## BARKER'S BUGLE

Smiles — and — Values

HOWDY FOLKS:

A doctor's young hopeful had some playmates in and took them to a closet where a skeleton was displayed.

"Daddy's had him for a long time, so I guess he was one of his first patients," was Johnny's explanation of his presence.

"How does that clock go that you won at the fair?"

"Fine—it does an hour in fifty minutes."

"How did you get along in your action for compensation against the man whose dog bit you?"

"I lost. He had a clever lawyer who proved that I bit the dog."
