CALL ON PRIVATE
ENTERPRISEWhen big emergency jobs need
to be done, call on private enter-
prise.A notable example of that is
found in the campaign to sell
billions of dollars worth of De-
fense Savings Bonds and Stamps.The burden of that campaign
has been accepted by this coun-
try's banks. They are advertising
bonds, displaying bonds, and talk-
ing bonds to their customers.
They are doing it without a pen-
ny of profit—all the money real-
ized goes to the Treasury. They
are paying sales and promotion
expenses out of their own pocket-
s. And they are selling the se-
curities in gigantic quantities.Other industries, such as mer-
chandizing, have joined in—and
they, too, without profit, are
raising millions daily for Amer-
ica's arms program.Private enterprise makes this
country tick in normal times. And
private enterprise builds its de-fenses in times of danger. Private
enterprise in manufacturing, pri-
vate enterprise in finance, private
enterprise in distribution and
transportation—everywhere in
America private enterprise is
working toward the common goal
of national security. That means
it is working for us all.

VOTE NO OR DON'T KICK

Next year the American people
will pay the heaviest taxes in our
history. They will pay willingly
every dime that is needed for
real defense. But they will resent
being forced to pay now for gov-
ernment "luxuries" and non-es-
sentials.Political spending for unneces-
sary activities is nothing short of
a disgrace. For instance, costly
WPA "art projects" have again
been given official approval. And
that is done at a time when the
cost of defense will be great hard-
ship on small incomes, no less
than big, and when we are told
business cannot continue as usual,
and when all must "sacrifice."

that the normal cost of govern-
ment could be cut by a billion or
more dollars a year without im-
periling or eliminating any es-
sential activity. But Congress
won't move a single step in the
direction of economy until the
people demand it through their ac-
tion at the polls. So don't kick at
waste until you are ready to vote
an emphatic "No" against indi-
viduals and agencies that coun-
tenance waste.

SPORTS NEWS

Although the general trout
season closed on October 15, an-
glers may fish for trout ten inches
or over in coastal streams. From
now until December 31, 1941, the
daily bag limit for trout in tide-
water will be 15 fish or fifteen
pounds. After January 1, 1942,
the bag limit on trout 10 inches
or over will be three fish a day.Above tidewater, the bag lim-
it for trout 10 inches or over will
be three trout a day. This limit is
provided in order that fishermen
angling for steelhead or salmon
will be protected if they should
accidentally land a trout above
tidewater.Steelhead and salmon, fifteen
inches or over, may be taken at
all times of the year, below and
above tidewater.These regulations, of course, do
not apply to any stream that is
closed entirely to fishing.
