THE LOW DOWN from HICKORY GROVE

My essay today is Antiques. Antique means ancient, antiquated, old-fashioned, so you see there is leeway. You take it like when you used to clink a couple of 20-dollar gold pieces in your jeans pocket, that is a sample of something "ancient." But pardone, clinking 2 pieces of gold

coin gave you a nice, safe feeling, but now they can slap you in jail for doing so.

But to get ahead with my antiquities there is the word "antiquated." It means something sorta out of vogue like maybe a hoop-skirt, while "old-fashioned" is used for something that is old but most likely nice, like where in a family style dinner the soup tureen was on the table and not hid in the kitchen.

I started by research to find out why your sweet and charming

ing better-half will dig up any amount for a 100-year old bedstead while she won't pay 2 bits for a 10-year old hat. All you can get for the latter is a snicker, but for the bedstead with real wormholes made by a bona fide worm you get 200 bucks.

But for my sign-off, it will be a great day when antique gold returns, and it is not illegal to clink and jingle same.

Yours with the low down,
JOE SERRA.

PERTINENT GARDEN NOTES

Now is the time to plant late carrots and beets which will mature about September 15. Chantenay and Nantes carrots and Detroit dark red beets are good varieties.

Beets can be planted rather thick in rows and thinned out for greens. They are rich in vitamins A and G, phosphorus and iron.

Carrots should be grown in abundance so as to have some to store for winter use. They are rich in vitamin A and other nutrients when eaten raw.

We had some spinach cut into a salad Sunday and liked it better than when cooked.

Insects are quite active these days, especially flea beetles. They should be dusted with rotenone dust. A homemade duster can be used, made from a muslin bag or double thickness of cheese cloth. Just shake the sack over the plants.

NEW! "BACTERIOSTATIC" FEMINE HYGIENE

now finding great favor among women...

Many doctors urge the regular use of douches for women who want to be refreshingly clean—for women troubled by offending odor, itching or discharge.

Some products may be harmful germicides which burn, harden and damage sensitive tissues. But NOT Lydia E. Pinkham's Sanative Wash! Instead—Pinkham's Sanative Wash is an effective "bacteriostatic" (a new modern trend).

It not only discourages growth of the more vulnerable bacteria but cleanses, deodorizes, relieves minor irritations and discharge. Despite the great strength—Pinkham's Sanative Wash has a beneficial effect on delicate membranes. Inexpensive!

IT'S FUN TO DRAW

The battle for the World is on!

NOW THAT the chips are down... now that our men are writing decisive history with their blood...

There can be no halfway measures for us.

The greatest battle in the history of the world must be matched by the greatest war loan in the history of the world.

That's what Uncle Sam says... the same Uncle Sam for whom your brothers and sweet-

hearts and husbands are fighting and dying this very minute.

They, in the front lines, are throwing in everything they have.

We, behind the lines, must do the same.

Remember, this is the battle for the WORLD. Our world. And we've got to win it. That's why Uncle Sam expects every dollar, like every soldier, to do its duty.
