

ONLY THE BEST

"Are mine the only lips you have ever kissed?"
"Absolutely, darling. And the nicest."

What Mastication

"I'll take off my hat to you oyster eaters. It was all I could do to eat three last night!"
"Weren't they fresh? What did they look like when you opened them?"
"O, did you have to open them?"

Jones leaned over the fence and watched his friend Brown hard at work in the garden.
"Been at it long?" he asked.
"Yes," sighed Brown, dejectedly; "since seven o'clock."
"Good gracious!" gasped the other. "I wouldn't think of such a thing."
"I wouldn't, either," Brown explained, casting a nervous glance towards his house. "My wife thought of it."

Common Sense About Constipation

A doctor would tell you that the best thing to do with constipation is get at its cause. That way you don't have to endure it first and try to "cure" it afterward—you can avoid having it.

Chances are you won't have to look far for the cause if you eat the super-refined foods most people do. Most likely you don't get enough "bulk"! And "bulk" doesn't mean a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines.

If this is what you lack, try crisp crunchy Kellogg's All-Bran for breakfast. It contains just the "bulk" you need.

Eat All-Bran often, drink plenty of water, and "Join the Regulars." Made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.

Star Dust
STAGE SCREEN RADIO

By VIRGINIA VALE

(Released by Western Newspaper Union.)
JOE E. BROWN'S first week before the cameras in the Columbia picture, "So You Won't Talk," marking his return to the screen after a serious automobile accident that put him in the hospital for four months, left no doubt that he was fully recovered. In the first three days Joe fell off beds, crawled under them, jumped out of a second-story window, and swung a haymaker to Charles Wilson's jaw that connected accidentally and knocked the actor senseless for two minutes. "So You Won't Talk" is a comedy in which Brown plays the dual role of a timid book reviewer and a gang

baron for whom he is mistaken; Frances Robinson plays opposite him.

Acc Director Clarence Brown recalls that in the days of the silent pictures the saying was that the worst pictures had the most titles, and a really great picture such as "The Last Laugh" had no titles at all. Now it seems likely that one of the great talking pictures has proved that the bigger they are, the less the actors say.

"Edison, the Man," Mr. Brown's latest directorial effort, goes a long way toward proving that fact.

Wayne Morris can't escape the Lane sisters. If he isn't acting with Priscilla, he's acting with Rosemary. Priscilla's one up on her sister; she teamed with him in "Love, Honor and Behave," "Brother Rat," and "Brother Rat and a Baby." Rosemary won him in "An Angel From Texas," and she's his romance again in "Ladies Must Live," their current picture at Warner Brothers'. Meanwhile the romance of his personal life seems to have hit the rocks.

If you're one of the vast army of fans who've enjoyed the pictures made by Osa Johnson and her late husband, Martin, you'll want to see "I Married Adventure," which Columbia is releasing the last of this month.

It is based on Mrs. Johnson's autobiography, and is the first pictorial dramatic thriller of a famous woman explorer. It tells the story of 27 years of adventure, shared by the Johnsons.

The Court of Missing Heirs, a half-hour radio program which has been taking only 25 minutes because of Elmer Davis' news broadcasts, has moved from its customary spot on CBS to one-half an hour earlier, which will give it a full half hour. Even in its 25 minute weekly broadcasts it has not done so badly at digging up missing legacies; in 28 weeks under its present sponsorship the program has found claimants to more than \$120,000—more than \$6,000 a week.

FIRST-AID to the AILING HOUSE

Wasps.

QUESTION: I have a wasp nest in one corner of my attic about 18 inches in diameter. How can I get rid of it?

Answer: On a cool day when the wasps are inert, spray the nest thoroughly with any insect liquid or kerosene. The nest can then be wrapped in heavy paper or, if possible, enclosed in a paper bag, broken away from its support, and burned.

Question: In spring and fall there are wasps in our attic and in one upstairs bedroom, which they seem to enter through the window pulley openings. How can they be eliminated?

Answer: The pulley openings can be covered by strips of cloth of a width to fit the bottom of the groove, and held by a thumb-tack above the pulley. In the attic, locate the pests and spray them heavily with insect liquid. If the nests are within the walls you can locate them by observing the cracks through which the wasps crawl in and out.

Weed Killers.

Question: What is a solution to be sprayed on the ground to kill weeds and to prevent the growth of poison ivy? Is this the right time of year to use such a solution?

Answer: A strong solution of rock salt in water is effective; or you can get ready-made weed killer at a seed store. Any such solution will kill all vegetation that it falls on, however, until in time rain carries it deep into the earth. This would be a good time of year to use it, for spring growth is already beginning.

Cold Bedroom Floor.

Question: The area under the bedrooms is unexcavated. We find the floors in these rooms are cold. The house is just completed. Is it the newness of the house, and will the dampness pass? If this coldness will continue, what type of insulation do you suggest?

Answer: Floors without basements under them will most likely continue to be cold. The newness of the house may aggravate the condition because of the dampness given off by the plaster. Insulation will help considerably. There is a form of blanket insulation made of shredded wood fiber enclosed in a waterproof paper, made to fit between the floor joists, which might be quite suitable for your purpose.

Old Kitchen Clock.

Question: I would like to clean the works of an old porcelain kitchen clock. I was told to soak the works in kerosene, then add a few drops of light machine oil. How would you clean the clock?

Answer: If the clock is valuable, the cleaning and oiling should be done by a professional. Soaking in gasoline may be preferable to kerosene. The gasoline will cut the old oil and grease faster. In oiling, place just a drop of light oil on each pivot.

Coal and Oil.

Question: For house heating how many gallons of oil are equivalent to a ton of coal?

Answer: That depends very largely on the efficiency with which both oil and coal are burned. I have had comparisons running all the way from 150 to 200 gallons of oil to the ton of coal; 175 gallons is, I believe, a fair average.

Insulating a Floor.

Question: I intend to insulate the under part of a floor, which is three feet above the ground. I expect to use rock wool batts, which have waterproof backs. Would it be better to put building paper over the batts, or do you recommend a rigid insulating board?

Answer: Waterproof asphalt paper may be more practical for your purpose. It will be easier to handle. Where the laps of the paper occur, nail strips of wood over joists to close up any bulge or openings between sheets.

An Old Washstand Becomes a Sideboard

By RUTH WYETH SPEARS

SO MANY of you have written me letters of appreciation about the new SEWING BOOK 5 that I want to thank you all here at one time. In Book 1 is sketched and described methods of making slip covers, curtains, bedspreads, dressing tables and other things for the house. Next came Book 2 with gifts, novelties and a glossary of embroidery stitches. Then, in

Book 3, I began to share with you some of the human interest side of this fascinating job of mine, and to tell you about the adventures of many clever women who make the things that they want for their homes—sometimes from almost nothing. There were more of these adventures in Book 4, and there are still more in Book 5.

There is nothing that pleases me so much as when you tell me that my sketches are so clear that you can see at a glance how to make things. I am glad that everything needed is in today's sketch about this remodeled washstand because I have used up all my space now; and the frill around the top shelf is five inches deep. Books are 10 cents each. Send order to:

Is your child a NOSE PICKER?

It may be just a nasty habit, but sometimes nose picking is a sign of something nastier. It may mean that your child has round worms—especially if there are other symptoms, such as fidgeting, finicky appetite, restless sleep and itching in certain parts.

Many mothers don't realize how easy it is to "catch" this dreadful infection and how many children have it. If you even suspect that your child has round worms, get JAYNE'S VERMIFUGE right away! Drive out those ugly, crawling things before they can grow and cause serious distress.

JAYNE'S VERMIFUGE is the best known worm expellant in America. It is backed by modern scientific study and has been used by millions for over a century. JAYNE'S VERMIFUGE has the ability to drive out large round worms, yet it tastes good and acts gently. It does not contain santonin. If there are no worms it works merely as a mild laxative. Ask for JAYNE'S VER-MI-FUGE at any drug store.
