The official school report gives 150 grade pupils in Monmouth, for teacher practice.

Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election:

By James Withycombe, Governor of Oregon:

"Oregon is unquestionably in need of more normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon."

By J. A. Churchill, State Superintendent of Public Instruction:

"I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton."

By P. L. Campbell, President of the University of Oregon:

"At least one additional Normal School is urgently needed in Oregon."

By W. J. Kerr, President of the Oregon Agricultural College:

"Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure."

By J. H. Ackerman, President Oregon Normal School, at Monmouth:

"A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements."

By the County School Superintendents of Oregon:

"Resolved, that it is the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton."

By Mrs. Charles H. Castner, President of the Oregon Federation of Women's Clubs:

"I most heartily endorse the location of said Normal School at Pendleton."

Prof. Robert C. French, Former President of the Normal School Located at Weston:

"An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon."

B. F. Mulkey, Ex-President Southern Oregon Normal School:

"I shall support the location of an Eastern Oregon Normal School at Pendleton."

State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent."

Portland Chamber of Commerce endorses measure 308 and says Pendleton most logical location for Normal school in Eastern Oregon.

DOVER

The pupils and teacher of Dover School wish to thank Mr. Milan and others of Kelso for the manner of showing their appreciation for Dover's entry in the School Parade, held at Sandy last Friday.

Stop! Look!! Listen!!! Don't anybody make an appointment yet for Oct. 28. Why? Oh because. What? We'll tell you next week. When? October 28, 1916. Where? Dover. By whom? All of us. Cost? Free!

Nearly everyone in Dover attended the Sandy Grange Fair last Friday and Saturday, including the Dover school which took part in the parade. Everyone seems pleased by the manner in which the whole affair was conducted.

George Dickerson and son-in-law, Mr. Harper and family, left Tuesday for Southern California by auto, where they intend to spend the winter. Mr. Dickerson will return to Dover next spring.

George A. Wolf, of Sandy, baled hay on his ranch in Dover last Monday and Tuesday. He had about 25 tons. Mark Senske and Clark Melugin did the baling.

William Updegrave left for Hood River last Sunday where he will work among the apples a few weeks.

E. Wolf and family autoed to Dover last Sunday afternoon.

E. D. Hart, of Firwood, bought 4 tons of hay from George Dickerson last week.

Mrs. Annie Cooper and her mother, Mrs. Cabbage returned from an extended visit in Eastern Oregon, Saturday night.

A fine rain would now be in order to settle the high winds and dust and stop some of the many fires which are destroying much property and timber.

Mrs. Updegrave helped at the Sandy Hotel during the Fair.

Victor Bodley and his mother and sister, autoed out to the ranch from Portland last Sunday.

A. S. Morrison and W. P. Roberts marketed veal Tuesday.

Our school is getting along nicely under the management of Miss Ruth A. Brown, who is well liked by all the pupils.

H. G. Huntington and wife, of Portland, were at the ranch Saturday.

Irvin Updegrave started to school last week. He has a fine new bicycle.

H. Fitzgerald has turned farmer again.

Edwin Seward's oxen hitched to a load of lumber made a run for Bear Creek the other night as he was returning from the mill and the way Edwin hollered in trying to stop them wasn't slow.

Where are all the hooters these fine moonlight nights. Nothing doing.

NORMAL REGENTS FAVOR MEASURE

BOARD MEMBERS ASSERT ONE SCHOOL AT MONMOUTH CAN NOT SUPPLY NEEDS OF ENTIRE STATE.

Salem, Ore., Sep. 22.—The Board of Regents of the Oregon Normal School filed its final draft of a survey made of the Normal School condition to the State Superintendent of Public Instruction on Thursday. That the State of Oregon is sadly in need of an additional Normal School as is provided by the initiative measure creating such a school at Pendleton is recognized by the Board of Regents in their final report made after an exhaustive survey of the condition of the one present school at Monmouth. They recognize too, in their report, that any new Normal School should be located in a town having public schools large enough to provide ample teacher training practice for the (teacher) students of the Normal.

"It is apparent to anyone who has studied the situation that there is need of additional Normal School facilities in Oregon; the Monmouth School alone cannot care for the number of students who desire to be or should be enrolled in Normal School within the next two or three years, and it will be necessary to send Oregon students to Washington and California for their training."

Filling the Silo.

It is not essential that the silo be filled at one time. Many farmers have found that it is best to let silage settle awhile before putting too much on top of it. Some run the cutter one day and let it stand the next. If enough corn is not ready for filling it entirely it is very well to wait for another field to mature.

Hint For Grass Cutting.

Setting the mower knives too low causes too close cutting of the grass on lawns, exposing the roots to the sun so they will be dried up in time of drought.
