NEW! "BACTERIOSTATIC"

FEMININE HYGIENE

Gaining Great Favor With Women!

Many doctors urge the regular use of *douches* for women who want to be *refreshingly* clean – for women troubled by offending odor, itching or discharge.

Some products may be harmful germicides which burn, harden and damage sensitive tissues. But NOT Lydia E. Pinkham's Sanative Wash! Instead–Pinkham's Sanative Wash is an effective "bacteriostatic" (the *modern* trend).

It not only discourages bacterial growth and infection but cleanses, deodorizes, relieves minor irritations and discharge. Has beneficial effect on delicate membranes Inexpensive!

SPECIAL NOTICE TO FOOD AND DRINK DISPENSERS

Begining May 15th, 1943, each menu must have clearly and plainly written or attached to it the following statement:

"All prices listed are at or below our ceiling prices. By OPA regulations, our ceilings are our highest prices from April 4, 1943 to April 10, 1943. Records of these prices are available for your inspection."

If you do not use menues, you must post the statement by a sign which can be easily read by your customers and which must be located near the cashiers desk, if any, or the principal enterance.

If you made menues available to customers in the seven-day period, you must continue to make them available.

PRIVATE BUTTER SALES

A farmer or person who has a cow for family use, and has a pound or two of surplus butter per week, may sell it to a neighbor, but must collect points for the same and turn these points in to his rationing board. However, he need not register as a producer for this small amount.

REGISTRATION FOR CANNING SUGAR EFFECTIVE MAY 15.

The Home Front

By Mrs. Julia Kiene

Westinghouse Home Economist

Proper Care Means Longer Wear

IT'S abuse, not use, that makes household equipment old before its time. Whereas with proper care, it'll do more and last longer. For example, to treat your refrigerator right. . . .

Hands off that cushiony strip of rubber, known as the gasket, on the inside of the refrigerator door. Strong cleansing agents and grease and oil from human hands are equally ruinous to rubber. Each time the refrigerator is cleaned, wipe off the gasket with a mild solution of baking soda and warm water. Use a damp, not wet, cloth.

Mrs. Kiene

At the first sign of rust on refrigerator shelves, wash with a mild scouring powder and hot water, dry well and, using another soft clean cloth, apply a thin coating of hot melted paraffin. Although this is primarily a beauty treatment, it helps to retard the harmful spread of rust at its starting point in the joints of the shelves.

Polish the outside of a refrigerator with a neutral, colorless wax once or twice a year. It will lengthen the life of the finish and will help to keep up appearances between times. For, with a protective coating of wax, the porcelain finish is less likely to pick up finger marks and dust, and when it does, can be cleaned without washing. In applying wax, follow directions that come with it.

MENU

Asparagus with Cheese Sauce
Potato Salad
Spring Onions - Radishes
Buttered White Toast (enriched)
* Rhubarb-Strawberry Roll

*** Rhubarb-Strawberry Roll Recipe**

2 cups diced rhubarb
1 cup sliced strawberries
¾ cup sugar
1 cup water
¾ cup sugar
2 cups sifted enriched all-purpose flour
½ teaspoon salt
4 teaspoons baking powder
½ cup shortening
⅔ cup milk
1 beaten egg

Sweeten rhubarb and strawberries with the ¾ cup sugar. Put water and ¾ cup sugar in a pan 7"x11" and cook five minutes. Make a biscuit dough by sifting the flour, salt and baking powder together. Cut in the shortening. Add milk and egg, stirring only until well blended. Roll on a floured board to ¼ inch thickness. Spread with fruits. Roll. Cut in 1-inch slices; place in hot syrup. Bake for 25 minutes in preheated 450° oven. Serve hot with cream. Serves 8.

NEXT WEEK: MEAT ALTERNATES.
