COURT OPINIONS REFER TO M. W. SEIZURE

In reference to the recent government seizure of the Montgomery Ward retail store at Chicago would not the following 'opinions' of the Supreme Court apply, Quote,

"The Constitution of the United States is a law for rulers and people, equally in war and in peace, and covers with the shield of its protection all classes of men in all times and under all circumstances."

"No doctrine involving more pernicious consequences was ever invented by the wit of man than that any of the Constitution's provisions may be suspended during any of the great exigencies of government. Such a doctrine leads directly to anarchy or despotism, the theory of necessity on which it is based is false."

Mrs. Robert Jonsson.
