"Cap-Brush" Applicator makes "BLACK LEAF 40" GO MUCH FARTHER

Alone in the Storm

Whilst you are prosperous, you can number many friends; but when the storm comes, you are left alone.—Ovid.

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

"All the Traffic Would Bear"

● There was a time in America when there were no set prices. Each merchant charged what he thought "the traffic would bear." Advertising came to the rescue of the consumer. It led the way to the established prices you pay when you buy anything today.

Star Dust

STAGE-SCREEN-RADIO

By VIRGINIA VALE

(Released by Western Newspaper Union.)

EVER since Cecil B. DeMille used bathtubs as an aide in making his heroines more glamorous our screen players have showered and scrubbed before the camera, with due discretion. Remember Joan Crawford's bubble bath in "The Women"? That was one of the screen's most elegant bathing bits, in recent years.

But in "The Howards of Virginia" Cary Grant takes a bath that may get him into trouble with the historians, though if it does nobody will be to blame.

"The Howards of Virginia," you'll recall, is based on that popular book, "The Tree of Liberty." The author, Elizabeth Page, did extensive research for it; Producer-Director Frank Lloyd had experts at work for months before a camera turned.

But—the author wrote a scene in which the hero takes a bath in Raleigh tavern, at Williamsburg, Va. Research failed to uncover anything in bathtub styles current for the period.

So Lloyd used his imagination, and decreed that Cary Grant should take his bath in a round wooden tub; maybe that's not according to Hoyle, historically, but it's the best he could do.

Motion Picture Director Sam Wood took the European war by the horns recently and forbade the

PATRICIA MORISON

presence of radios on the set for "Rangers of Fortune." "I had to do something," he said. "The players had five radios on the set and did nothing but talk of the war. Now we spend five minutes at 10 o'clock in the morning and at four in the afternoon listening to war bulletins, and that's all."

Patricia Morison, who has a featured role, agreed quite willingly, though she has two cousins fighting with the royal air force, and it's a long time between ten and four.

"Musical Americana," the Westinghouse radio program, has changed time—it is now heard on Tuesday nights at nine, Eastern Daylight Saving Time—and has also changed location. It is broadcast from New York, so that, if you're visiting the city and want to attend a broadcast, you can do so. You can arrange for tickets at the Westinghouse building at the New York World's fair; if you can't get over to Radio City, you can listen to it as a special rebroadcast from the 120-foot-high Singing Cascades.

ODDS AND ENDS—Patsy Kelly returns to films in Hal Roach's "Road Show," after an absence of two years... Warner Brothers' "All This, and Heaven Too," with Bette Davis and Charles Boyer, is the first picture to have its premiere performance broadcast by television.

+ FIRST-AID to the AILING HOUSE +

By ROGER B. WHITMAN

Flood Control.

QUESTION: Where can I get information and booklets on flood control?

Answer: Apply to the U. S. department of agriculture, Washington, D. C. It is also probable that your own state department of agriculture can advise you.

Restoring Paintings.

Question: I recently rescued a couple of paintings and prints from an attic. The paintings are grimy, and one is scaling. The prints are weatherbeaten, with brown marks. How can I restore them?

Answer: A painting that is cracked and scaling should be treated by a professional restorer; any home method is likely to do irreparable damage. To clean the other painting, pat with a damp cloth in one corner to see if the paint is fast color. If so, go all over the painting with a pad of soft cheese-cloth wet with the suds of a mild soap, which will loosen the dirt; follow with other pads of clean cloths damp with clear water. Do not rub; cleaning should be by a patting motion. After cleaning, shake off loose water and stand on edge at an angle to dry.

Stains on the margins of prints can usually be taken off with a very weak solution of Javelle water or some similar bleaching powder containing chlorine. Prints and lithographs are usually fast color, and can be washed in clear water. You should test out the fastness of the color before attempting this.

Bulging Linoleum.

Question: We put linoleum on our floors from wall to wall, and nailed wood edging down at once. The linoleum bulged in the center. We took up the edging and trimmed the linoleum, but still it does not lie flat. Would oiling help?

Answer: Linoleum will always stretch when first laid down. It should not be tacked or held with edging until it has had several days for stretching. Even then there may be trouble, because of a swelling and shrinking. Whenever possible, linoleum should be cemented down. If this cannot be done, the linoleum should be left on the floor for some time before tacking or otherwise securing it. Do not use oil of any kind, for the linoleum would be damaged.

Leaking Garage Roof.

Question: Our garage extends beyond the house, the top of which is a porch. After every storm rain soaks through the concrete roof. How can we waterproof it?

Answer: All edges of the concrete wherever there is a joint with a vertical wall should be cemented over with an asphalt roof cement. Any cracks in the body of the floor should also be filled with it. This cement, which can be had at hardware stores, can be poured into a crack when melted by heating.

Replastering.

Question: I want to finish the walls with a sand plaster to give the walls the appearance of age. Could sand plaster be applied over the present painted plaster?

Answer: No; plaster will not adhere to smooth surfaces. Your best chance will be with plastic paint. This makes a very good finish.

Discouraging Rats.

Question: There are rats on our premises due to tardiness in the collection of garbage. How can we get rid of them?

Answer: As a starter, get rid of anything around your premises in the way of food that would attract them. Use a rat poison, following the directions on the label of the box. If the rats are nesting in the ground, put several handfuls of moth balls in each hole. Clear away rubbish or any place where they might nest.

AROUND the HOUSE Items of Interest to the Housewife

Keeping Cool.—If your home is heated by warm air ducts, get the furnace man to install a proper fan in the basement which will drive the cool cellar air up into the house through the ducts.

Lime marks on bath tub, caused by hard water, can be removed by rubbing with peroxide of hydrogen.

Save left-over toast for use as bread crumbs. Run it once through the food chopper or roll it out with the rolling pin. Store in a covered glass jar.

If bread has gone stale, hold the loaf over steam from the kettle for a few moments, then place in a hot oven for 10 minutes. Dry on a wire tray.

Excellent pads for the stair-carpet can be made by covering a fairly thick pad of newspaper with hessian, felt or cloth.

For Summer Comfort.—Use awnings on all windows exposed directly to the sun for they reduce, by as much as one-third, the amount of heat entering. Awnings are far superior to blinds in this respect unless the latter are outside the windows.

Encompassed Truth
Truth lies within a little and certain compass, but error is immense.—Bolingbroke.

GET VITAMINS YOU NEED... AS YOU REFRESH YOURSELF!

Oranges can help you to feel your best

When you want refreshment, eat an orange! Or help yourself from the big family pitcher of fresh orangeade! "Hits the spot"! you'll say.

But that's not all. Oranges add needed vitamins and minerals to your diet. And fully half of our families, says the Department of Agriculture, do not get enough of these health essentials to feel their best!

The best way to be sure of getting all the vitamin C you normally need is to drink an 8-ounce glass of fresh orange juice with breakfast every morning. You also receive vitamins A, B₁ and G and the minerals calcium, phosphorus and iron.

There's nothing else so delicious that's so good for you. So order a supply of Sunkist Oranges right away. They're the pick of California's best-ever crop of wonderfully juicy summer oranges. Copr., 1940, California Fruit Growers Exchange
