Sandy, Oregon

The Yanks in Australia have been making altogether to much time with the local lovelies to suit the Australians. During the showing of Bambi in Sydney when the little deer was calling "Mother! Mother!" some lad in the gallery yelled "Don't worry kid! She's probably out with a blooming Yank."

A doctor in Sequatchie Valley in Tennessee was called to examine the young wife of an elderly, deaf mountaineer. "Your wife is pregnant," he told her husband.

The mountaineer hand behind his ear queried, "Eh?" The doctor shouted "I said your wife is pregnant."

"Eh." Finally the doctor screamed, "Your wife is going to have a baby."

The man walked to the edge of the porch, spat out a mouthful of tobacco juice and drawled, "I ain't a bit surprised. She's had every opportunity."—Readers Digest.

After three days, guests like fish begin to stink.—Ben Franklin.

GRIGSBY REAL ESTATE COMPANY SALES

The Grigsby Real Estate company reports the following real estate sales during the past week.

Lewis Ash to E. Levenworth 87 acres at Brightwood, consideration \$4000 cash.

Barbara Zogg to C. H. Elliott 80 acres, consideration \$5500 cash.

Clara Howland to D. H. Hu - man home on Center street, Sandy.

Fire Wardens Appointed To Serve Rural Regions

Rural fire wardens have again been named thruout the Willamette valley to serve farmers in that area by writing permits and in assisting farm fire crews in uncontrolled fires occur says Art King, extension soils specialist in charge of the rural fire prevention project.

Burning permits may be obtained from these wardens for 10-day periods by applying in person (by telephone or in writing giving legal description of property by township, range and section.

In spite of the decreasing probability of incendiary bombing attacks on cities, forests and fields extreme care is always needed to protect farm homes and property from damage by fire. Dan B. Robinson project for- ester of the Oregon state board of forestry adds, Burning exist- ing fire hazards under controlled methods as early as possible is one way to avoid later serious fires he said.

Approximately one-fourth of the fires in the rural and margin- al forest areas of the Willamette valley are started from trash and debris burning along road sides, fence rows, stubble fields and slash areas he report. Some spread because of neglect and others because the property owner does not appreciate the danger of burning in dry hot weather. East winds plus low humidity, plus careless burning equal uncontrolled fires Robinson says.

PLANT NOW, SAYS CARL JOEHNKE

There is still time to plant late cabbage, cauliflower and kale seed for setting out in July providing you either hold or apply moisture at setting out time. You will have less trouble with insect pests from now on.

My experience has been that thousand headed kale set out in July makes better fall and winter cow and chicken feed than when it is set out too early. Stalks and all are eaten where if set out in May or June the plants have a rather hard time of it thru July and August, the stalks are hard and woody and are left uneaten. They rot slowly in a manure pile or compost and are in most cases wasted.

GRADE CROSSING DEATHS ARE INCREASING

In the face of the tragically increasing death toll at public grade crossings this year, Secretary of State Bob Farrell today called attention to the motor vehicle law requiring drivers to stop at crossings when a positive signal gives warning of the immediate approach of a train.

The law, quoted by the secretary of state is as follows: "Whenever any person driving a vehicle approaches a highway and interurban or steam railway grade crossing and a clearly visible and positive signal gives warning of the immediate approach of a train or car it shall be unlawful for the driver of the vehicle to fail to stop the vehicle before traversing such grade crossing."

Farrell urged close observance of this practice as a means of avoiding vehicle-train collisions at grade crossings. Fatalities from accidents of this type total eleven so far this year. This toll is 57 percent higher than the grade crossing fatality toll for the entire year of 1943 Farrell said.

All grade crossing fatal accidents so far this year have involved vehicles struck by the train as the drivers attempted to cross the tracks in front of the oncoming locomotive. Most of the accidents have occurred at crossings where vision is unobstructed and most of them have been during the hours of day light.

Church News

SANDY COMMUNITY CHURCH

J. C. HAFLEY, Minister

Rev. H. J. Gieseke, pastor Service every Sunday at 11 a.m. Sunday School every Sunday at 10 A. M. Also supports full 8th grade Elementary school.

Ordinary Picking Pails Coming for Orchard Use

Although practically no specially designed fruit picking pails will be manufactured on the west coast, this season eastern manufacturers of ordinary galvanized pails of 10 to 17 quart size have been directed by the office of civilian requirement to divert 70,000 dozen such pails to the Pacific coast states immediately according to information received by N. C. Donaldson, state AAA administrative assistant. While there are not as satisfactory as special fruit picking pails growers will probably have to use them for replacements says Donaldson. They may be purchased under the simple certification procedure.

ITCH CHECKED

For quick relief from itching caused by eczema, athlete's foot, scabies, pimples and other itching conditions, use pure, cooling, medicated, liquid D.D.D. PRESCRIPTION. A doctor's formula. Greaseless and stainless. Soothes, comforts and quickly calms intense itching. 35c trial bottle proves it, or money back. Don't suffer. Ask your druggist today for D. D. D. PRESCRIPTION.

Pile Sufferers Urged To Avoid CONSTIPATION

Hot Water and Kruschen Salts Before Breakfast. No Forcing! No Straining!

Here's amazingly effective way to moisten bowel contents and obtain more "easy" movements. Every morning for 5 days, 15 minutes before breakfast, drink a glass of hot water to which one teaspoonful of Kruschen Salts has been added. Bowel contents become soft, moist, easier to expel. No need to strain and thus risk painful rectal irritation. Within an hour wastes are expelled smoothly and gently. Get Kruschen Salts at all drug stores. Over 245 million bottles sold in the past 100 years—it must be good.

NEW! "BACTERIOSTATIC"

FEMININE HYGIENE

now finding great favor among women...

Many doctors urge the regular use of douches for women who want to be refreshingly clean—for women troubled by offending odor, itching or discharge. Some products may be harmful germicides which burn, harden and damage sensitive tissues. But NOT Lydia E. Pinkham's Sanative Wash! Instead—Pinkham's Sanative Wash is an effective "bacteriostatic" (a new modern trend). It not only discourages growth of the more vulnerable bacteria but cleanses, deodorizes, relieves minor irritations and discharge. Despite its great strength—Pinkham's Sanative Wash has a beneficial effect on delicate membranes. Inexpensive!
