SAVE YOUR PAPER

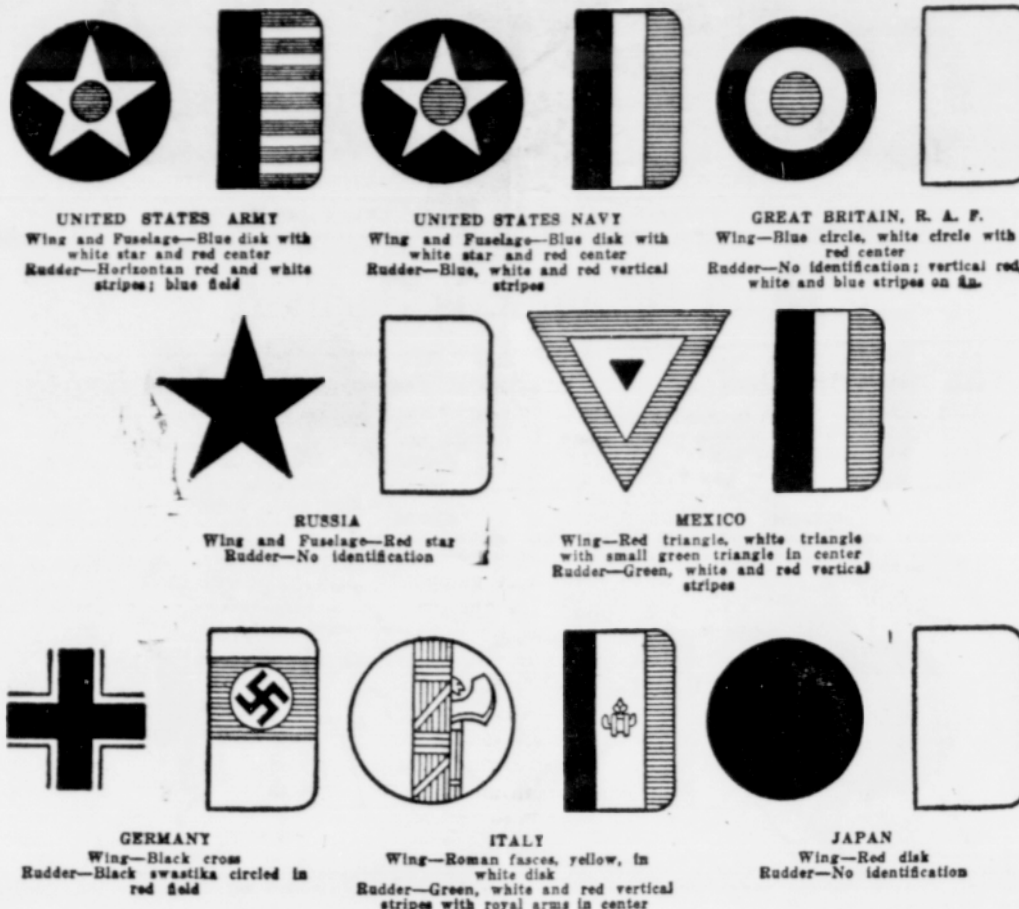

Conserve paper! That request has been made to all the people by the government. Even before we were in the war, the government was using one-third of the nation's paper box production for army needs, and now military demand will rapidly increase. On top of that, the armed forces have many other important uses for paper of all kinds. The cheapest forms of paper, such as newsprint, can be reclaimed and made into boxes and other articles.

When you do your shopping, get along with a minimum wrapping. The National Association of Food Chains offers consumers five good suggestions when it says: 1. Don't ask for a bag when an item is already packaged. 2. Don't ask for separate bags unless necessary—or any bag at all if you have only a few items to carry. 3. Take groceries in cartons when available—then use the cartons as receptacles in which to save waste paper at home. 5. Remember to save all kinds of paper.

Don't think the stores you patronize are being stingy when they stop using paper, string, tape and other wrappings in the wastefully lavish form we've become used to. When they cut down on paper use, they are cooperating with the government. This is just one more of the many ways retailing in all its branches, chain store and independent store alike, is serving the country now.

Every family can help in the conserve paper drive. Save all you can and turn it in when you reach a substantial poundage. The Army and Navy need it.

How to Distinguish Nationality of Aircraft

Civilian air raid spotters will have no difficulty distinguishing Axis planes from those of the United Nations if they memorize the markings illustrated above. American and British planes have designs of red, white and blue, and Russia has a red star. Watchers on the southern border occasionally may see the red triangle of Mexico. Axis raiders are easily spotted through the familiar black cross and swastika of Germany, the round red rising sun emblem of Japan and the Roman fasces insignia borne by Italian planes.

GARMENT TRAINING SCHOOL TO BE CONDUCTED

Miss Lucy Lane, extension specialist in clothing and textiles from Oregon State College, will conduct a training school for all clothing project leaders from the twenty extension units in Clackamas county on Monday, January 26. This will be held in room 23 of the Oregon City senior high school from 10:30 until 3:30 o'clock.

Miss Lane will include in the lesson construction features of various styles and types of foundation garments. Instruction will be given in the correct measuring techniques to be used in fitting the garments, and also the steps to be used in altering them. Some considerable attention will be devoted to the factors to be analyzed in consumer selection and care of the garment and also to foundation garment selection as it is related to current clothing styles. The leaders trained at this school will teach a similar lesson in their own communities during February and March.

County residents who do not now attend an extension unit but are interested in this information are asked to contact Helen Allen, home demonstration agent, Oregon City, for the name of the extension unit nearest their community, that may attend.

Sandy High School News

SCHOOL NOTES

Mr. C. A. Thaddeus, a former Hill Military teacher, is filling Mr. John Newman's place as the band and glee club teacher of Sandy High School. Mr. Newman resigned from the Sandy faculty staff to enter into a National Defense program in California. Mr. Waddingham started teaching January 19.

The Sandy Pioneer basketball team suffered defeat before the Gresham Gophers to the score of 17 to 43 on the latter floor last Friday January 19.

The Pioneers fought a hard game all the way through but were unable to get a lead on the fighting Gophers. Wally Scales, Sandy forward, was put out of the game early in the second quarter because of fouls. Sandy's high point men were Wally Scales and Bruce DeMerice with a score of six points each. Rando and Derohmit led the Gophers with a score of ten points each. The lineup was as follows:

Sandy (17) Gresham (43)
Scales (6) F (4) Dix
Dagsland F (10) Rando
DeMerice (6) C (5) Guthrie
Rickey (2) G (8) Chism
Ganger (1) G (10) Derohmit
Substitutes: Sandy: Murray (2); Gresham: Sugaharra (4), Weev-al (3).

Coach "Pop" Rannow's squad downed the Silverton's Foxes for the first attempt of the year here last Friday night by a score of 26-6. The results were as follows: C. Crone of Sandy, lost by a decision to May. Oguri of Sandy lost by decision to Remington. E. Erwin of Sandy won by a fall over Huddleston Phelps of Sandy won by a fall over Oedere. D. Dodd of Sandy won by a fall over Walker. Guthu of Sandy won by a decision over Liende. Rex Allen of Sandy won by a decision over Fuley. Dyal of Sandy won by a fall over David.

Captain Arthur Hook, noted Sea Diver, fisherman, and Eskimo trader, gave an illustrated lecture on Alaska at an assembly Wednesday.

Captain Hook displayed totem poles and fur parka which he brought from Alaska.

Mr. John Newman, music instructor, who resigned from Sandy High School Friday was given a leather brief case by the Glee Club girls. He left to go to California to do defense work.

A few changes will be made in the freshman shop procedure in the near future and will be based on the work found in industry, according to Mr. George Gillis, new industrial arts teacher.

The defense training school, which was scheduled to start last Monday night, was temporarily deferred because of the need for additional power for a electric welding machine and a machinist lathe. The recent cold spell delayed the installation of more power.

Sandy's mat men, fresh from last week's smashing triumph over Silverton, will this week try to again grapple their way to victory when they meet the Mollala toughies. The Pioneer bone-crushers will meet their old rivals in the Mollala Arena.

It will be stiff opposition for the local boys, and is the toughest team of the big nine for this year.

In second place was Seattle, with a ratio of 77.03 per 100,000. Los Angeles, San Diego and San Francisco follow closely, in that order.

The fact that the west coast rate of enlistment far surpasses that of any other portion of the country indicates the temper of the population of this coast which is nearest Nippon.
